Double Robe

Assembly Instructions - Please keep for future reference | 1947090

hygena

Dimensions

Width - 100cm

Depth - 57,6cm

Height - 190cm

Important - Please read these instructions fully before starting assembly

For all enquiries please contact : **08456 400800**

Ref. no RY 01.00 Date: 14/02/14

Safety and care advice

Important - Please read these intructions fully before starting assembly

• Check you have all the components and tools listed on pages 3 and 4.

• Remove all fittings from the plastic bags and separate them into their groups.

• Keep children and animals away from the work area, small parts could choke if swallowed.

• Make sure you have enough space to layout the parts before starting.

• Do not stand or put weight on the panels, this could cause damage.

• Assemble the unit as close to its final position (in the same room) as possible.

• Assemble on a soft level surface to avoid damaging the unit or your floor.

• Parts of the assembly will be easier with 2 people.

• If using power tools, please follow the safety instructions supplied with the tools.

• We do not recommend the use of power drill/ drivers for inserting screws, as this could damage the unit. Only use hand screwdrivers.

• ***Warning:*** Before drilling, check the wall for hidden pipes and cables.

• Dispose of all packaging carefully and responsibly.

• ***Warning:*** The unit weighs approximately 70kgs
Please lift with care.

Care and maintenance

• From time to time check that there are no loose screws on this unit.

• This product should not be discarded with household waste. Take to your local authority waste disposal centre.

Cleaning instructions

• This product has been manufactured using modern manufacturing methods and materials. With appropriate in-home care and maintenance it will provide trouble free performances. Many domestic multi-purpose cleaning agents are unsuitable for use on this product.

The use of aggressive chemicals can result in irreversible damage. Please follow these guidelines carefully.

USE only 5% soap, 95% water solution, wiping with a damp (not wet) cloth. Finally dry with a soft clean cloth.

Dust with a soft clean cloth only.

DO NOT USE wax furniture polish, abrasive or aggressive cleaners, bleach or hypochlorate (chlorine) based cleaners, multi-purpose cleaners, dilutes, acetone, alcohol, solvent or similar products.

