WE'RE MAKING OUR PACKAGING MORE SUSTAINABLE

We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

NOUS RENDONS NOS EMBALLAGES PLUS DURABLES

Nous passons des emballages en plastique à usage unique aux emballages à base de papier. Durant la transition, vous pourriez trouver un mélange de papier et de plastique dans nos boîtes.

QUEREMOS HACER MÁS SUSTENTABLES NUESTROS MATERIALES DE EMBALAJE

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puedes encontrar una mezcla de papel y de plástico en nuestras cajas.

MONUMENTAL SYMBOLS OF THE

City of Love

For centuries, the French capital has attracted, inspired and nurtured some of history's most renowned artists and architects. Though famously known as the City of Love, this name carries meaning far beyond the ideals of romantic affection. Paris' most iconic landmarks stand as enduring symbols of a deep, collective desire to celebrate bold creative expression, history and timeless beauty. Perhaps the city holds a special place in your heart for its authentic historic charm or its seamless blend of innovation and tradition across art, music and fashion. If you have been there already, we hope this tribute model rekindles fond memories; if you have yet to visit, we hope you enjoy a glimpse of the extraordinary atmosphere this famous city offers.

LES SYMBOLES MONUMENTAUX DE

la ville de l'amour

Depuis des siècles, la capitale française attire, inspire et nourrit certains des artistes et architectes les plus renommés de l'histoire. Le nom de « ville de l'amour » revêt une signification qui va bien au-delà des idéaux de l'affection romantique. Les monuments les plus emblématiques de Paris sont les symboles durables d'un désir collectif profond de célébrer l'expression créative audacieuse, l'histoire et la beauté intemporelle. Peut-être la ville tient-elle une place particulière dans votre cœur pour son charme historique authentique ou pour son mélange harmonieux d'innovation et de tradition dans les domaines de l'art, de la musique et de la mode. Si vous avez déjà visité cette célèbre ville, nous espérons que ce modèle hommage ravivera de bons souvenirs. Si vous ne l'avez pas encore visitée, nous espérons que vous apprécierez un aperçu de son atmosphère extraordinaire.

