RACING WITH CHAMPIONS

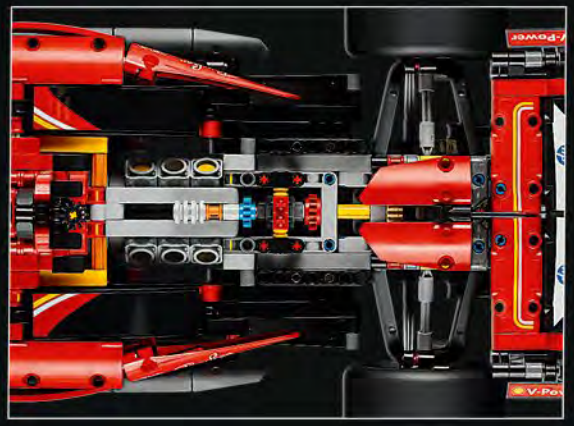

As the most accomplished team in Formula 1® history, Scuderia Ferrari continues its dominance in Grand Prix racing. Between 1950 and 2024, their teams earned 15 Drivers' Championships, 16 Constructors' Championships and hundreds of race victories and podium placements.

"Watching the SF-24 win in Australia was fantastic. Following a difficult 2023, we had to reorganise and set new targets. When Charles Leclerc won in Monaco, we were all indescribably happy, especially because of what it meant to him. Even in Maranello, we felt the emotion emanating from him and the whole team." - Diego Tondi, Head of Aerodynamics

DETAIL-DRIVEN DESIGN

Beneath the removable engine cover and authentic livery, your LEGO® Technic Ferrari SF-24 takes you through the push- and pull-rod suspension, working steering, an updated V6 engine block design and spinning MGU-H unit. A 2-speed gearbox, adjustable spoiler and the printed tyres complete the look and feel of Ferrari excellence.

FROM THE LEGO® DESIGN TEAM

In the LEGO® Technic team, we're constantly inspired by innovation in car design. The Scuderia Ferrari design team helped us translate all their car's characteristic details, functions and technology into our LEGO Technic design language. From the 1,600cc V6 engine to the many organic and complex shapes, we hope our fellow Ferrari *tifosi* around the world will enjoy the result.

Lars Thygesen
Senior Designer
LEGO® Technic