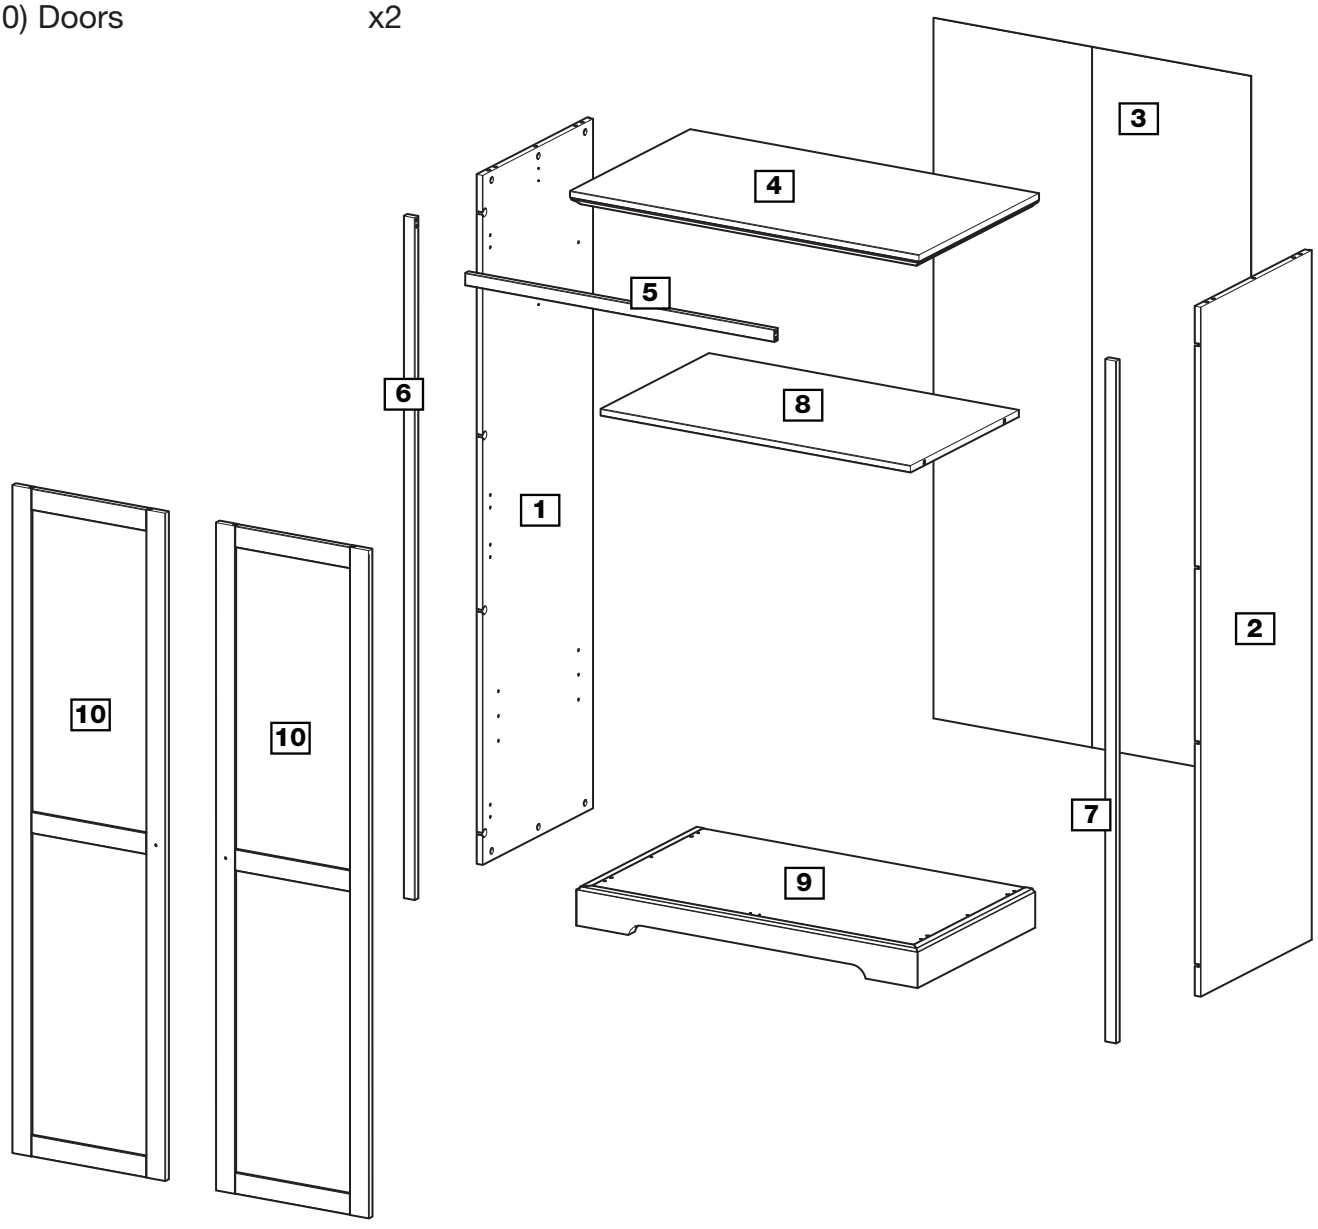

Recycling – the packaging materials for this product may be recycled through your local recycling centre. When you want to dispose of the product itself, please consider donating it to a local charitable organisation, otherwise recycle it through your local recycling centre.

Note: if required the next page can be cut out and used as reference throughout the assembly. Keep this page with these instructions for future reference.