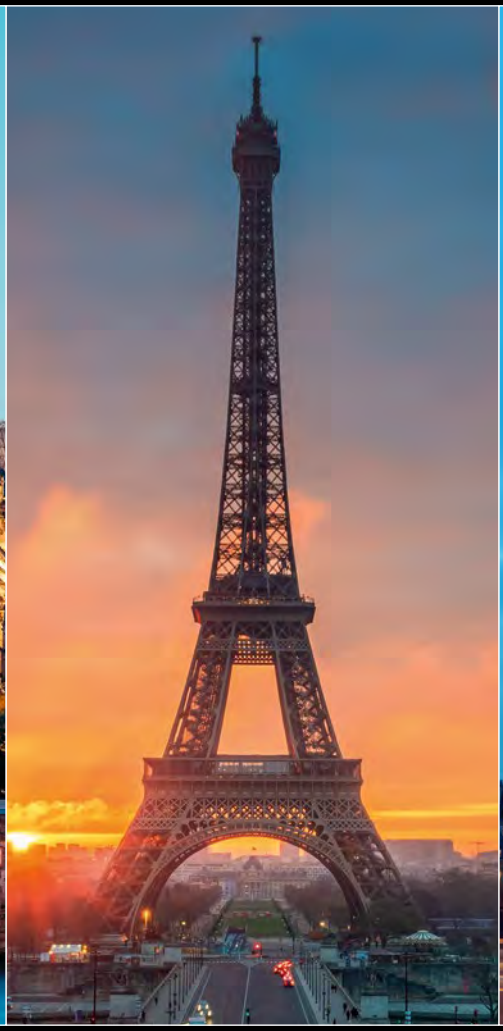

SÍMBOLOS MONUMENTALES DE LA

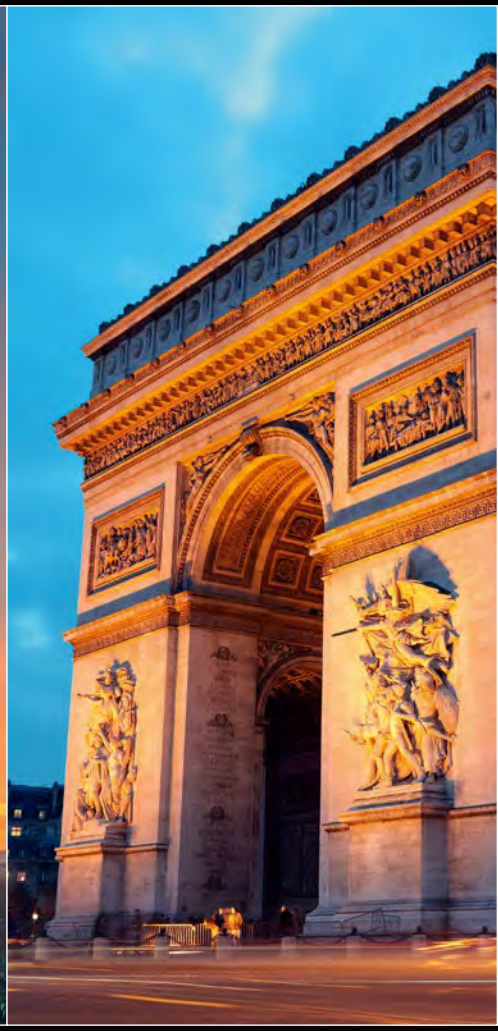

Ciudad del Amor

Durante siglos, la capital francesa ha atraído, inspirado y nutrido a algunos de los artistas y arquitectos más renombrados de todos los tiempos. Si bien es ampliamente conocida como la Ciudad del Amor, esta ciudad encierra significados que van mucho más allá de los ideales del amor romántico. Los monumentos más icónicos de París se erigen como símbolos perdurables de un profundo deseo colectivo de celebrar las expresiones creativas más audaces, la historia y la belleza intemporal. Tal vez la urbe ocupe un lugar especial en tu corazón por su auténtico encanto histórico o por su perfecta mezcla de innovación y tradición en rubros como el arte, la música y la moda. Si ya has estado allí, esperamos que este homenaje en formato de modelo reavive tus recuerdos más gratos; si aún no la has visitado, esperamos que disfrutes de una visión de la extraordinaria atmósfera que ofrece esta famosa metrópoli.

Notre Dame de Paris

Construction of Notre-Dame de Paris began in 1163, and the cathedral stands today as a Gothic icon and represents the resilience at the heart of French history. Rebuilt and reopened in 2024, it has survived revolutions, fire and the test of time. The famous cathedral is visited by 15 million people a year.

Reconstruida y reinaugurada en 2024, ha sobrevivido a revoluciones, incendios y, lo más importante, a la prueba del tiempo. La famosa catedral recibe la visita de 15 millones de personas al año.

The Eiffel tower

Built by Gustave Eiffel for the 1889 World's Fair, the 'Iron Lady' stands 984 ft. (300 m) tall and welcomes six million visitors a year. Originally designed to last 20 years, it took just over two years to build. Its distinctive silhouette has long since become a global icon of France.

La tour Eiffel

Construite par Gustave Eiffel pour l'Exposition universelle de 1889, la « Dame de fer » s'élève à 300 mètres de haut et accueille six millions de visiteurs par an. Conçue à l'origine pour durer 20 ans, elle n'a nécessité qu'un peu plus de deux ans de construction. Sa silhouette distinctive est depuis longtemps devenue une icône mondiale de la France.

Diseñada originalmente para durar dos décadas, su construcción tomó solo un par de años. Su inconfundible silueta se convirtió en un ícono mundial de Francia hace ya mucho tiempo.

The Arc de Triomphe

Commissioned by Napoleon in 1806 and finished in 1836, the Arc de Triomphe honors French armies past and present. Beneath it lies the Tomb of the Unknown Soldier, making it both a symbol of triumph and a solemn site of national remembrance.

L'Arc de Triomphe

Commandé par Napoléon en 1806 et achevé en 1836, l'Arc de Triomphe rend hommage aux armées françaises d'hier et d'aujourd'hui. Il abrite la Tombe du Soldat inconnu, ce qui en fait à la fois un symbole de triomphe et un site solennel de commémoration nationale.

El arco del Triunfo

Encargado por Napoleón en 1806 y terminado en 1836, el arco del Triunfo honra a los ejércitos franceses del pasado y el presente. Bajo él se encuentra la tumba del soldado desconocido, lo que lo convierte tanto en un símbolo de triunfo como en un lugar solemne de memoria patria.

The Louvre

Open to everyone since 1793, the Louvre is today one of the world's greatest museums. Born out of the French Revolution and heir to significant royal collections, this former palace of French kings has always reflected and adapted to both national and global history.

Le Louvre

Ouvert à tous depuis 1793, le Louvre est aujourd'hui l'un des plus grands musées du monde. Né de la Révolution française et héritier d'importantes collections royales, cet ancien palais des rois de France a toujours reflété l'histoire nationale et mondiale et s'y est adapté.

El Louvre

Abierto al público desde 1793, el Louvre es hoy uno de los museos más importantes del mundo. Nacido de la Revolución francesa y heredero de importantes colecciones reales, este antiguo palacio de los reyes franceses siempre ha reflejado la historia tanto nacional como mundial, adaptándose a ella.

