WE'RE MAKING OUR PACKAGING MORE SUSTAINABLE

We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

NOUS RENDONS NOS EMBALLAGES PLUS DURABLES

Nous passons des emballages en plastique à usage unique aux emballages à base de papier. Durant la transition, vous pourriez trouver un mélange de papier et de plastique dans nos boîtes.

QUEREMOS HACER MÁS SUSTENTABLES NUESTROS MATERIALES DE EMBALAJE

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puedes encontrar una mezcla de papel y de plástico en nuestras cajas.

Peace Lily
La fleur de lune
Lirio de la paz

A timeless potted classic, the peace lily is native to the rainforests of Central and South America. Its name is likely inspired by the flag-like bloom that resembles a white banner of peace. In many cultures, it carries symbolic meaning, representing prosperity and good fortune, purity and serenity. It helps absorb moisture and purify the air, not only adding a decorative feature to your indoor space but making it healthier. While the real-life peace lily may be tricky to care for, this version will bloom for years to come.

Un classique intemporel en pot, la fleur de lune est originaire des forêts tropicales d'Amérique centrale et du Sud. Son nom est probablement inspiré par la forme de la fleur, qui rappelle un croissant de lune. Dans de nombreuses cultures, elle a un sens symbolique, représentant la prospérité et la bonne fortune, la pureté et la sérénité. Elle aide à absorber l'humidité et à purifier l'air, en ajoutant non seulement une caractéristique décorative à votre espace intérieur, mais en le rendant plus sain. Bien que la vraie fleur de lune puisse être délicate à entretenir, cette version fleurira pendant des années.

Popular e intemporal como planta en maceta, el lirio de la paz es originario de las selvas tropicales de Centro y Sudamérica. Casi con seguridad, su nombre se deriva de la semejanza de su flor con una bandera blanca de la paz. En numerosas culturas tiene un significado especial como símbolo de prosperidad, buena fortuna, pureza y serenidad. Y como absorbe la humedad y purifica el aire, no solo embellece cualquier espacio interior: también lo hace más saludable. Aunque los lirios de la paz de verdad pueden ser algo complejos de cuidar, esta versión florecerá por años.

In LEGO® Botanicals sets, you can often spot elements that are used in new ways. This recolored LEGO carrot is the perfect shape of the spadix on the partially bloomed flower.

Dans les ensembles LEGO® Botanicals, vous pouvez souvent repérer des éléments qui sont utilisés de nouvelles façons. Cette carotte LEGO colorée a la forme parfaite du spadice d'une fleur partiellement éclose.

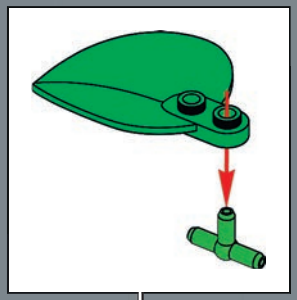

En los sets LEGO® Botanicals, es común identificar elementos que se utilizan de nuevas maneras. Con un nuevo color, esta zanahoria LEGO tiene la forma ideal para recrear el espádice de este capullo.

A LEGO® popcorn element makes a perfect top for the spadix on the fully bloomed flower.

