Safety and Care Advice

Important – Please read these instructions fully before starting assembly

• Check you have all the components and tools listed on the following pages.

• Remove all fittings from the plastic bags and separate them into their groups.

• Keep children and animals away from the work area, small parts could choke if swallowed.

• Make sure you have enough space to layout the parts before starting.

• Do not stand or put weight on the product, this could cause damage.

• Assemble the item as close to its final position (- in the same room) as possible.

• Assemble on a soft level surface to avoid damaging the unit or your floor.

• Parts of the assembly will be easier with 2 people.

• To reduce the likelihood of damaging your product please ensure that your power drill is set on a low torque setting.

Care and maintenance

• Only clean using a damp cloth and mild detergent, do no use bleach or abrasive cleaners.

• From time to time check that there are no loose screws on this unit.

• This product should not be discarded with household waste. Take to your local authority waste disposal centre.

Handy Hints

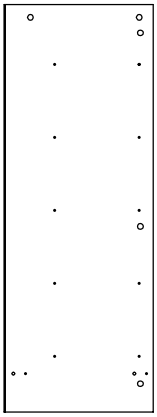

• Assemble all parts and bolts loosely during assembly, only once the product is complete should you fully tighten bolts.

• Regularly check and ensure that all bolts and fittings are tightened properly.

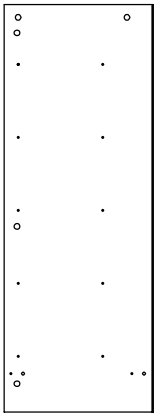

Components - Panels

If you have damaged or missing commponents, call the Customer Helpline: 03456 400 800

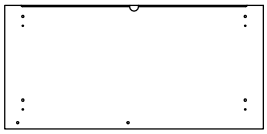

Please check you have all the panels listed below

G  Large locking nut x 15	**H**  Small locking nut x 10	**J**  Plastic dowel x 20
K  20mm Screw x 20	**L**  Runner left A x 5	**M**  Runner left B x 5
N  Runner right B x 5	**O**  Underlay x 2	**P**  Drawer base support x 10
R  Runner right A x 5	**S**  30mm Screw x 20	**T** 2  Reinforcing metal strap x 5

U 2  10mm Screw x 10	**X**  Wall strap x 1	**Y**  13mm Screw x 1	**Z** 4  12mm Screw x 10

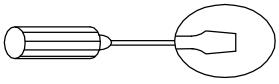

Tools required

Phillips screwdriver (medium & large)

Hammer

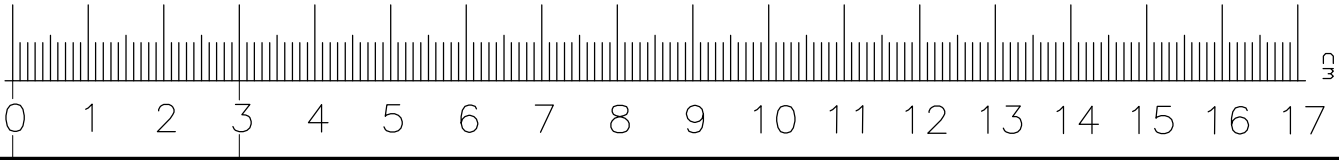

Flatblade screwdriver (medium)

Ruler/tape measure

Ruler - Use this ruler to help correctly identify the screws

The screws length is measured from the head to the point (30mm screw shown)

