# Safety and Care Advice

**Important – Please read these instructions fully before starting assembly**

Check you have all the components and tools listed on the front cover and pages 3 - 4.

Remove all fittings from the plastic bags and separate them into their groups.

Keep children and animals away from the work area, small parts could choke if swallowed.

Make sure you have enough space to layout the parts before starting.

Do not stand or put weight on the product, this could cause damage.

Assemble the item as close to its final position (in the same room) as possible.

Do not place furniture directly in front of radiators, fires or any other source of heat.

Parts of the assembly will be easier with 2 people

Assemble on a soft level surface to avoid damaging the unit or your floor

We do not recommend the use of power drill/drivers **for inserting screws**, as this could damage the unit. Only use hand screwdrivers.

Dispose of all packaging carefully and responsibly.

## General Care Instructions

From time to time check that there are no loose screws on this unit.

This product should not be discarded with household waste. Take to your local authority waste disposal centre.

## Care Instructions for Upholstered Items

Vacuum or brush your upholstery weekly as accumulated dirt will accelerate wear and dull colours.

Avoid exposing your furniture to direct and prolonged periods of sunlight and heat sources as fading may result.

Take extra care when handling sharp objects near the product that may damage the fabric.

### SPOTS AND SPILLS DO NOT RUB.

Carefully soak up any spillage by gently blotting with a clean, dry, absorbent cloth.  
Do not use a wet cloth.

### PROFESSIONAL CLEAN ONLY

Covers should be cleaned professionally by an upholstery cleaning specialist.

## Maximum weight limit

Colour variation may occur between the cleaned and uncleaned sections.

When cleaning, please ensure all components are cleaned at the same time to avoid colour variation.
