

## Key Features

### NeoFrost

Two separate fans and evaporators help to maintain optimal humidity and freshness and ensures there are no transfer of odours between the fridge and freezer.

NEOFROST

TRADITIONAL COOLING

### Non Plumbed Water Dispenser

With the non-plumbed water dispenser, you have access to cool and refreshing water without the need to plumb anything in.

## Air Flow Cooling

Multiple air vents in the fridge and freezer maintain an even temperature on every shelf level and rapidly restores the temperature after the door has been opened.

## Chiller Compartment

Maintaining a low temperature at around 0°C; ideal for safely storing fresh and cooked meat and fish for longer.

## Side LED Lighting

Brighter, more durable and more energy efficient than a standard bulb, the LED lighting will make it easy to find your food and drink.

## Frost Free

There is no need to manually defrost the freezer.  
This great feature prevents ice building up and restricting valuable storage space.

## Double twist and serve ice cube trays

Twist and Serve Ice Cube Maker Fill with ice, leave to freeze, then a simple twist will give you ice

## Chrome wire wine rack

The chrome wire wine rack is a convenient and stylish way to store your bottles of wine or ideal for 2 litre soft drink bottles. Keeping everyone happy.

## Door Open Alarm

An alarm will sound if you accidentally leave the door ajar.

## Antibacterial Door Seal

The antibacterial door seal prevents bacteria from forming and entering the fridge.

## Holiday Mode

Will keep the fridge freezer running in the most energy efficient way, when you are away for a long period of time.

## Fast Freeze Setting

Fast freeze is super handy when you have just done your weekly shop and need to quickly freeze your fresh items, helping to preserve nutrients and taste.

## Quick Cool

This function provides a rapid cooling process while keeping nutritional food values and flavours intact.

## Concealed top door hinges

The top door hinges are covered with plastic fittings, hiding the metal and providing a nicer look to your kitchen.
