Important – Please read these instructions fully before starting assembly

If you need help or have damaged or missing parts, call the **Customer Helpline:**

0045 7668 8055 or e-mail: order@flexa.dk

Safety and Care Advice

Important – Please read these instructions fully before starting assembly

- **Be aware of the danger of young children (under 6) falling from the slide.**

- After assembly, instruct children how to use the bed safely.

- To avoid snagging, ensure that clothing is free of loose items such as laces, straps, etc.

- Be careful not to leave any obstructions around the slide. There should be a clear space of 1 metre at the end of the slide.

- Check you have all the components and tools listed on pages 2 and 3.

- Remove all fittings from the plastic bags and separate them into their groups.

- Keep children and animals away from the work area, small parts could choke if swallowed.

- Make sure you have enough space to layout the parts before starting.

- Do not stand or put weight on the product, this could cause damage.

- Assemble the item as close to its final position (in the same room) as possible.

- Assemble on a soft level surface to avoid damaging the unit or your floor.

- Parts of the assembly will be easier with 2 people.

- We do not recommend the use of power drill/drivers **for inserting screws**, as this could

damage the unit. Only use hand screwdrivers.

- Dispose of all packaging carefully and responsibly.

Care and maintenance

- Only clean using a damp cloth and mild detergent, do not use bleach or abrasive cleaners.

- From time to time check that there are no loose screws on this unit.

- This product should not be discarded with household waste. Take to your local authority waste disposal centre.
