BUILT TO HUNT

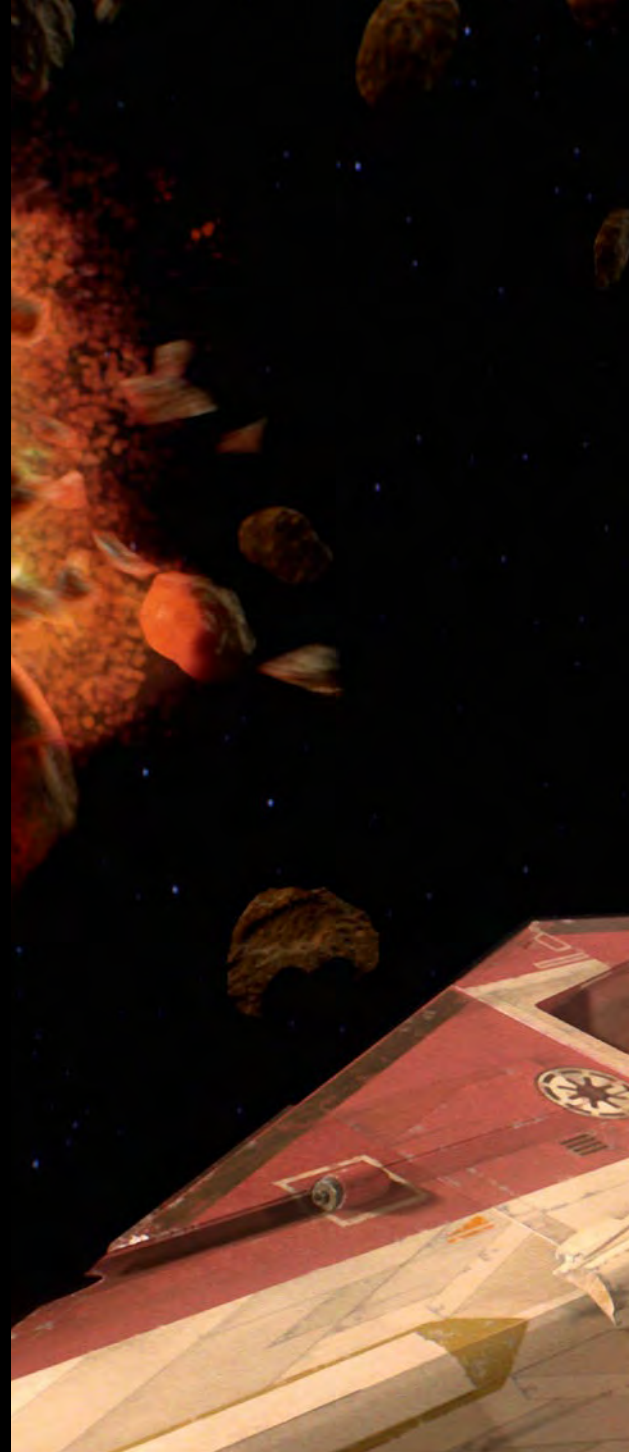

Jango Fett's starship embodies the notorious bounty hunter's prowess, agility and resourcefulness. After modifying the rare *Firespray-31*-class patrol craft to suit his line of work, it serves him on epic missions throughout the galaxy and the saga. In *Attack of the Clones* (2002), in the famous space chase through the Geonosis asteroid field, we see the unmatched versatility of this mobile base of operations. The ship's unusual design, with its vertical orientation during flight mode, really sets it apart from other starfighters and cruisers. Now it joins our extensive LEGO® *Star Wars*™ Ultimate Collector Series, combining an exhilarating building experience with a remarkable final creation.

Enjoy your flight!

ONE OF A KIND

As befits any decent bounty hunter in the galaxy, Jango Fett™ acquires his signature starship while on a chaotic mission. After losing his previous ship during a prison riot on the Oovo 4 asteroid, he steals one of the six *Firespray* patrol ships from the prison's hangar bay, blowing up the remaining five on his way out. Even after Jango is later offered a comfortable life as the well-paid prime clone for Count Dooku's clone army on Kamino, he keeps his starship and continues to pursue his bounty-hunting activities. The rest is *Star Wars™* history.

