Care & Instruction Manual

For household and indoor use only.

Please read and retain these instructions for future reference.

Safety Warning

- Read these instructions carefully and familiarize yourself with the procedure before assembling the unit.
- Take all the components and fittings out of the plastic bag and separate them into their groups.
- Ensure you have enough space to lay out all the parts before assembly.
- Always be sure to use the correct type and wattage of bulbs as indicated on the fitting. Never exceed the wattage stated.
- To avoid scratching it is recommended that you assemble the unit on a soft level surface.
- When changing the bulb, always switch off at the mains and allow the old bulb to cool down before handling. Dispose of used bulbs carefully.
- This luminaire is Class II insulated.
- The luminaire is designed for INDOOR USE ONLY

Assembling

1. Remove all protective materials from the package and place all parts on a smooth surface. Arrange them in a line.
2. Insert tube ① into tube ② and screw them tightly, repeat the same step for tube ③ into tube ④, tube ⑤ into tube ⑥, tube ⑦ into tube ⑧.
3. Insert tube ⑨ into tube ⑩ and screw them tightly.
4. Insert tubes ⑪, ⑫, ⑬ into each hole on top of the base ⑭. Put washers ⑮, ⑯, ⑰ onto the teeth of each bottom tube, add nuts ⑱, ⑲, ⑳ onto each washer, and screw them tightly.
5. Arrange the wires under the plastic cover and put them into the wire slot as shown in picture ㉑.
6. Cover the plastic cover ㉒ on the bottom of the base and fix it tightly with 6 screws ㉓ as shown in picture ㉔.

IMPORTANT SAFETY WARNING:

To avoid the risk of electric shock, follow these instructions carefully:

- Lay the cables properly in the compartments.
 - Check and ensure that the screw holes are clear of any cables.
 - Fit the base plate flush before adding the screws.
 - Failure to follow these instructions may result in serious injury.
7. Repeat steps above for the other tubes.
 8. Install the recommended bulb ㉕, ㉖, ㉗ into each lamp holder.
 9. Once the installation is complete, insert the plug into the socket.
 10. If the product fails to light up, unplug it before investigating the issue.

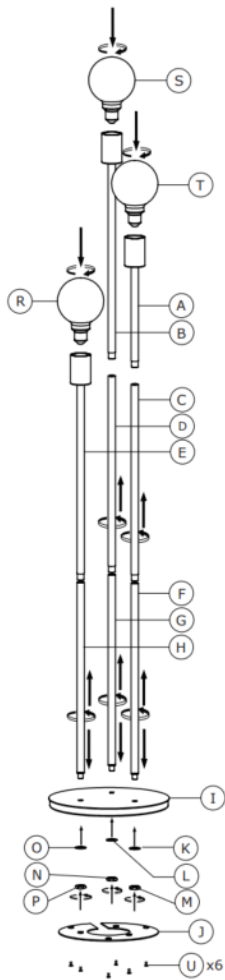

Bulb Replacement

1. Switch off the mains power supply.
2. Before replacing the bulb, allow it to cool down for at least 10 minutes.
3. Never touch the bulb with your fingers directly, cover it with a cloth.
4. Loosen the bulb and remove it from the lamp.
5. Replace a new bulb with same voltage and wattage (Max. 6W LED ES/E27 bulb).
 - This product contains 3 light source of energy efficiency class <E>
 - Replaceable light source (LED) by end user

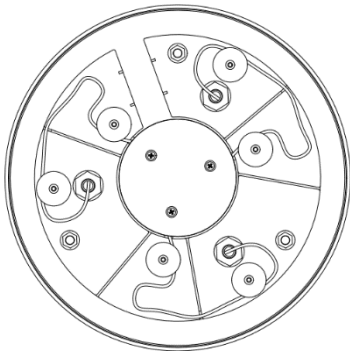

Maintenance

CAUTION! Always disconnect power supply when servicing or cleaning.

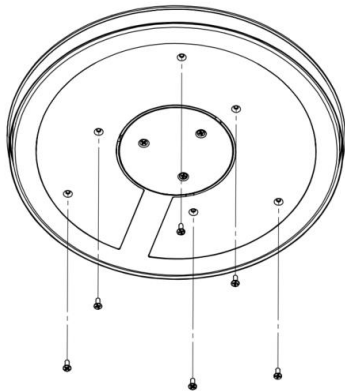

- This luminaire is designed for indoor use only.
- Use a clean dry soft or slightly damp cloth.
- Do not use abrasive cloths or polishes as this may cause damage to the product.

IMPORTANT SAFETY WARNING:
To avoid the risk of electric shock, follow these instructions carefully:
Lay the cables properly in the compartments. Check and ensure that the screw holes are clear of any cables. Fit the base plate flush before adding the screws.
