·MODE 3: 46°C
·MODE 4: 51°C

CLEANING:
Ensure the device has cooled down to room temperature. Use a disinfectant wipe to wipe down the head of the device.

SAFETY INFORMATION :
Important!
Our products are low-risk, general wellness / fitness products that do not require medical clearance. They are designed as "General Wellness" home use products only.

Warning Burn Risk! During and after use, the tip of this device can get very hot. On first use, use with heat level 1, increase level only if comfortable. Use on the lowest setting that is comfortable. Device may cause redness on the skin. This is normal and will fade over time. Be careful of using on higher settings. Device heats up very quickly. If heat becomes uncomfortable STOP using. If you have a skin condition or any medical concerns, please consult a doctor before use. Ensure the device is off before setting down. Do not leave unattended.

SAFETY CONSIDERATIONS:
Use of this device in any way other than those described in this manual voids the warranty and could result in serious injury.
The STYLPRO™ HEATED INSECT BITE PEN is an electrical device. To avoid electric shock, adhere to the following safety considerations:
• Do not get your device wet or submerge your device in water.
• Do not wash electrical parts with water or liquids.
• **Do not use with wet hands or on wet skin, on mucous membranes, open wounds, rashes, over infected or abnormal skin conditions, on bleeding or secreting areas.**
• Do not pull, carry, or lift the device by its charging cord. If the charging cord is damaged, do not use the device.
• Do not use the device if it has been dropped, left outside, or has encountered water or liquids.
• Do not use on or near heated surfaces.
• Do not modify, or attempt to modify or repair, this equipment. There are no user serviceable parts.
• Do not use or store your device in hot temperatures that are or can exceed 54°C (130°F).
