Step 1-Insert Player Rods #21 through #26 (follow order shown) into side panel #12.

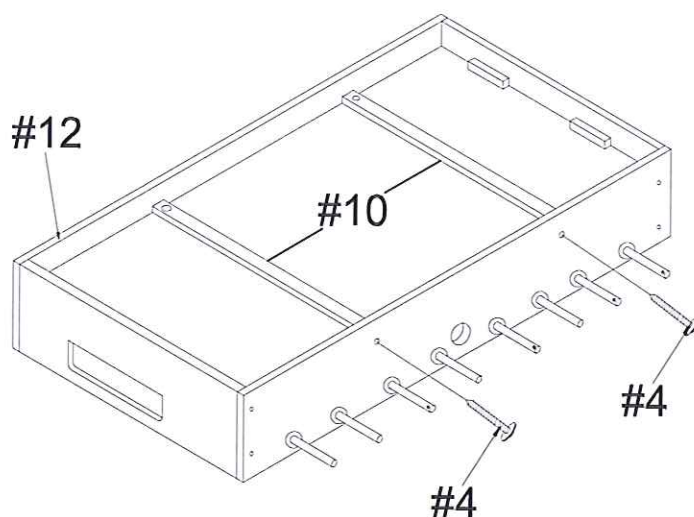

Step 2-Place opposite side panel #12 over the rods. Insert the playing field #13(upside down) into side panels.

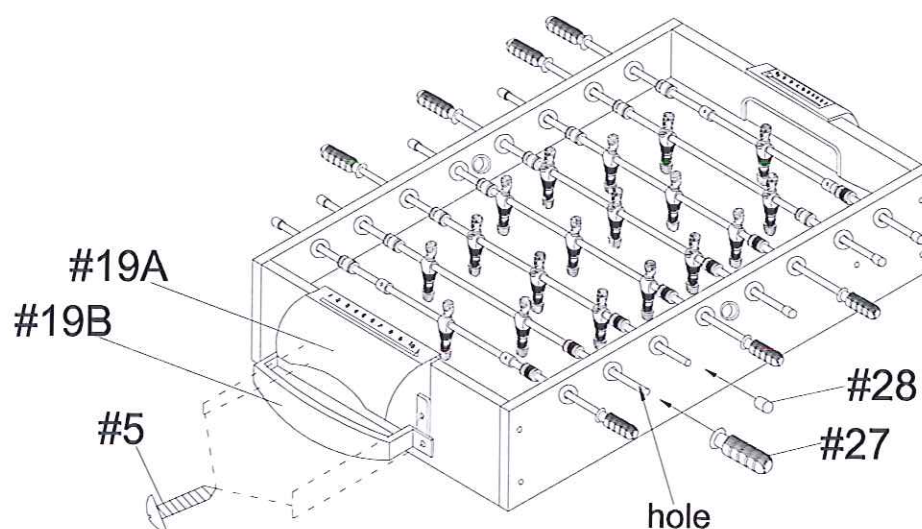

Step 3-Attach the two end panels #11 to the side panels #12 using screw #4 and screw driver as shown in figure 3. Remember the groove of end panel #11 must face inward toward the playfield.

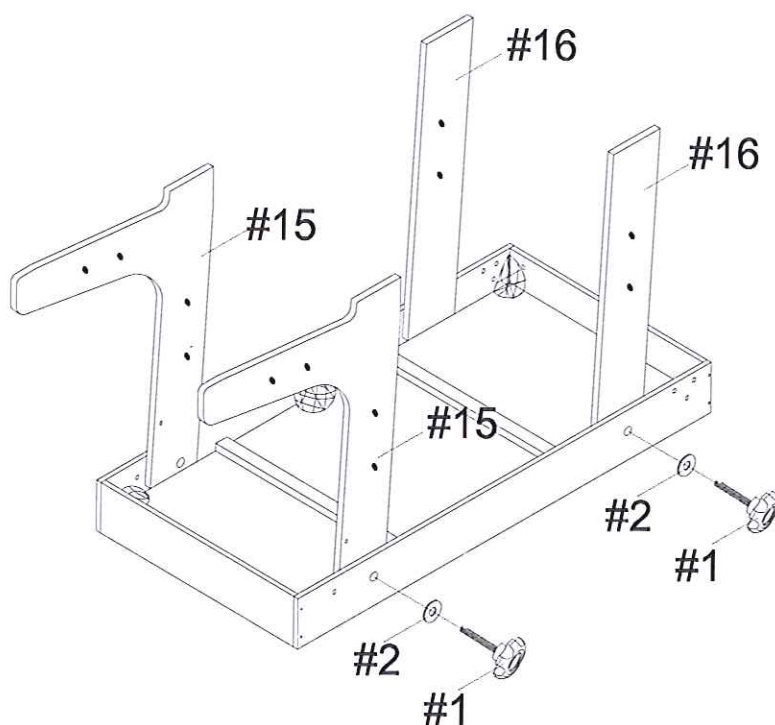

Step 4-Attach field support braces #10 to the side panels #12 using screw #4 and screw driver.