Assembly Instructions

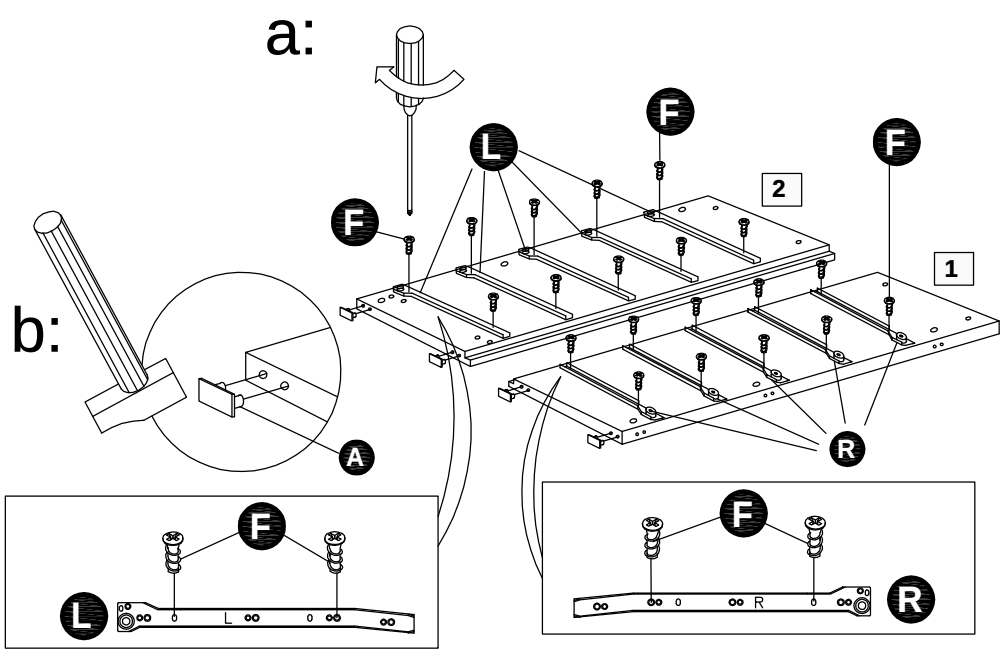

Step 1

Attaching runners

a: Position left runners A (L) and right runners A (R) on to the drilled holes of the left and right side panels [1] and [2].

Fix through holes shown using screws (F).

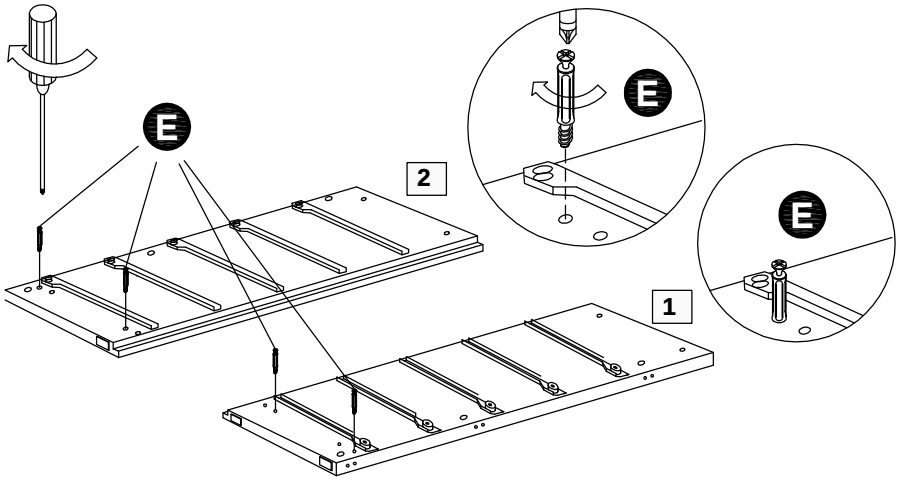

b: Attaching feet
Position plastic feet (A) to the left and right side panels [1] and [2] from below and fix them using the hammer.

Step 2

Preparation for the attaching of bottom supports

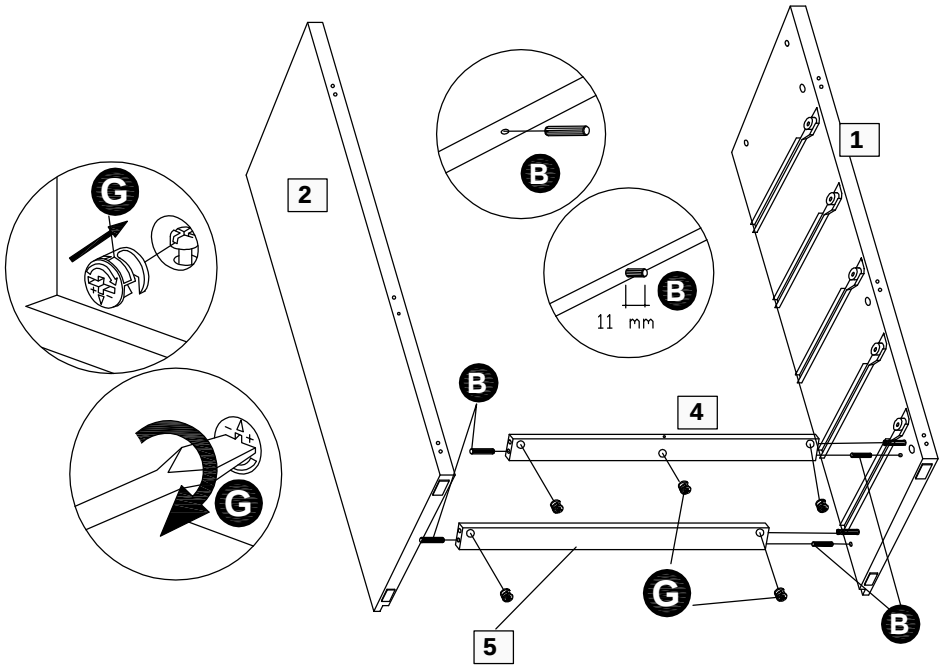

Insert screws (E) into the drilled holes of the left and right side panels [1] and [2].