BUILT TO LAST

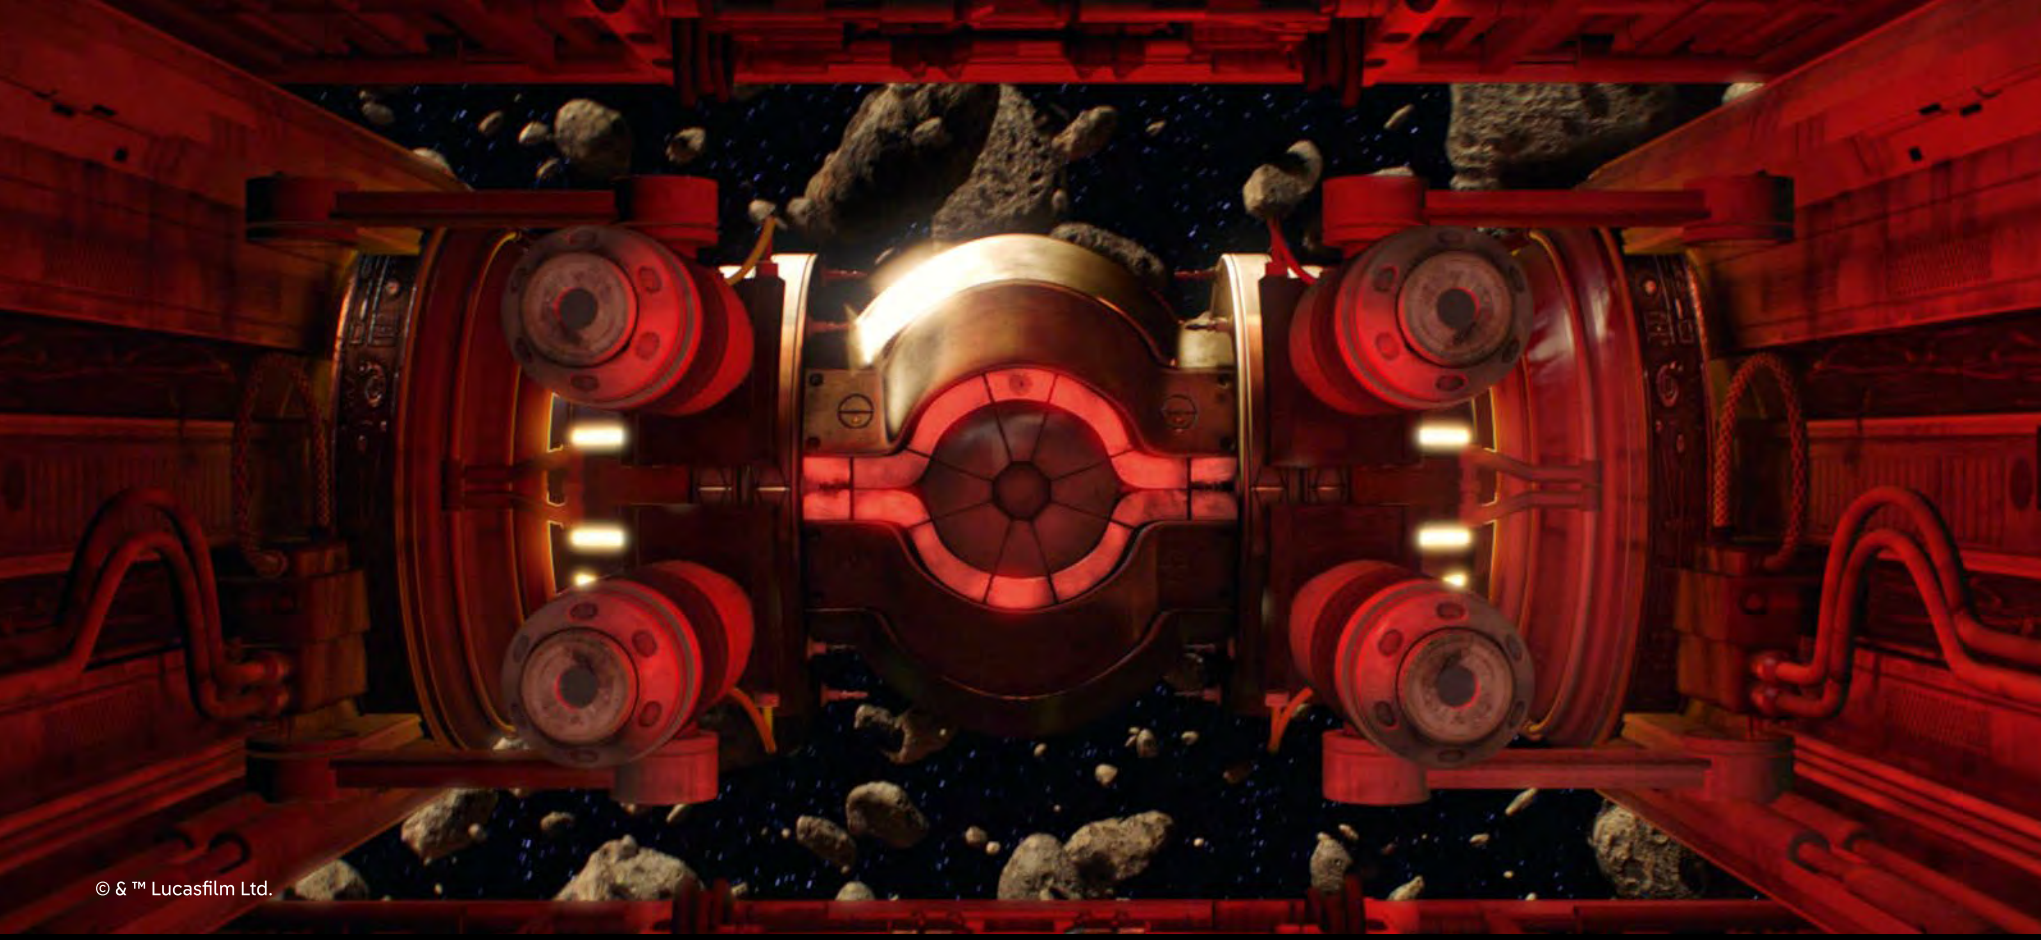

Originally manufactured by Kuat Systems Engineering, Jango's starship stands out with its vertical configuration, pivoting 90 degrees during flight. Its weathered blue-green-and-yellow colour scheme makes it deceptively non-threatening – at least at first glance. At 21.5 metres (70.6 ft.) long, it's not overwhelming in size (wingspan is 21.3 metres (69 ft. 11 in)), but it's a fast, reliable getaway when dodging the Jedi.

RUNNING IN THE FAMILY

Under Jango Fett's control, the starship's interior has been customised to transport prisoners, with limited focus on comfort. The exterior now features advanced stealth tech and powerful deflector shields. Its arsenal includes seismic charges and enhanced twin blaster cannons, but the naval minelayer and concealed torpedoes are perhaps the most ingenious adaptations. Together, they unleash a swarm of unpleasantness on unsuspecting pursuers. After Jango meets his untimely demise, Jango's unaltered clone son, Boba Fett™, inherits the starship to carry on his father's infamous legacy.

Before many of us first saw Jango Fett's iconic starship, we knew it under the ownership of Boba Fett™. Later, we followed its adventures throughout the expanding saga. For this model, we tapped into its origin story as a rare classic, in both the *Star Wars™* and LEGO® galaxies.