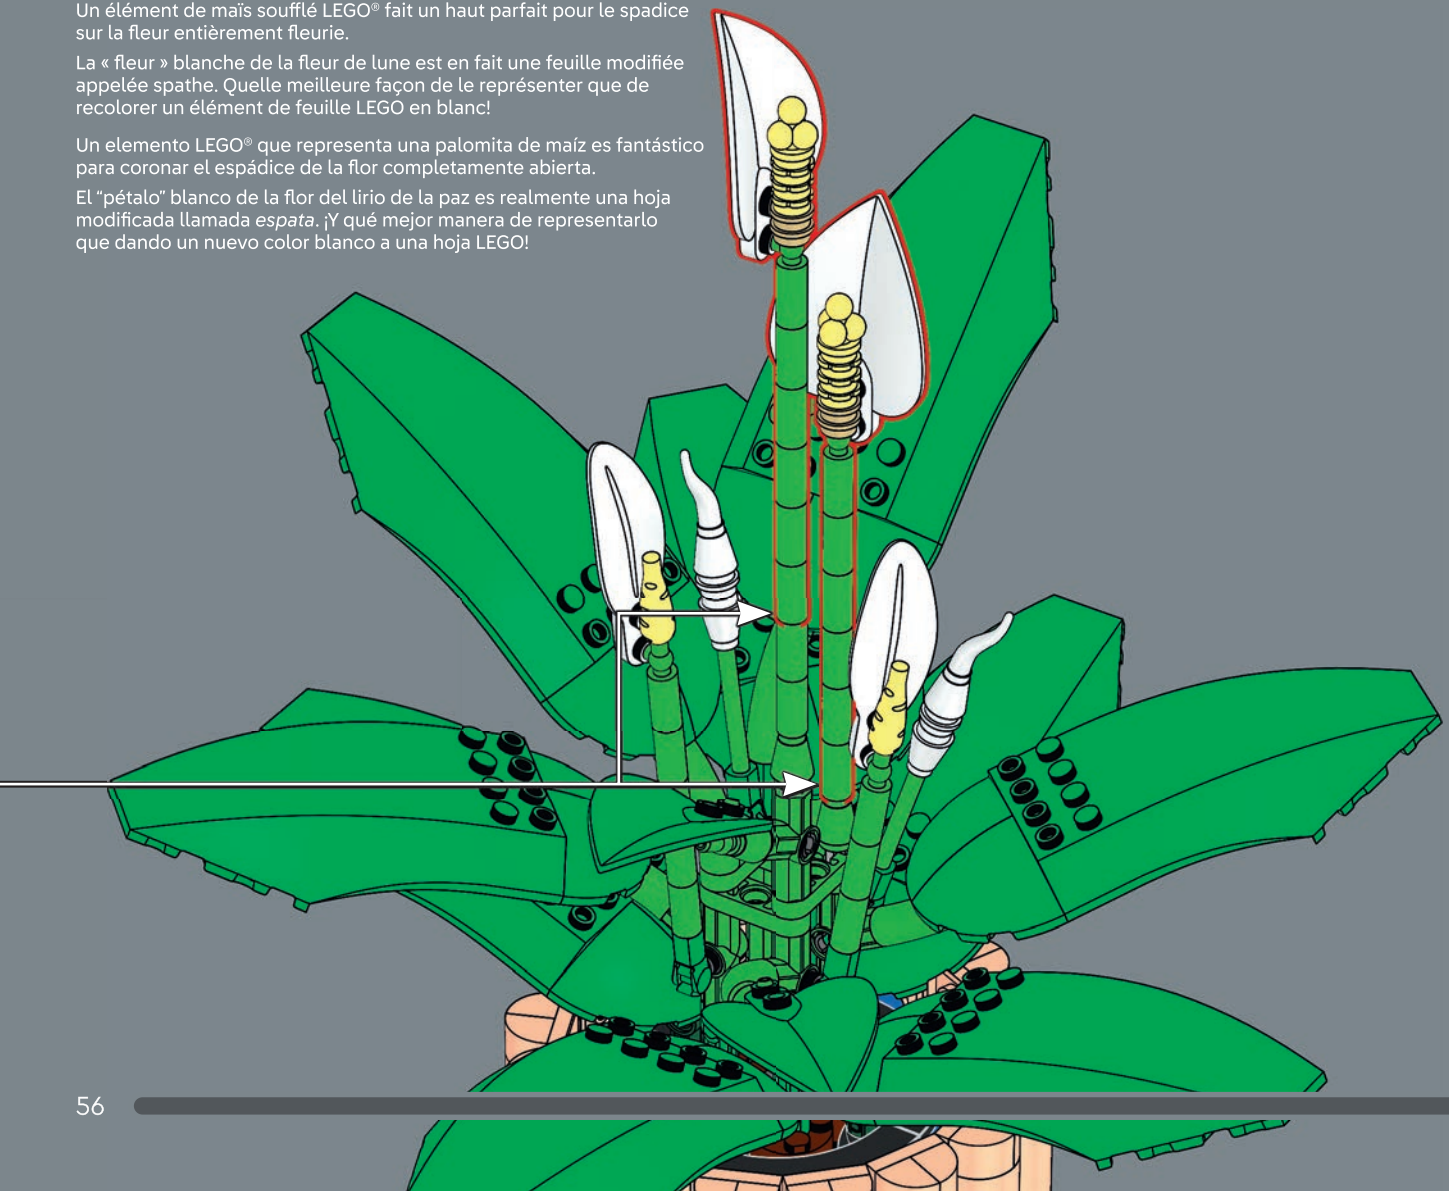

The white 'flower' of the Peace Lily is actually a modified leaf called a spathe. What better way to represent it than recoloring a LEGO leaf element to white!