Step 3

Attaching the bottom supports

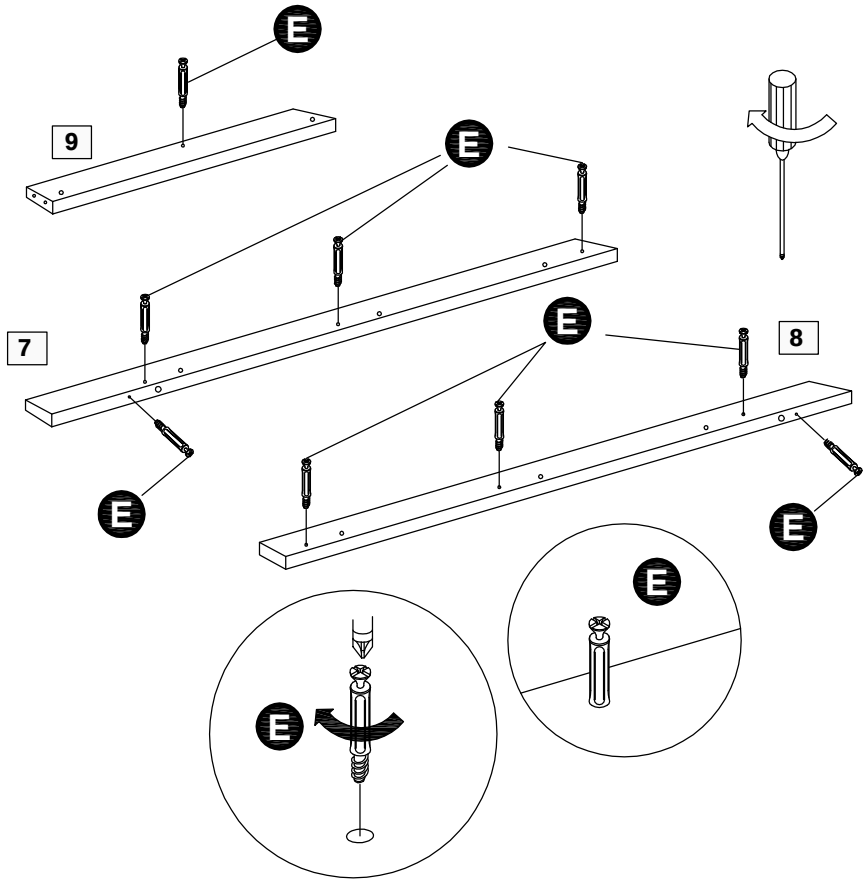

Insert wooden dowels (B) into the bottom front and back supports [4] and [5] and place on left and right side panels [1], [2]. Align correctly and insert large locking nuts (G) into the bottom front and back supports [4] and [5] and turn them clockwise to lock.

