# FURNITURE TIPPING RESTRAINT

Young children may be injured by tipping furniture and the use of a tipping restraint is highly recommended.

This hardware, when properly installed, could provide protection against the unexpected tipping of furniture due to improper use.

**WARNING: This product is only a deterrent. It is not a substitute for proper adult supervision.**

Installation instruction:

1. Please ensure the anti-tipping hardware provided is suitable for your wall or else it might damage your wall during installation.
2. Attach one of the mounting brackets securely to the back edge of the furniture. Use the shorter screw.
3. Determine where furniture is to be placed and mark location on the wall for the mounting bracket screw hole the bracket mounted to the edge of the furniture.
4. Drill a 3/16" hole in the wall. Press the plastic anchor into the hole and gently tap until the flange on the anchor is against the wall surface.
5. Position the bracket over the anchor and use the longer screw to securely attach the bracket to the wall.
6. Place the furniture so the bracket on the back edge is in line with the bracket on the wall.
7. Lace an end of the restraint strap down through each bracket. Bring both ends together and slide the beaded end of the strap through the keyhole shaped slot in the other end until snug. Pull down on the beaded end until it snap locks into the keyhole slot.
8. To double lock return the beaded end back through the keyhole as shown.
9. Check to make sure the strap is securely laced and locked to the brackets.