Components - Panels

Please check you have all the panels listed below

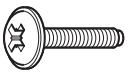

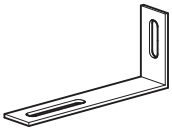

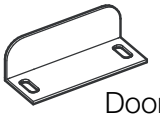

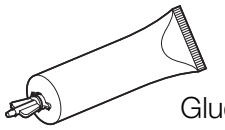

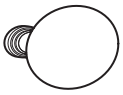

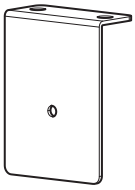

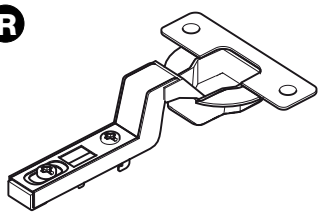

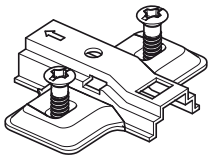

1) Left end panel	x1
2) Right end panel	x1
3) Back panel	x1
4) Top panel	x1
5) Top frame	x1
6) Left frame	x1
7) Right frame	x1
8) Shelf	x1
9) Bottom	x1
10) Doors	x2

Components - Fittings

Please check you have all the fittings listed below

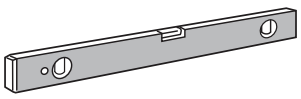

Note: The quantities below are the correct amount to complete the assembly. In some cases more fittings may be supplied than are required.

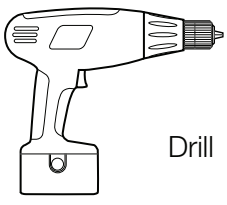

A  Wooden dowel x 12	**B**  Metal dowel x 12	**C**  15mm Screw x 10	**D** 25mm Nail x 40
E  Long locking nut x 12	**F**  Spacer x 1	**G**  4MAx25 Screw x 2	**H**  x 1
I  Door stop x 1	**J**  hanging rail x 1	**K**  Wedgefix dowel x 12	**L**  Wedgefix housing x 12
M  Glue x 1	**N**  Hanger rail support x 2	**O**  Sticker felt pads x 6	**P**  Knob x 2
Q  Door stop x 1	**R**  clip hinge x 6 and 15mm Screw x 12	**C** 	**T**  hinge mounting plate x 6

Tools required

Phillips screwdriver (medium & large)

Flatblade screwdriver (medium)

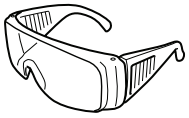

Spirit level

Drill

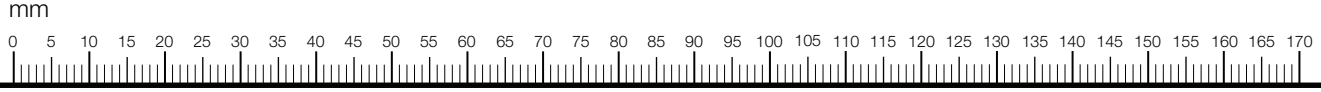

Ø 5mm Suitable drill bit (for use with wall plug)

