#### Item Name:

Razor PowerWing Lightshow

**Product Title:** Razor PowerWing Lightshow Caster Scooter – Multi-color LED Lights with 5 Animated Light Modes, Inclined Casters for Drifting and Spinning

#### Feature Bullets:

- **Wild Ride** — The PowerWing Lightshow with inclined rear caster wheels delivers radical drifting and spinning for non-stop fun without pushing— side-to-side movement is the only propulsion needed.
- **Multi-Color LED Light Show** — More than 30 integrated multi-color LED lights dance on the translucent deck and urethane caster wheels, and there are five animated light modes to choose from.
- **Cool Motion-Activated Lights** — Go for a ride and the LED lights automatically turn on. Stop and the lights turn off 20 seconds of inactivity to preserve battery life. Three AA batteries are included.
- **Easy Braking** — The hand-operated front fender brake and foam grips on the handlebars provide comfort and enhance control.
- **Quality Build** — Built for long-lasting performance, the PowerWing Lightshow has a durable steel main beam frame with high-tech polymer wings. Designed for kids ages 6 and up, this three-wheeled caster scooter can support riders up to 143 pounds (65 kg).

#### Product Copy (Short):

No other ride-on toy delivers the fun like the Razor PowerWing Lightshow! Dual inclined rear casters provide limitless spinning and drifting for an unforgettable ride. The multi-color LED light show with five modes is motion-activated and turns off after 20 seconds at rest. Built for hours of spinning and drifting, the durable steel frame with polymer deck is sure to go the distance.

#### Product Copy (Extended):

Get ready to spin and drift until the sun goes down with the unique three-wheeled Razor PowerWing Lightshow. Designed to make your kid's childhood more memorable, this innovative caster scooter delivers unlimited side-to-side forward movement and features over 30 multi-colored LED lights with five different light modes. The motion-activated light show shines through the translucent deck and urethane wheels to generate eye-popping colors powered by three AA batteries (included). The hand-

operated front fender brake and foam grips make stopping and control breeze. This innovative Razor ride is designed for ages 6 and up with a rider weight capacity of up to 143 pounds (65 kg).