Assembly Instructions

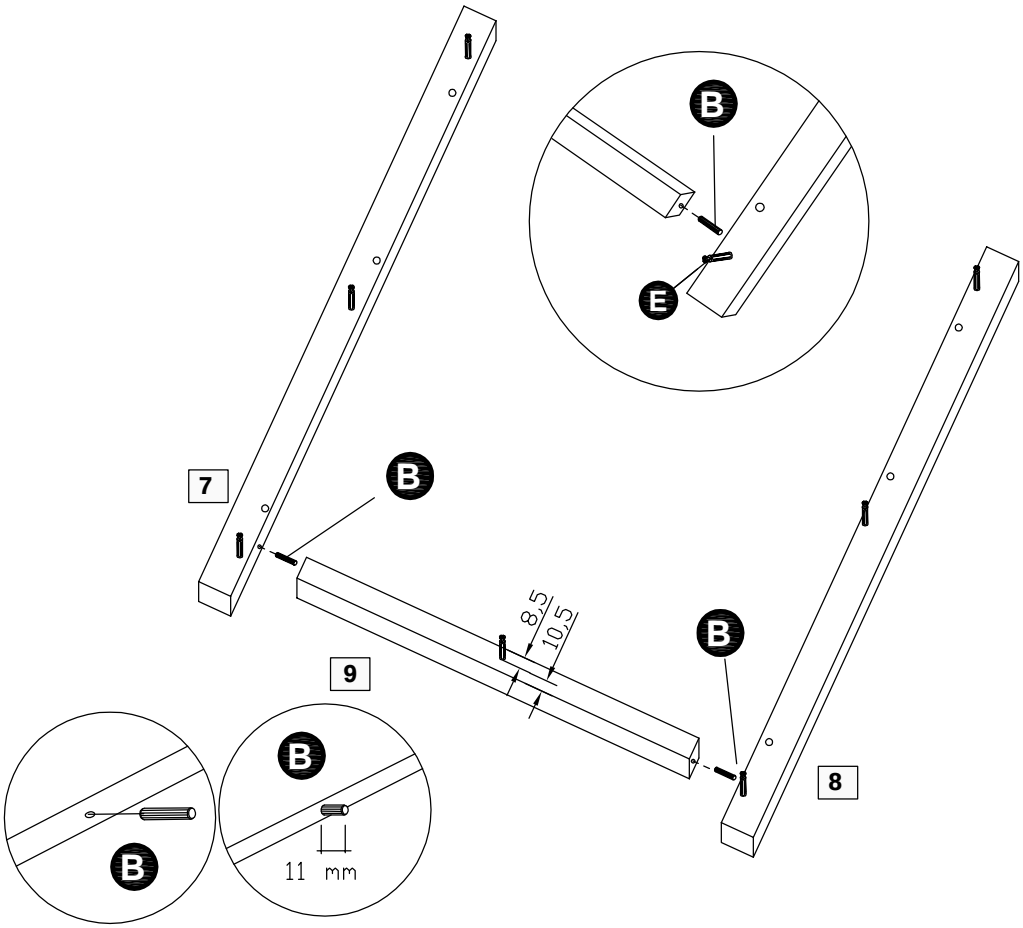

Step 4

Frame assembly
Insert screws E in to the frames 7 , 8 , 9 .

Step 5

Insert wooden dowels B as shown, align correctly and connect the frames 7 , 8 and 9 as shown on the picture.

