Safety and Care Advice

Important – Please read these instructions fully before starting assembly

• Check you have all the components and tools listed on pages 2 and 3.

• Remove all fittings from the plastic bags and separate them into their groups.

• Keep children and animals away from the work area, small parts could choke if swallowed.

• Make sure you have enough space to layout the parts before starting.

• Assemble the item as close to its final position (in the same room) as possible.

• Assemble on a soft level surface to avoid damaging the unit or your floor.

• Dispose of all packaging carefully and responsibly.

• Keep these instructions for further use.

• We do not recommend the use of power drill/drivers ***for inserting screws,*** as this could damage the unit. Only use hand screwdrivers.

• To ensure an easier assembly, we strongly advise that all fittings are only finger tightened during initial assembly. Only upon completion of the assembly should all fixing points be fully tightened.

Cleaning Guidance

• Minor stains and spillages should be removed immediately from cushion fabric, by wiping over lightly with a damp cloth and mild soapy water.

• Light marking can also be removed using this method.

• To remove more stubborn stains or marking, a good quality proprietary domestic fabric cleaner can be used, although it should first be tested on and inconspicuous area of the fabric.

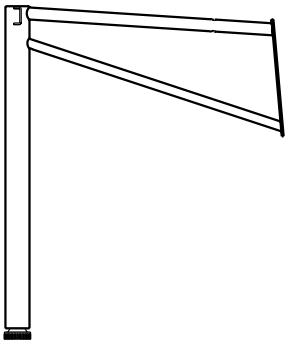

Care and maintenance

• From time to time check that there are no loose screws on this unit.

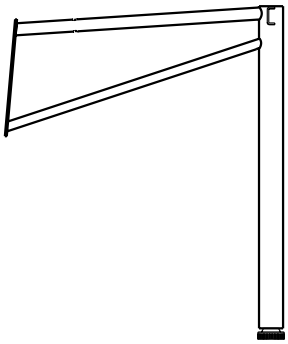

• This product should not be discarded with household waste. Take to your local authority waste disposal centre.