FROM THE LEGO® ARCHITECTURE

Design Team

This model seeks to capture the emotion and aesthetic of Paris in a beautiful home decor display piece, as an artistic representation of some of the city's most famous landmarks. Combined with characteristic Parisian city buildings and skyline silhouettes, it creates a charming and immersive scene. If you are familiar with LEGO® Architecture models, this set offers a new twist on our Skyline series. Landmark structures are still captured with a high level of detail, yet here the focus is on creating an overall scene and atmosphere than on strictly adhering to real life. Given the small scale, we experimented with different elements to find the perfect LEGO pieces to represent different details. The further back you go in the model, the smaller the scale, reinforcing a sense of depth to the scene (trees framing the street, for instance). Different sections of the model are layered together to create the illusion of depth despite a shallow footprint. Because the model is made up of small sections for each featured structure, all of which are contained within the display frame, you can build sections individually and see everything come together like a jigsaw puzzle – or a 3D postcard.

A minimalist white frame contains the scene and is easily displayed on shelves or hanging on a wall.

Un cadre blanc minimaliste contient la scène et peut être facilement exposé sur des étagères ou accroché au mur.

El marco blanco minimalista que contiene la escena se exhibe fácilmente en un estante o colgado en la pared.

LEGO® ARCHITECTURE : UN MOT DE

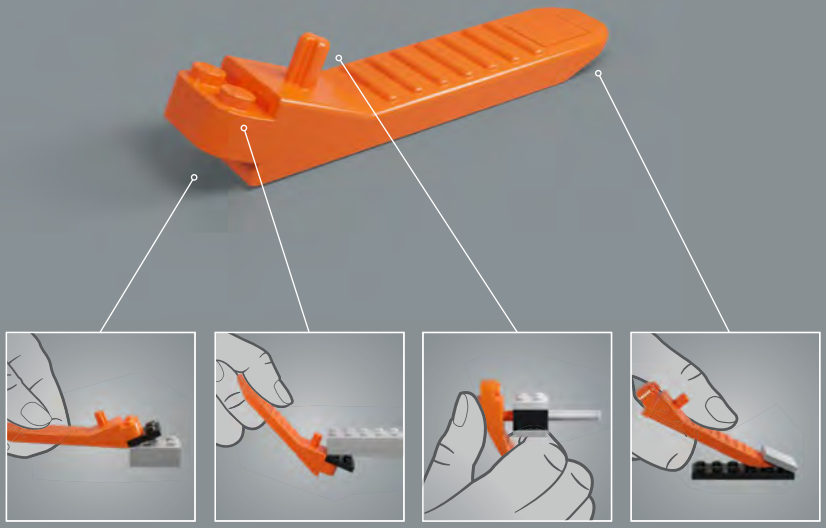

l'équipe de conception

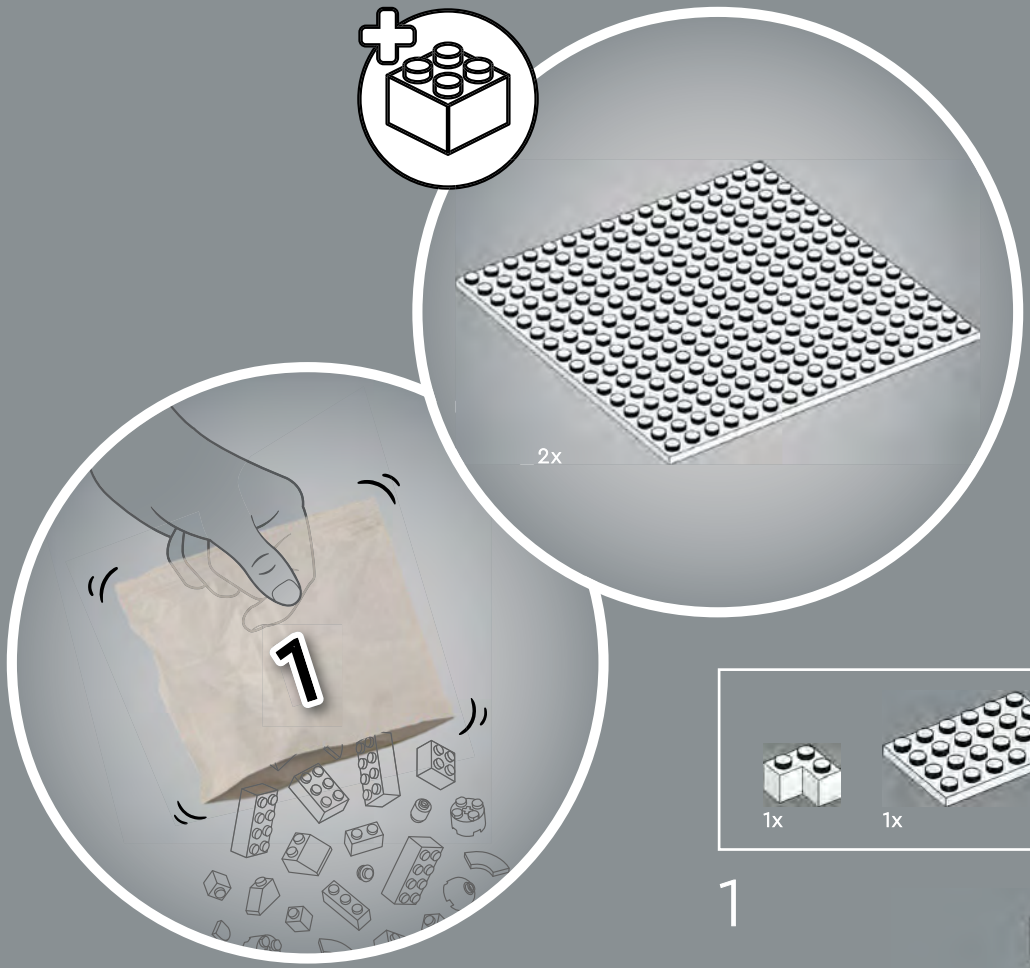

Ce modèle cherche à capturer l'émotion et l'esthétique de Paris dans une magnifique pièce de décoration intérieure, en tant que représentation artistique de certains des sites les plus célèbres de la ville. La combinaison avec les bâtiments parisiens caractéristiques et les silhouettes de la ligne d'horizon crée une scène charmante et immersive. Si vous connaissez déjà les modèles LEGO® Architecture, vous reconnaîtrez que cet ensemble offre une nouvelle tournure à notre série de paysages urbains. Les structures emblématiques sont toujours capturées avec un niveau