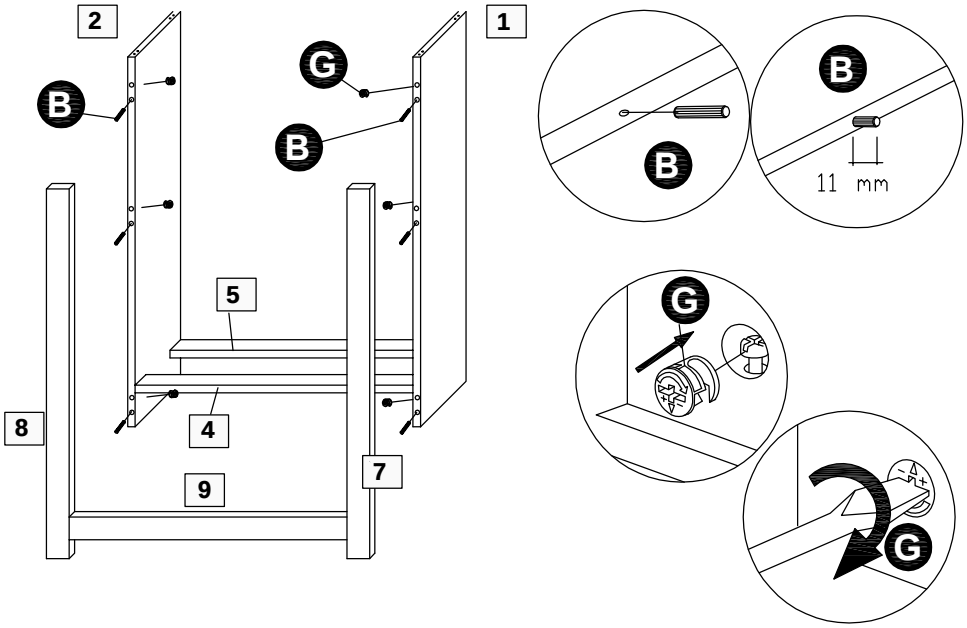

Assembly Instructions

Step 6

Attaching the frame

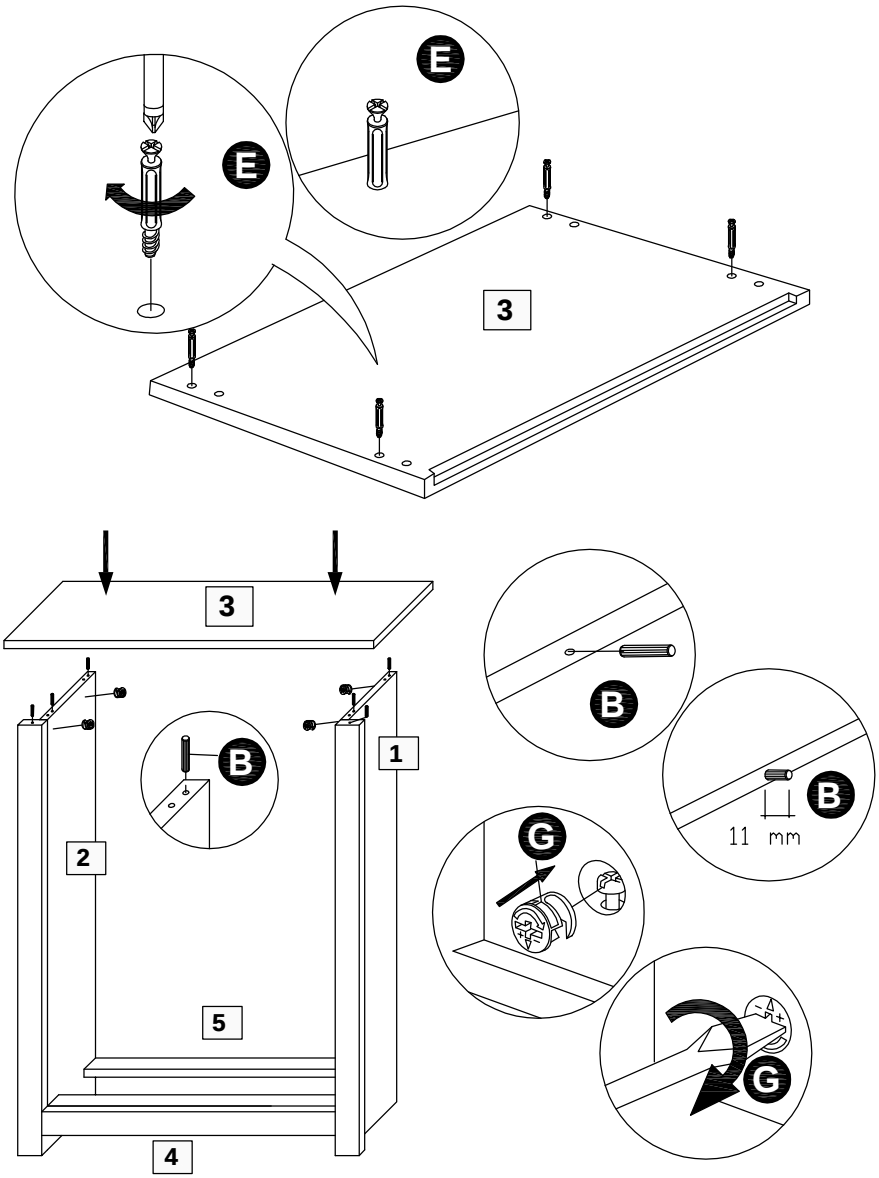

Insert wooden dowels B into the edge of the left and right side panels 1 , 2 .
Align correctly and insert large locking nuts G into left and right side panels 1 , 2 and place the frame and turn locking nuts clockwise to lock.

Step 7

Attaching top panel

Insert screws E into the drilled holes of the top panel 3 .
Insert wooden dowels B into the top edges as shown, align correctly and insert large locking nuts G into left and right side panels 1 and 2 , place the top panel 3 and turn locking nuts clockwise to lock.

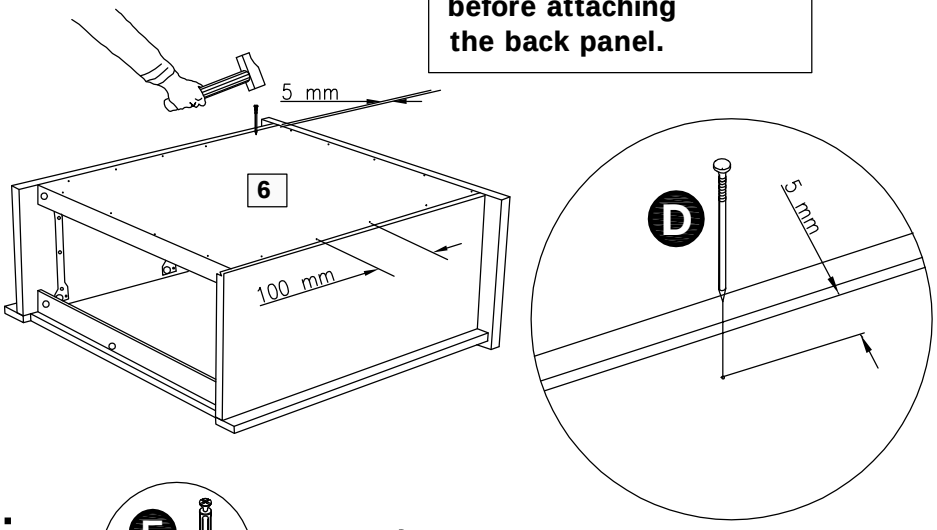

Assembly Instructions

Step 8

Attaching back panel

Position back panel [6] in position on the back of bedside chest. Position nails (D) 5 mm in from side edge of the back panel [6] with distance 100 mm between each other. Fix them using the hammer.