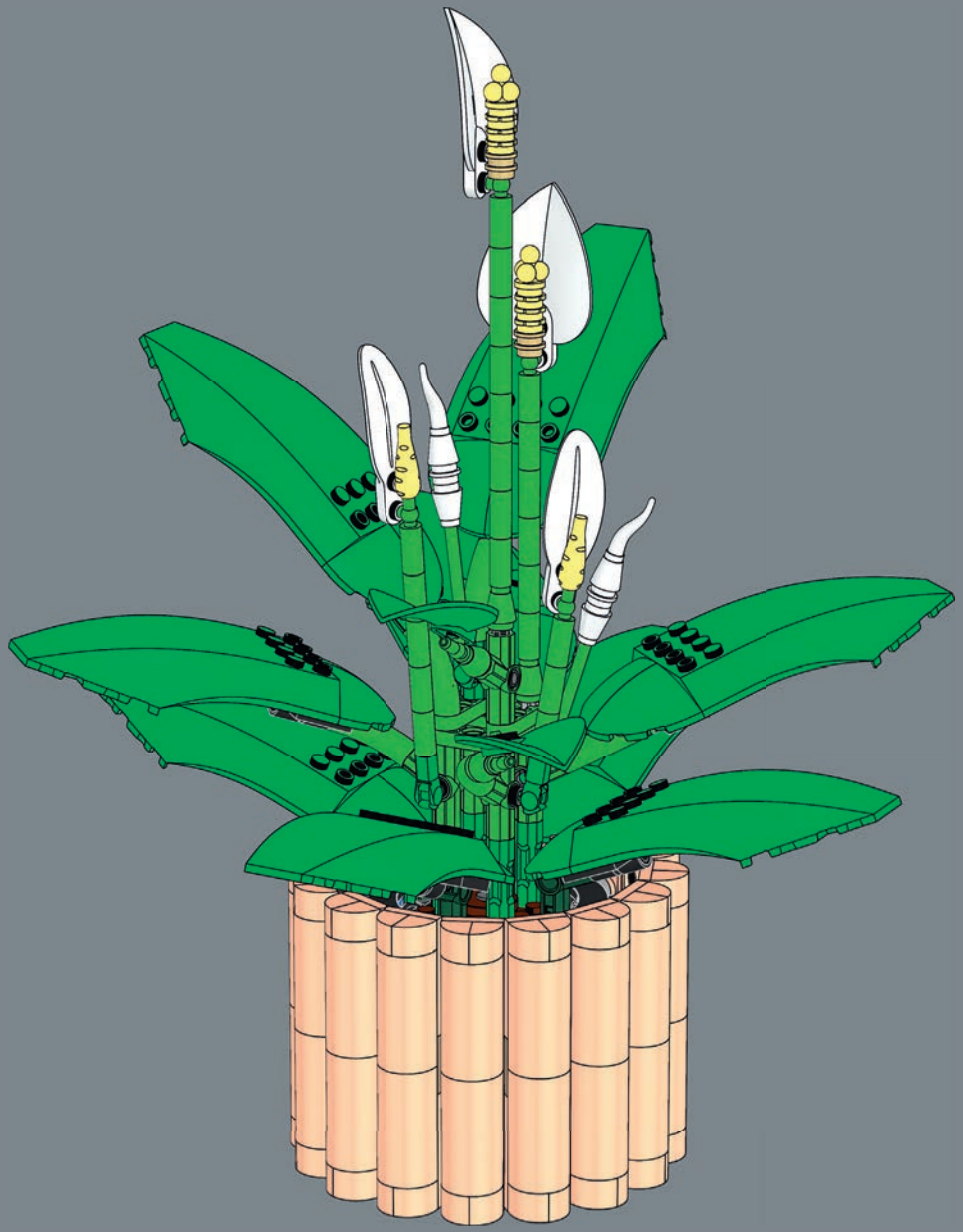

Un élément de maïs soufflé LEGO® fait un haut parfait pour le spadice sur la fleur entièrement fleurie.

La « fleur » blanche de la fleur de lune est en fait une feuille modifiée appelée spathe. Quelle meilleure façon de le représenter que de recolorer un élément de feuille LEGO en blanc!

Un elemento LEGO® que representa una palomita de maíz es fantástico para coronar el espádice de la flor completamente abierta.

El "pétalo" blanco de la flor del lirio de la paz es realmente una hoja modificada llamada *espata*. ¡Y qué mejor manera de representarlo que dando un nuevo color blanco a una hoja LEGO!