DETAILS ON DISPLAY

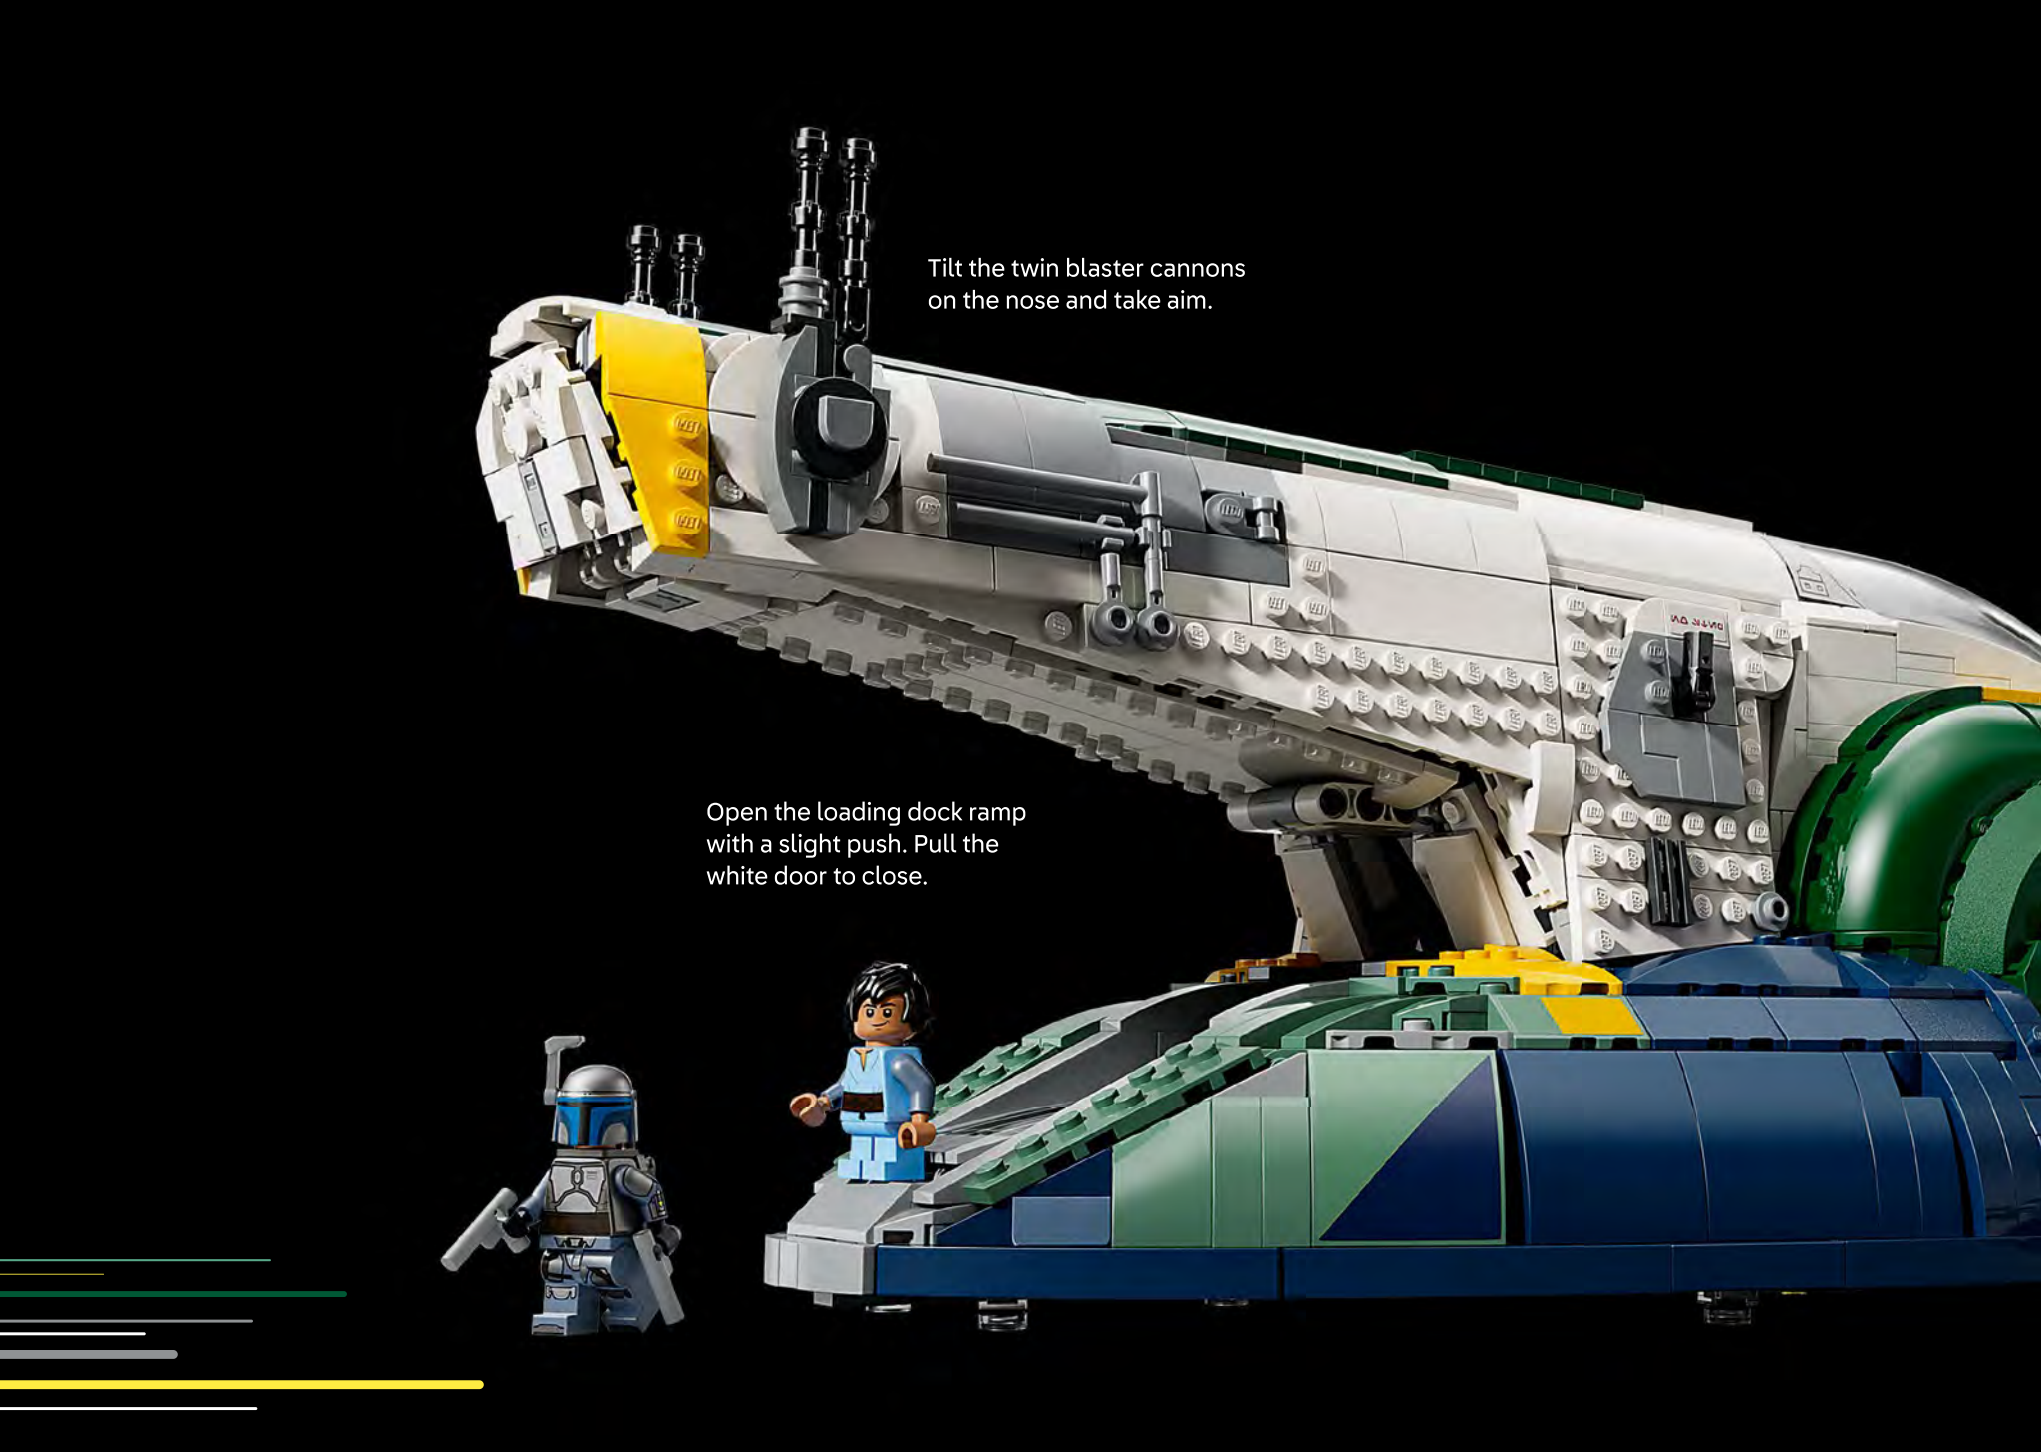

By using new techniques, like triangular builds, and incorporating new curved elements, we achieved exceptionally high shape-fidelity when compared to the film version. The iconic colour scheme and authentic hull details complete the exterior design. As part of our Ultimate Collector Series