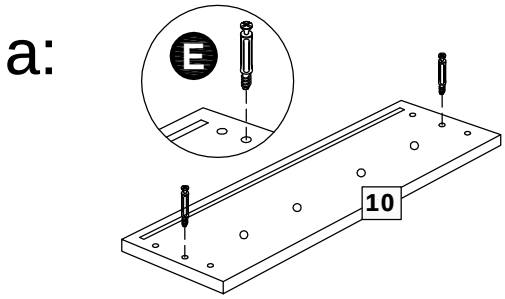

***Note:* You must ensure the chest is square before attaching the back panel.**

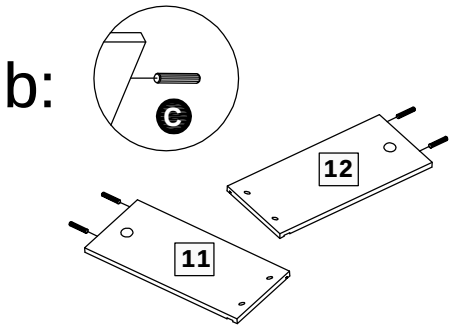

Step 9

Drawer assembly

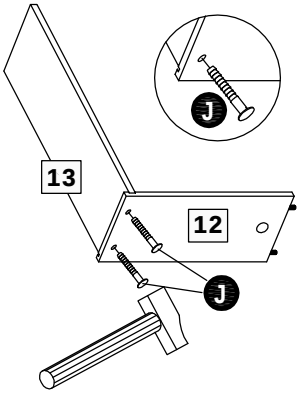

a: Insert screws (E) into drawer front [10].

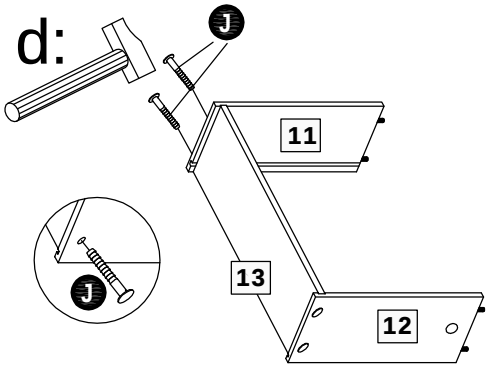

b: Insert wooden dowels (C) into left and right drawer sides [11] , [12] .

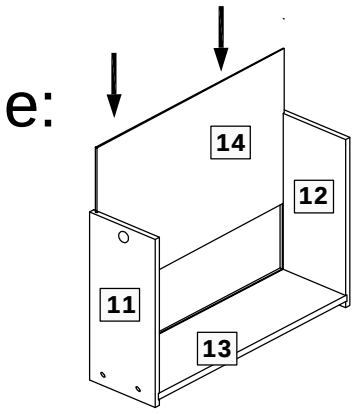

c: Insert plastic dowels (J) into left drawer side [12] and drawer back [13] and fix it together using the hammer.

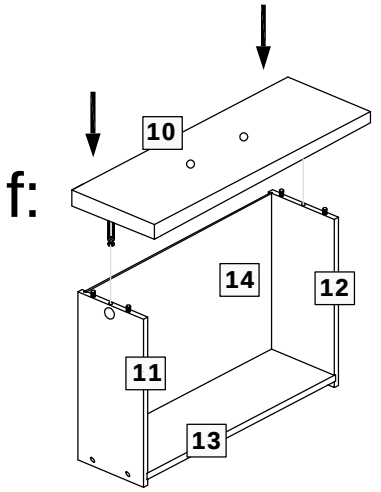

d: Insert plastic dowels (J) into right drawer side [11] and drawer back [13] and fix it together using the hammer.

e: Slide large or small drawer base [14] into the grooves.

f: Place large or small drawer front [10] onto sides.