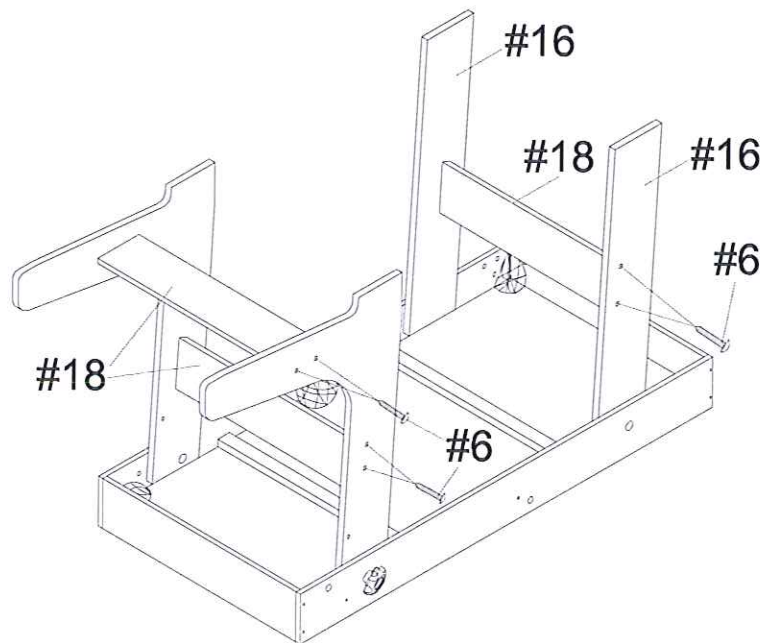

Step 5 - Carefully turn the table top right way up and attach Goal #19A/B to both end panels using screw #5. Slide the handles #27 onto the end of the rods. Slide the end caps #28 onto the opposite end of the rods.

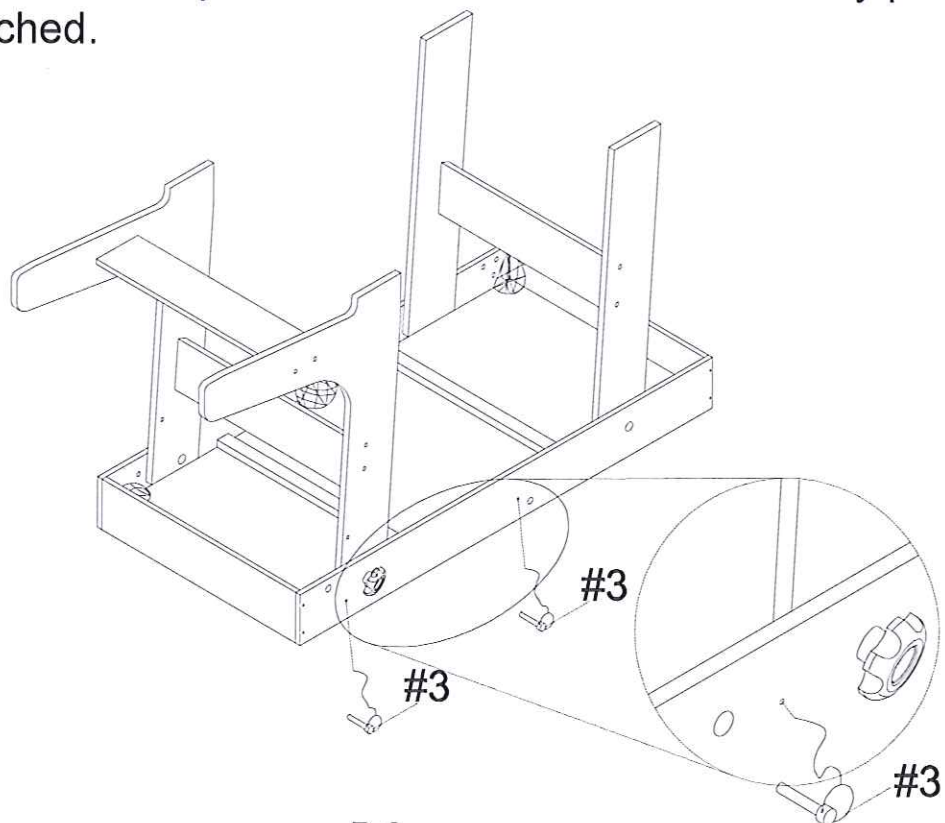

Step 6 - Turn the pre-assembled pool table #14 over and attach the leg #15 and #16 using table bolt #1 and washer #2