Assembly Instructions

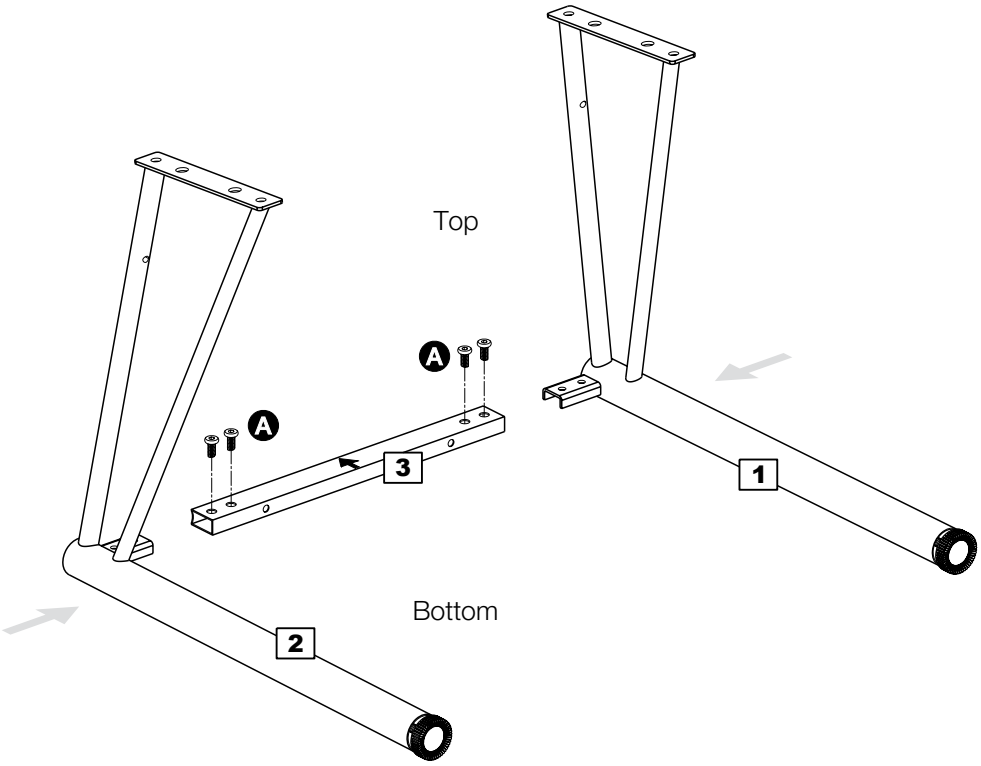

Step 1

Attaching legs

Assemble stretcher [3] in between left and right leg frames [1] and [2] using screws Ⓐ.

Note: Ensure the arrow label on stretcher [3] is facing 'up' as shown.

Note: Do not fully tighten screws Ⓐ.

Step 2

Attaching backrest

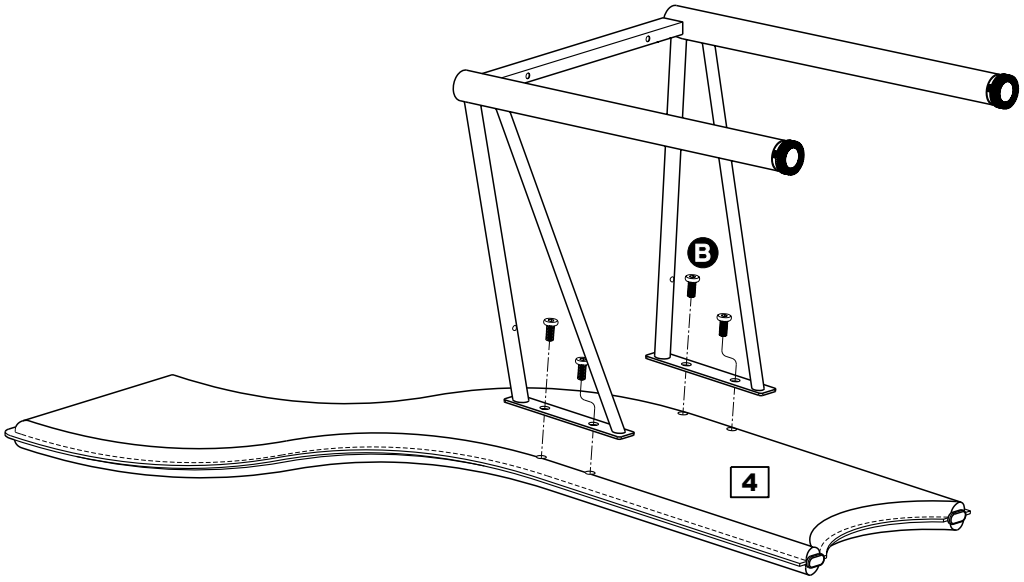

Place backrest [4] down onto a clean flat surface.

Note: fixing holes must be facing up.

Turn the leg assembly over and place it onto the backrest [4] as shown.

Secure to the backrest using screws Ⓑ.

Note: Do not fully tighten screws Ⓑ.