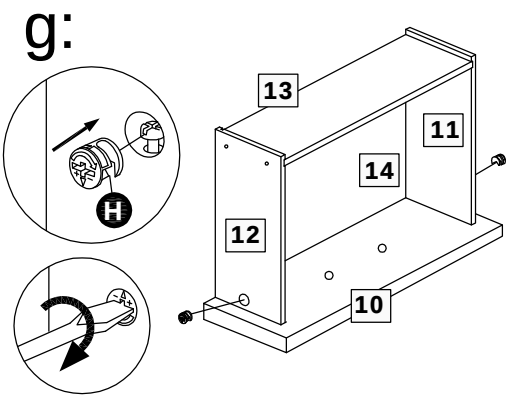

continued on next page

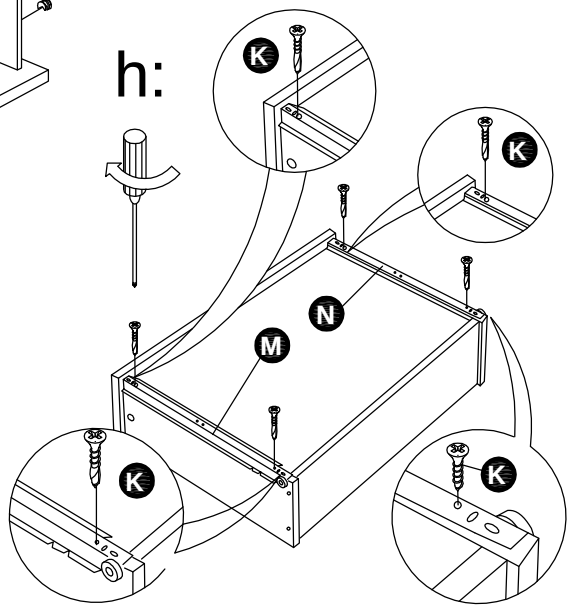

Assembly Instructions

Step 9 - continued

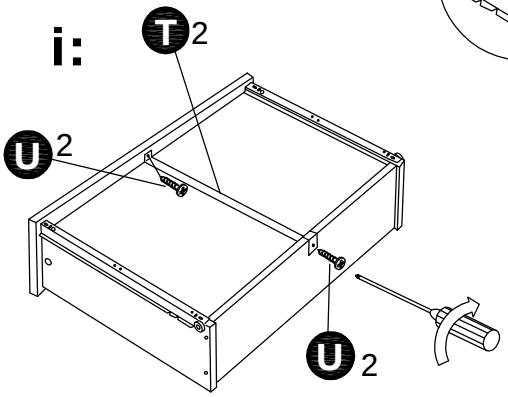

g: Align correctly and insert small locking nuts (H) into left and right drawer sides [11], [12] and turn them clockwise to lock.

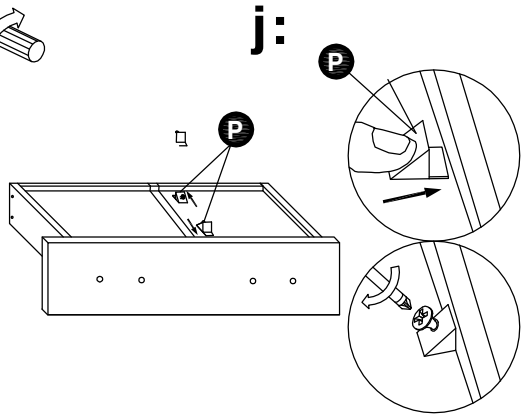

h: Position left and right runners B (M), (N) on to left and right drawer sides [11], [12], fix using screws (K).

i: Large drawers only: Position the reinforcing metal strap (T)2 onto the large drawers as shown. Fix using supplied screws (U)2 .

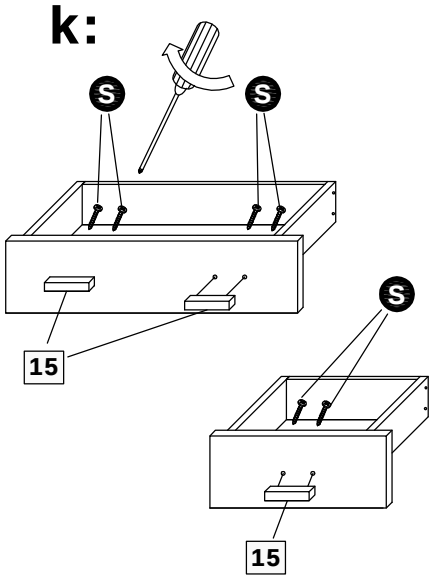

j: Large drawers only: Position 2 drawer base supports (P) onto the large drawers as shown. Fix using supplied screw.

k: All drawers: Attach handles [15] to drawer fronts using screws (S).

Repeat assembly for the remaining drawers.

Assembly Instructions

Step 10

Fixing to wall

It is recomended that the chest is fixed to a wall.

Poke wall strap (X) through the hole in the back panel and fix it to top panel underneath using screw (Y) and underlay (O).

Mark fixing hole onto wall. Drill a hole and insert a suitable wall plug. Fix wall strap (X) using a screw suitable for your wall.

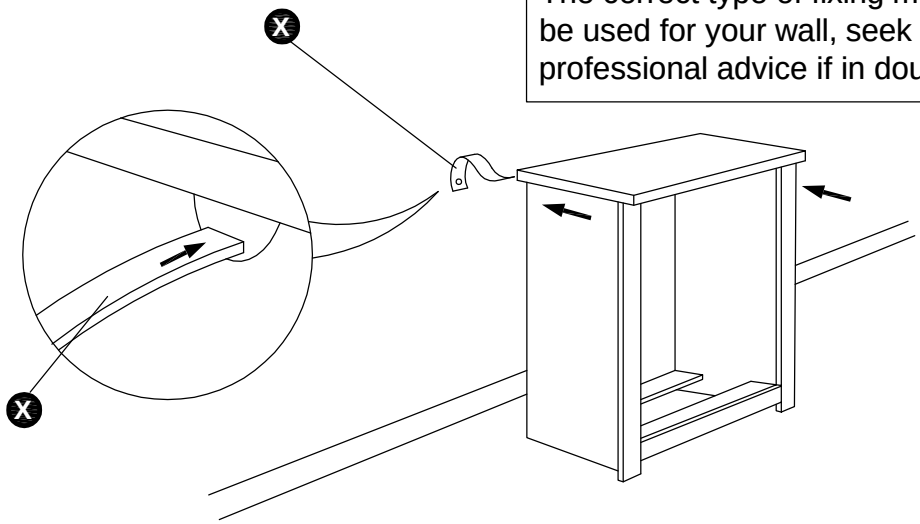

Warning:
Before drilling, check wall for hidden pipes and cables.

