Blink Floodlight is a wire-free, HD smart security LED floodlight camera with a battery life of up to two years. With the app's 1080p HD live view and two-way audio, you can see, hear, and chat to guests in real time. Get 700 lumens of motion-activated, high-quality LED lights to light up the night. With an optional Blink Subscription Plan, you may save video clips and photographs in the cloud, or locally with the accompanying Blink Sync Module 2 and USB flash drive. From the free Blink Home Monitor app on your smartphone, you can customize motion detection zones, enable alerts, and select lights to trigger. Connect Outdoor to WIFI and your Blink camera will be connected. With the provided kit, you may mount it wherever you wish. With certain Alexa devices, you can use your voice to monitor your home with live video, motion alerts, and light activation.

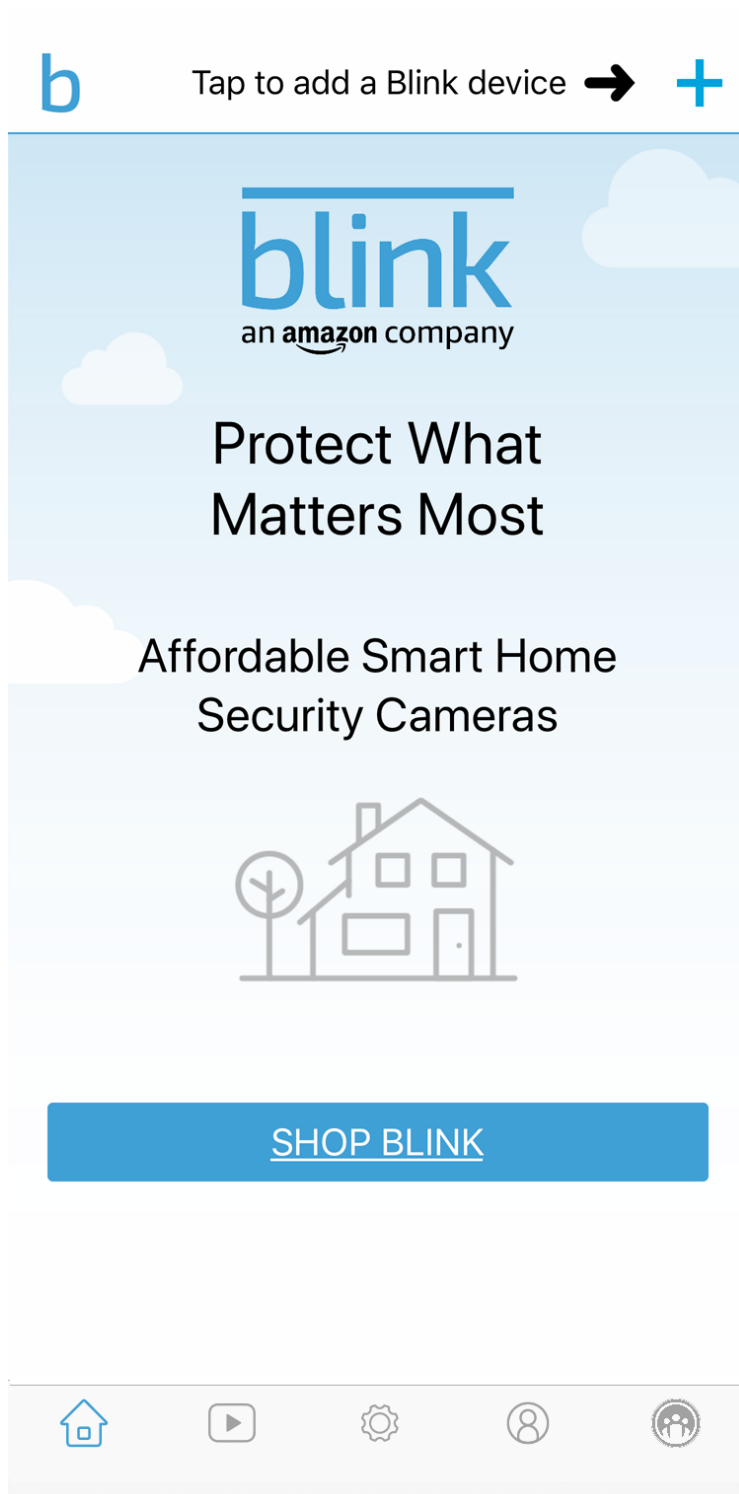

What's in the box

- One Blink Outdoor camera
- One floodlight mount
- One Sync Module 2
- One mounting bracket
- Two 1.5V AA lithium metal batteries
- Four D-Cell batteries

- One mounting kit
- One USB cable
- One power adapter
- One right angle adapter

Wireless Camera

Where is the serial number? Tap to enlarge.

- Now the camera is added and connected to your phone.

How to mount the camera

- You can fix the camera to the wall.
- You can change the position of the lights and the camera by adjusting it.

Frequently Asked Questions

- **What is the most recent Blink camera version?**

The Blink XT2 Outdoor/Indoor Smart Security Camera is the Blink XT's successor. The XT2 adds to the XT's impressive feature set by providing longer battery life, two-way audio, more granular motion activity zone masking, and more.

- **What is the Blink camera generation?**

Consumer Reports' Home Security Cameras test program includes the Blink Outdoor Security (3rd Gen).

- **Is it possible to use Blink without a subscription?**

Is it necessary to have a Blink Subscription Plan in order to utilize my Blink products? No. Your Blink devices come with all of the usual features (including motion alerts, live view, and two-way audio) for free. For individuals who desire more functionality, Blink Subscription Plans are available.

- **Is Blink capable of replacing cameras that have been stolen?**

Blink offers a free replacement service for your stolen Blink device. Blink maintains the right to refuse service at any moment, for any reason, including suspected fraud. You must contact Blink within 15 days of the theft date, not the date of the police report.

- **What is the difference between the blink and blink XT versions of Blink?**

What makes the XT and the XT2 so different? The Blink XT2 includes two-way audio and can record while in live view mode. When capturing video, the XT2 camera also has adjustable motion detection and doubles the battery life of the XT on a single set of batteries.

- **Is it possible to use the Blink Outdoor camera indoors?**

The Blink Outdoor camera may be used within; however, the Indoor camera cannot be used outdoors due to its lack of weather resistance. In terms of specifications, it's identical to the Blink Outdoor, which is equivalent to the previous Blink XT2 cam.

- **Is there night vision on Blink Outdoor cameras?**

Night vision is available on Blink Outdoor Cameras. The gadget detects movements in the dark using infrared night vision and allows you to see footage during Live View.