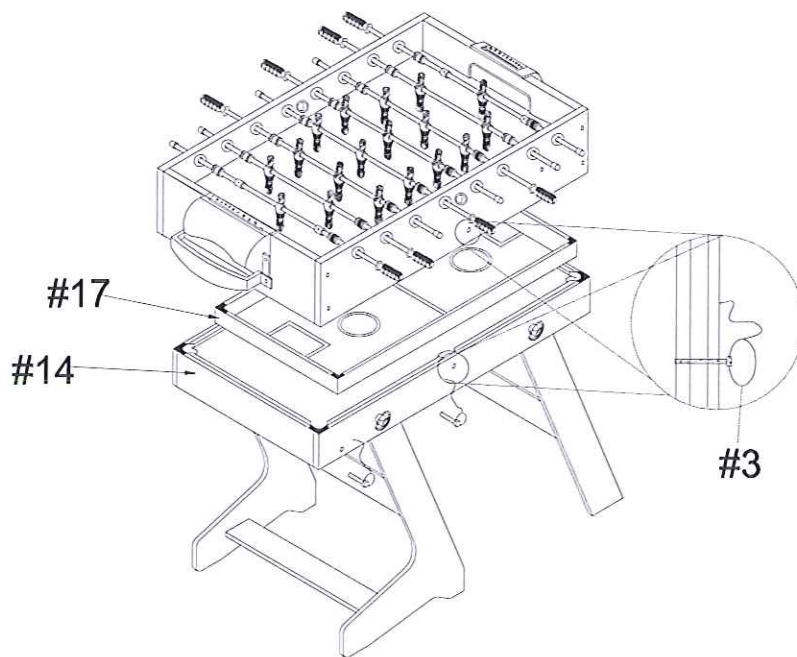

Step 7 - Attach #18 leg panel to legs using screw #6

Step 8 - Carefully screw the safety pins into the table body the yellow circles on the side of the pool table indicate where the safety pins should be attached.

Step 9 - Once the table is built, carefully turn the table upright (use two adults for this step)

Attach the table football unit to the main body by placing the safety pin (#3) into and through the hole in the football table unit as shown in the image.

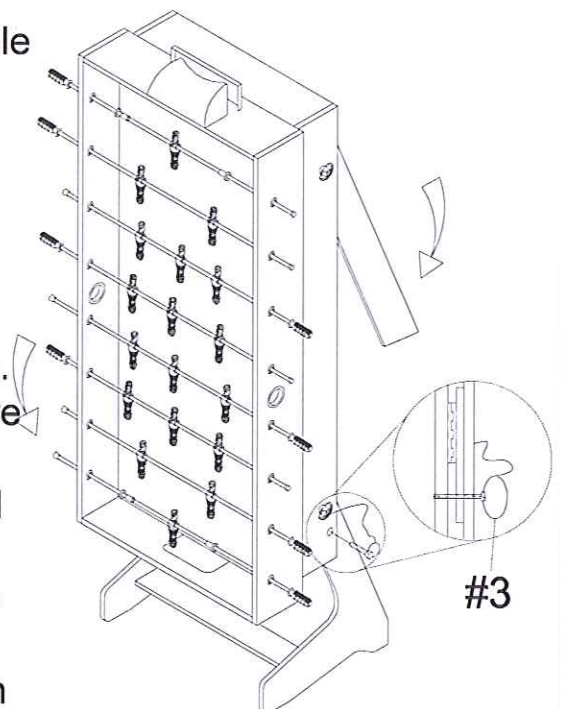

Step 10 -

When raising the table first ensure that the safety pin in the centre of the table are secured through the hole in the football table unit. the lightly unscrew the table bolts #1 on both sides of the table.

Using at least two adults carefully raise the table towards its standing position. Once done insert the safety pins #3 located on the edge of the unit into the hole between the angled legs and the main table frame.

Carefully tighten table bolts on the angled legs and loosen the table bolts on the straight legs so that the legs can be folded against the table.

Whenever the table is raised or lowered be sure to use a minimum of two adults to perform this operation. Please ensure that the space around the table is clear and free of obstructions and once the operation is completed please secure all bolts and screws again. Please take care at all times when the table is in the raised position