Assembly Instructions

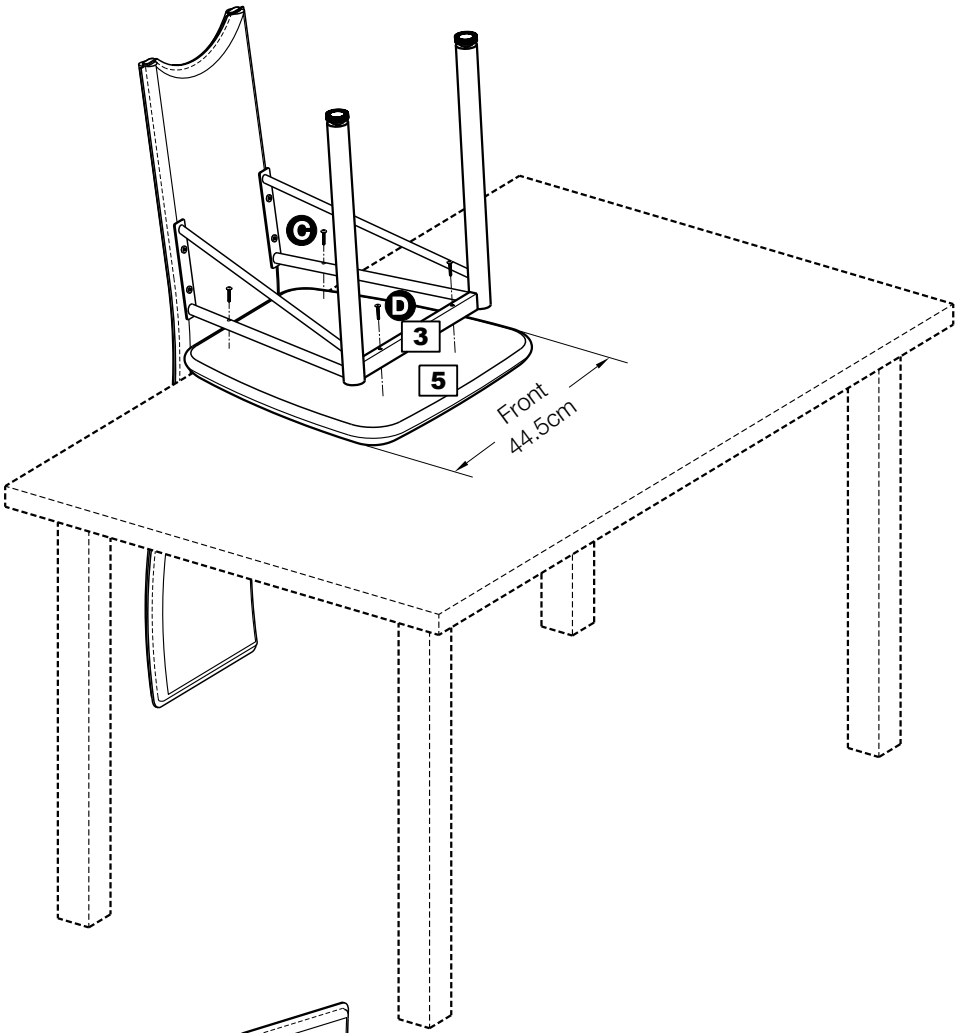

Step 3

Attaching seat pad

Place seat pad [5] upside down onto a clean flat surface (edge of table top).

Align chair frame on top of seat pad and secure using screws Ⓒ and Ⓓ.

Note: Longer wood screws Ⓓ go through stretcher [3] at the front.

Step 4

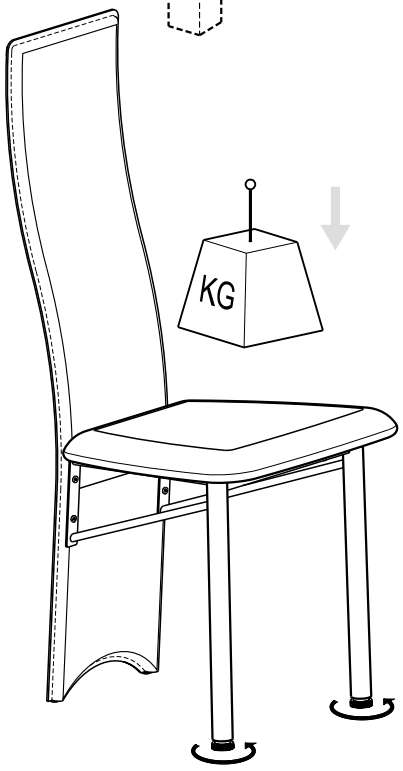

Turn the chair upright

Stand the chair upright.

Whilst applying a firm downward pressure to ensure the chair is stable, fully tighten all screws.

If necessary, stability can be further adjusted using the adjustable front feet.

Assembly is complete.