models, it's also full of characteristic functions and interior design details, as well as new LEGO® Jango Fett™ and Young Boba Fett™ minifigures. In *Attack of the Clones*, we see father and son co-pilot the starship during their escape from Obi-Wan Kenobi™. This model is designed so you can remove and reattach the cockpit canopy to place both minifigures inside and recreate this defining moment in the fates of the two Fetts.

"Hang on, son. We'll move into the asteroid field, and we'll have a couple of surprises for him."

– Jango Fett™

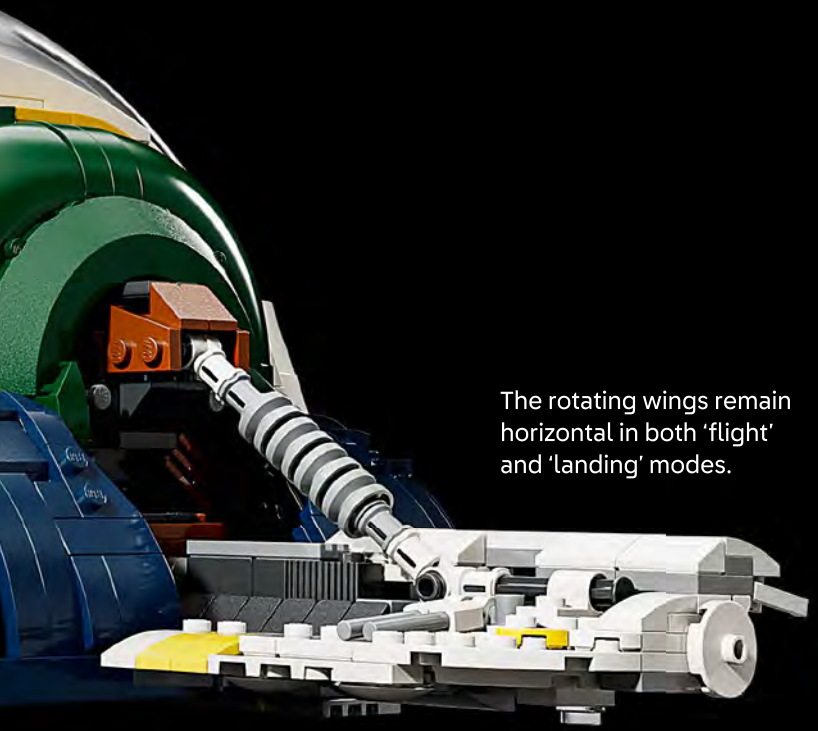

Tilt the twin blaster cannons on the nose and take aim.
Open the loading dock ramp with a slight push. Pull the white door to close.