de détail élevé, mais ici, l'accent est mis sur la création d'une scène et d'une atmosphère globales plutôt que sur la stricte exactitude par rapport à la réalité. Compte tenu de la petite échelle, nous avons expérimenté différents éléments afin de trouver les pièces LEGO parfaites pour représenter les différents détails. Plus on recule dans le modèle, plus l'échelle est petite, ce qui renforce le sentiment de profondeur de la scène (les arbres encadrant la rue, par exemple). Différentes sections du modèle sont superposées pour créer l'illusion de profondeur malgré une empreinte au sol peu profonde. Comme le modèle est constitué d'un cadre d'exposition et de nombreuses petites sections pour chaque structure présentée, vous pouvez construire des sections individuellement et voir le tout s'assembler comme un casse-tête – ou une carte postale en 3D.

LEGO® ARCHITECTURE: IMPRESIONES DEL

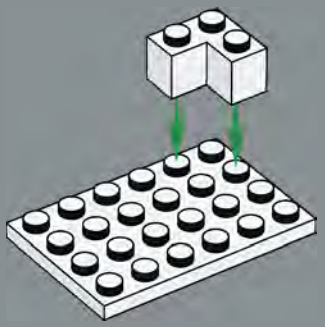

equipo de diseño

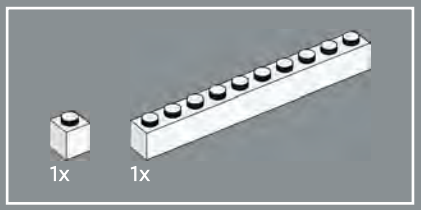

Este modelo busca capturar la emoción y la estética de París en una bella pieza para exhibir en el hogar que retrata artísticamente algunos de los monumentos más famosos de la ciudad. La combinación de edificios eminentemente parisinos y siluetas del horizonte de la ciudad crea una escena encantadoramente inmersiva. Si estás familiarizado con los modelos LEGO® Architecture, en este set encontrarás un nuevo giro a nuestra serie Skyline. Si bien las estructuras icónicas aún se plasman con gran detalle, en este caso se prioriza la creación de una escena y una atmósfera generales por encima del realismo. Las dimensiones más reducidas nos obligaron a experimentar con distintos elementos para encontrar las piezas LEGO perfectas para representar distintos detalles. Cuanto más retrocedes en el modelo, menor es la escala, lo que refuerza la sensación de profundidad de la escena (solo mira lo que pasa con los árboles). A pesar de que la creación final tiene una huella estrecha, la superposición de sus distintas partes logra crear la ilusión de profundidad. Como el modelo se compone de un marco de exhibición y múltiples secciones pequeñas para cada estructura destacada, puedes dar forma a estas individualmente y ver cómo todo se une como un rompecabezas o una postal en 3D.
