The UK LED transformer plug can be replaced by a professional.

The Integrated LED lamps cannot be replaced, when the LED lamps reach the end of their life the whole luminaire shall be replaced.

Installation

Installation

IMPORTANT ! - Electrical connections must be carried out by a suitably qualified person and in accordance with all relevant local building and installation regulations. If in doubt consult a qualified electrician.

Installation

1. Screw the lower poles onto the bottom of the switch section taking care not to twist or damage the cable from the pole pre-fitted on the product.
2. Place the base washer onto the pole screws.
3. Place the base cover onto the pole screws.
4. Place the base weight onto the pole screws and under the base cover.
5. Attach the washer and lock nuts onto the pole screws.
6. Using the spanner tool provided screw the hex nut to secure poles and base cover and base weight in place, pull the excess of the cable out of the base.
7. Screw the adjusting arm to the child lamp as illustrated.
8. Connect the plug to a normal household socket.
9. Using the 2 rotary on/off dimming switches from the fitting, switch on the lamps and test the product.