GET ON BOARD

Over the *Star Wars™* ages, Jango Fett's starship has seen its share of battles, Rebel scum and other prominent figures. Take a quick tour before you take the helm.

The rotating wings remain horizontal in both 'flight' and 'landing' modes.

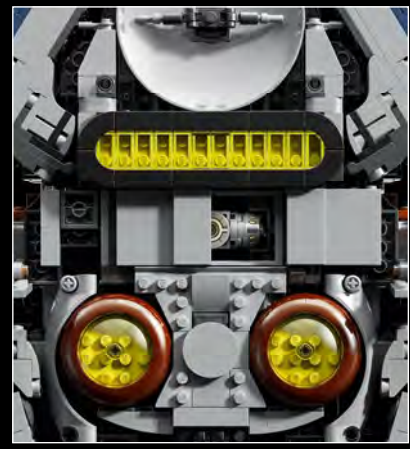

Remove the cockpit's upper deck to see the cockpit entrance and passenger seats.

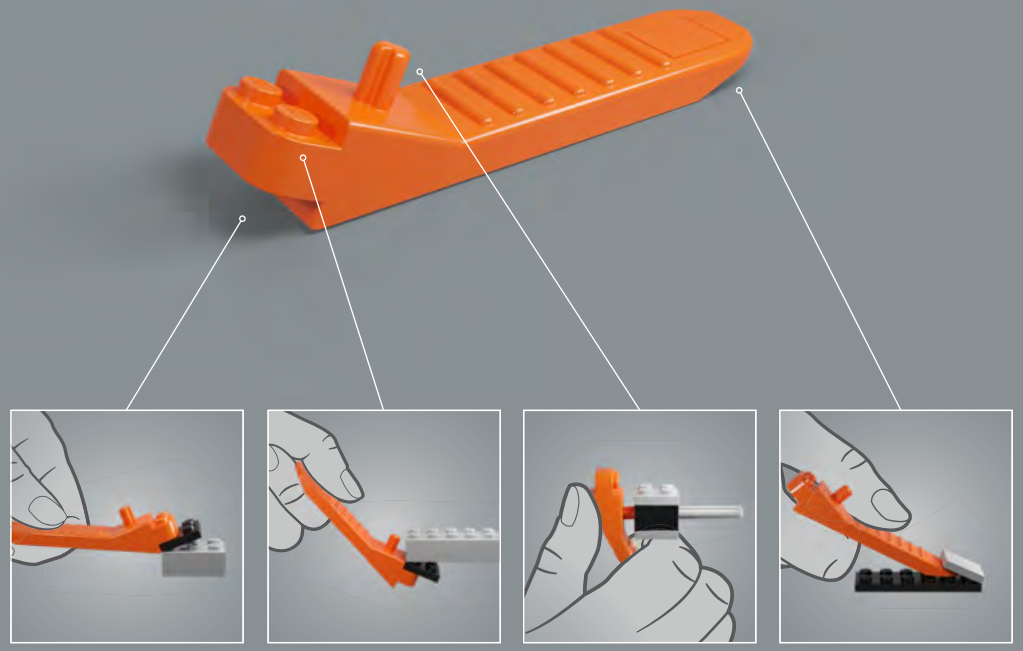

Hurt in battle? Heal fast with the bacta tank behind Jango's jetpack.

The Oovo 4 sign above the cockpit hints to the origins of Jango's starship.

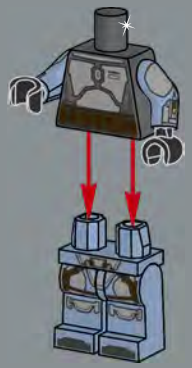

Move these doors to hide or 'release' the seismic charge.
