Important safety information

Your Wi-Fi & Bluetooth speaker should be treated with care. The information below has been provided in the interest of safety and will help you to enjoy this product and the benefits it brings for many years.

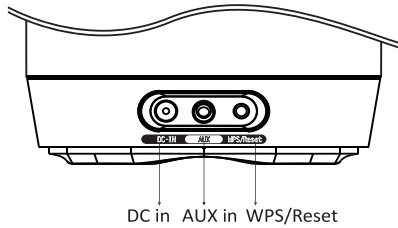

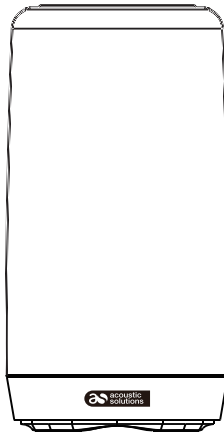

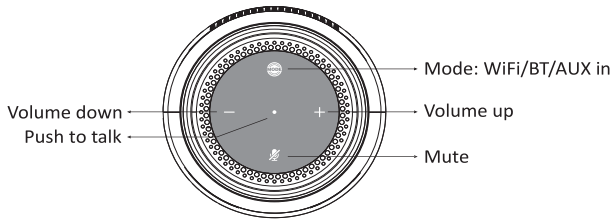

- Keep the product and all its parts out of reach of small children.
- This product is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning the use of the appliance by a person responsible for their safety.
- Keep it dry. Avoid exposure to precipitation, humidity and liquids which could all affect the product circuitry.
- Do NOT leave it in high temperatures as electronic devices and plastic parts may warp in heat.
- Do NOT leave it in low temperatures as moisture can form inside the product, which may damage the circuit board.
- Do NOT store in dusty or dirty areas.
- Do NOT block or cover slots, holes or openings on the product by placing on soft furnishings such as carpets, rugs or beds as these are provided for functionality and/or ventilation to ensure safe operation of the product
- Disconnect your WiFi & Bluetooth speaker from the mains power supply during thunderstorms.
- Always check that you have completely switched off your WiFi & Bluetooth speaker, before you change or disconnect the power supply.
- Only use the mains power plug that came with the product. Using an unauthorised cable and power supply will invalidate your guarantee and may irreversibly damage the product.
- Do NOT attempt to open the product. This product does not contain any user serviceable parts. Unauthorised handling of the device may damage it and will void your warranty.
- Do NOT use your WiFi & Bluetooth speaker near emergency/intensive care medical equipment; if you have a pacemaker fitted or during an electrical storm.
- Do NOT use harsh chemicals, cleaning solvents or detergents to clean the product. Wipe with a damp (not wet) soft cloth to clean.
- Dispose of old batteries carefully.
- Never throw batteries in a fire or attempt to open the outer casing.

WARNING:

To prevent possible hearing damage, do not listen to this radio at high volume levels for long periods of time.

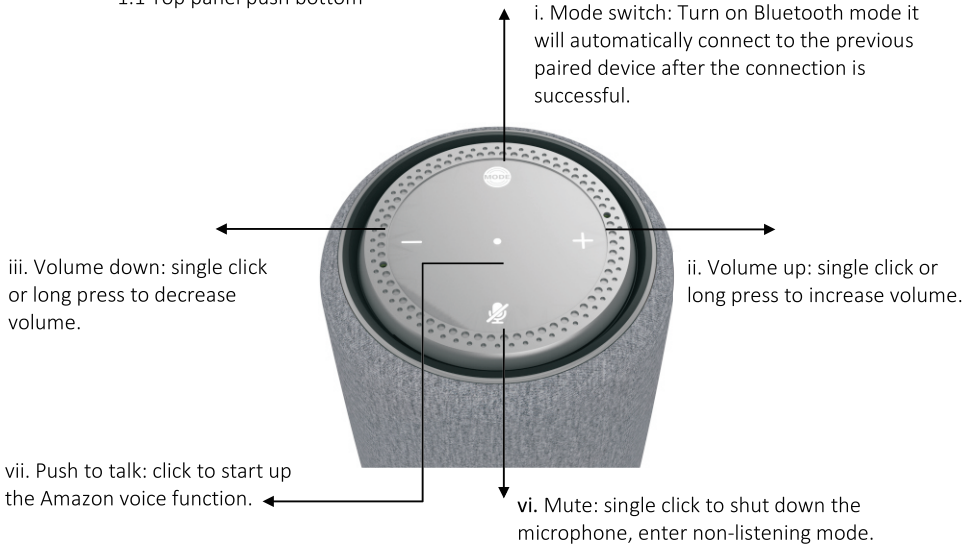

Function & Control:

Troubleshooting :

There's no power-

- Make sure the speaker is turn on correctly.
- Make sure the main socket is switched on.
- Make sure main adaptor is connected properly.

If the WiFi cannot be connected-

- Ensure the speaker is turn on and charged.
- Ensure the correct network is connected.
- Ensure device is connected to the WiFi.
- Test internet connection.
- If you are trying to use AS1 in office environment, WiFi protective firewalls may be in operation. Please try to connect with Bluetooth.
- Uninstall Muzo app and re-install again. Turn off the speaker and restart set up.
- Use factory reset to reset the AS1.

Cannot sign into Alexa-

- Press back and try again, make sure WiFi is connected.
- Ensure you have Amazon account

Audio doesn't work-

- Be sure the volume is not too low.
- Use factory reset to restart the AS1.
- Other electronic household item may interfere the signal, move the speaker to another location.

There is no sound being played-

- Adjust volume on your device and AS1.
- Ensure Bluetooth is in effective area.
- Make sure Bluetooth has been paired.
- Make sure you select the correct source.

No response from speaker-

- Switching the speaker on and off check if it reconnects automatically.
- Use Bluetooth on your device to reconnect the speaker.

Disposal

- When this crossed-out wheeled bin symbol is attached to a product, it means the product is covered by European Directive.
- All electrical and electronic products should be disposed of separately from household waste at an appropriate recycling point/centre.
- The correct disposal of your old appliance will help prevent potential negative consequences for the environment and human health.
- For more detailed information about disposal of your old appliance, please contact your local authority or the shop where you purchased the product