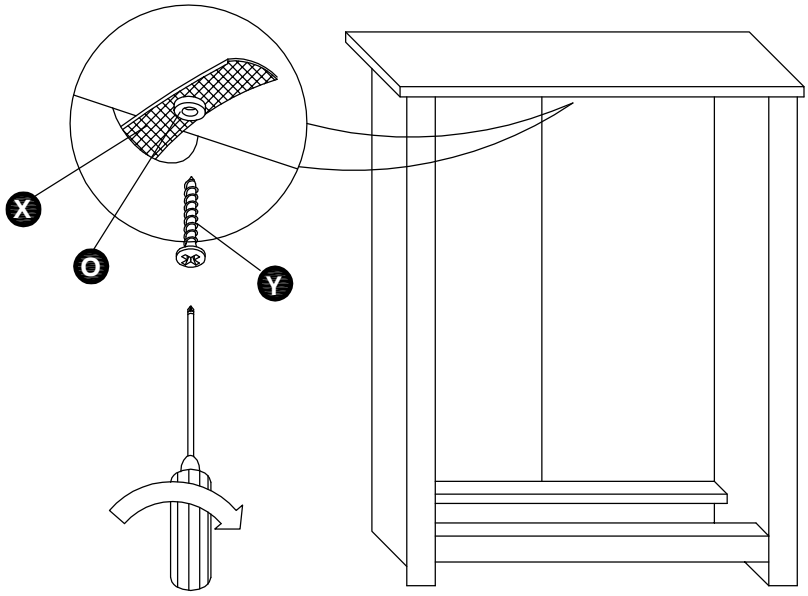

With help, move chest into position.

Warning:
The chest is heavy. Lift with care.

Note: Wall fixings are not supplied with this unit.

The correct type of fixing must be used for your wall, seek professional advice if in doubt.

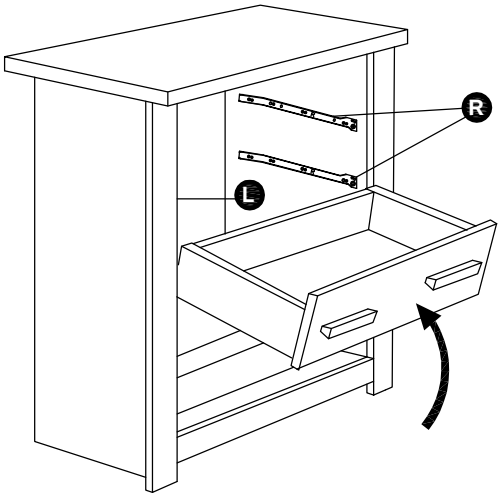

Step 11

Inserting drawers

Insert the drawers moving up and down as shown and ensure that wheels fit onto left and right runners (L), (R).

Check the gaps between the drawers and if they line up, assembly is complete.

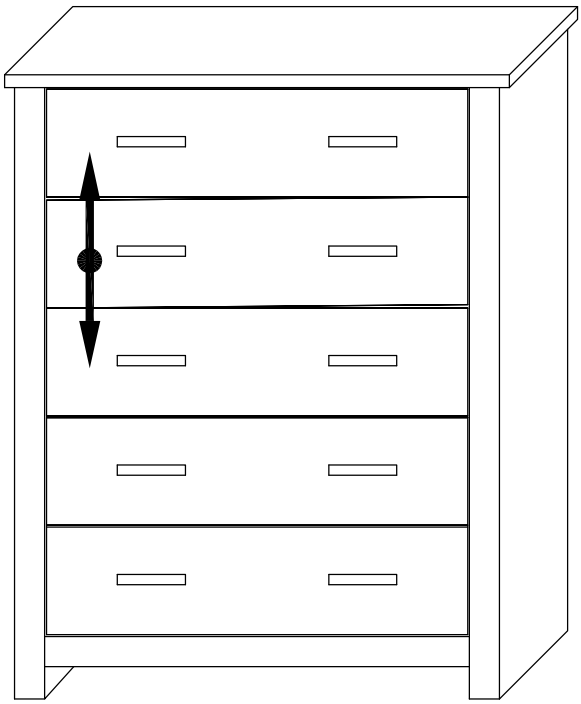

Assembly Instructions

Step 12

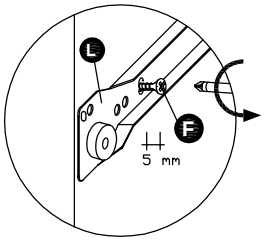

Drawer runner adjustment

To move drawers up or down: loosen screws (F) as shown and move runners (R),(L) up or down as required.
Retighten screws (F) and fix the runners (R),(L) using screws (Z)4 .

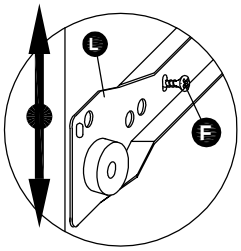

Assembly is complete.