Small hammer

Ruler/tape measure

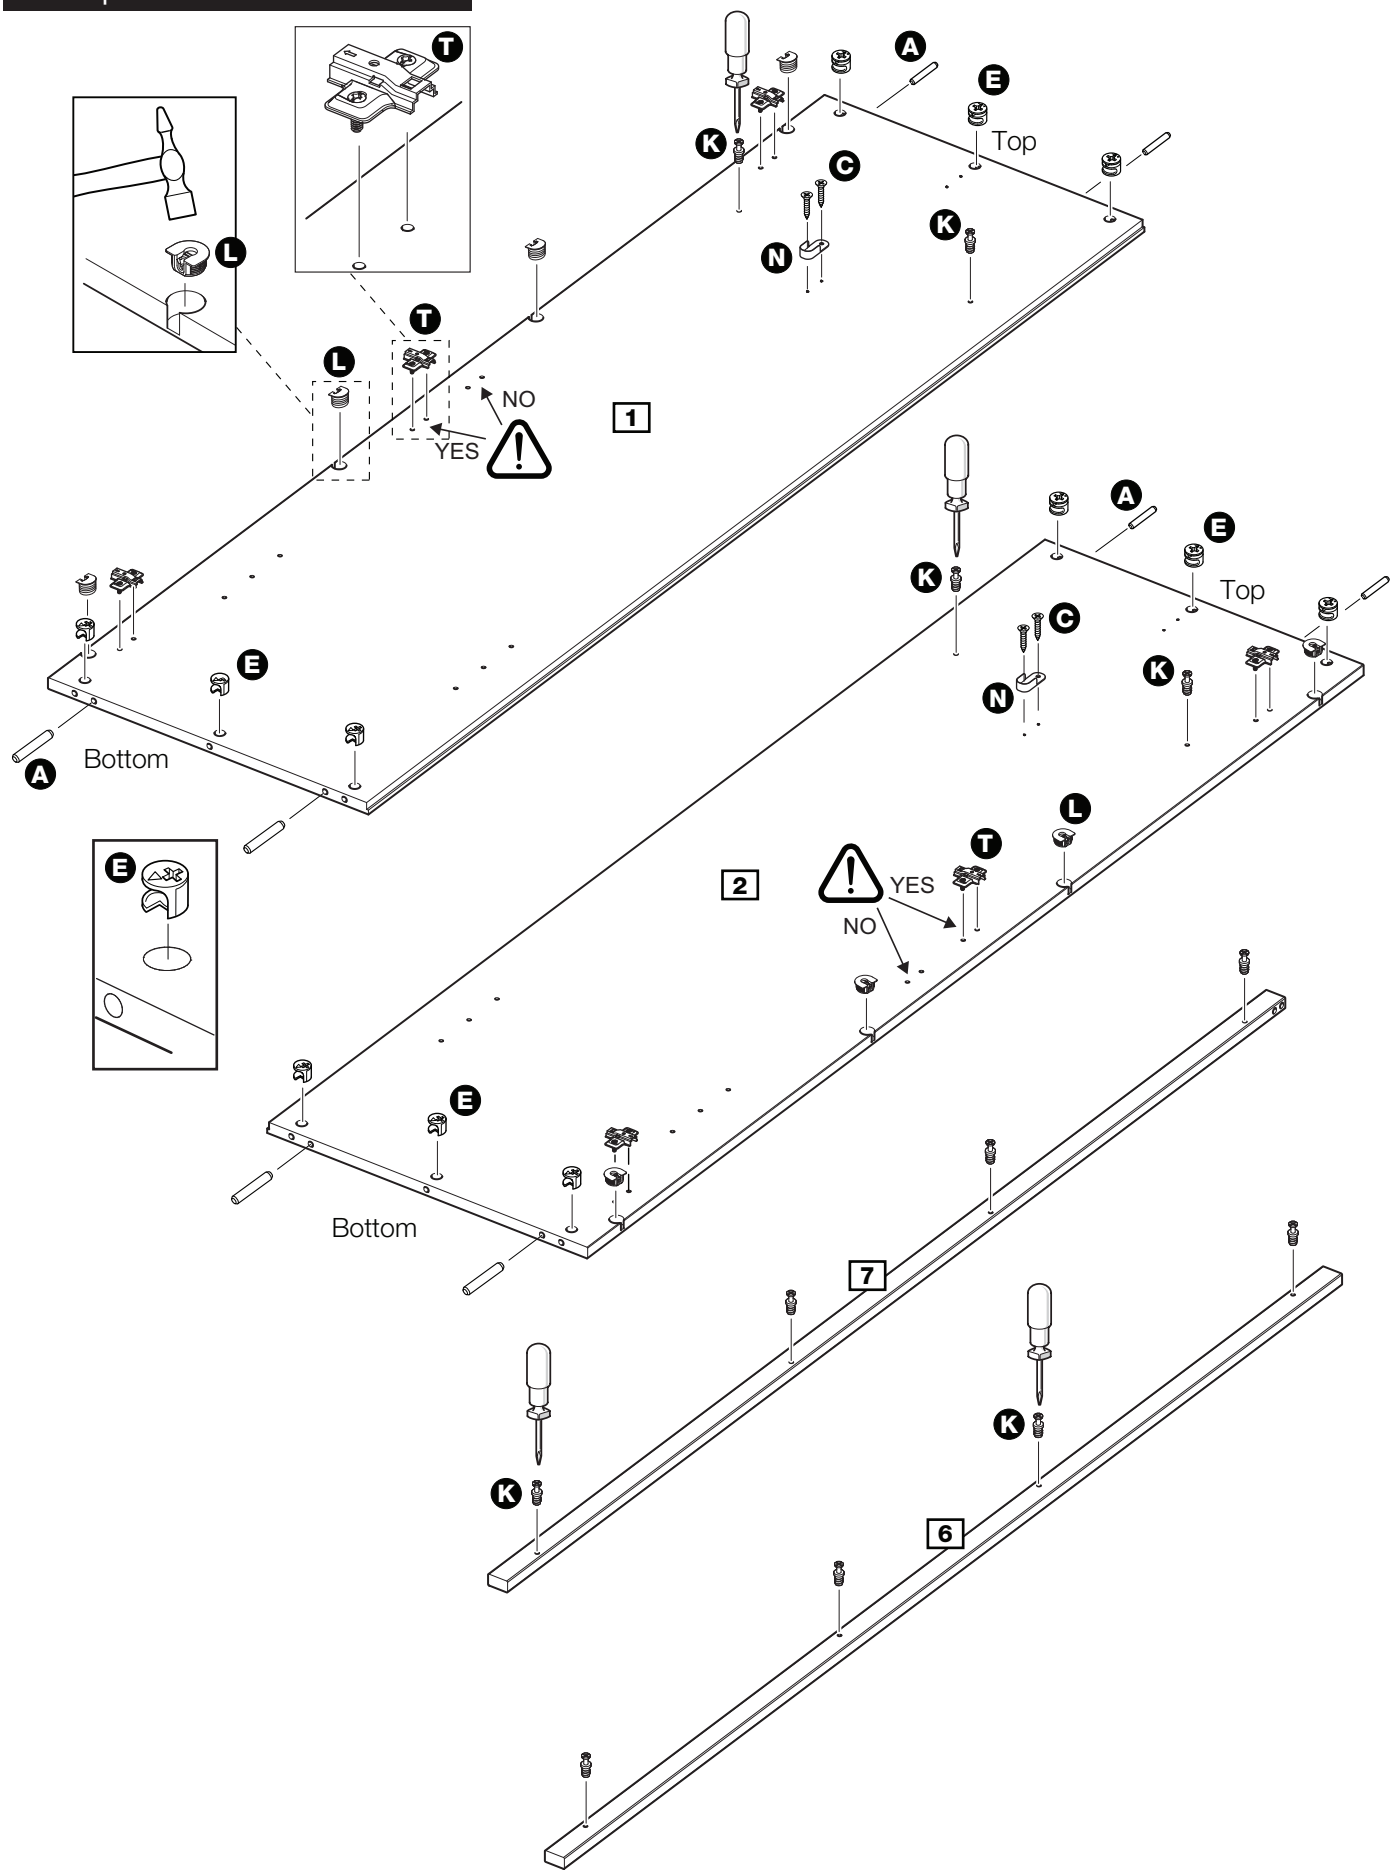

Eye protection (when using a hammer or glue)

Ruler - Use this ruler to help correctly identify the screws

A Guide to - Wall Mounting & Fixings

Important note:

If plastic wall plugs are supplied with your product:

- these are only suitable for use in masonry walls.

If you are in any doubt about the correct wall plugs for your wall, seek professional advice.

Failure of the product due to using incorrect fixings is the responsibility of the installer.

Important: **When drilling into walls always check that there are no hidden wires or pipes etc.**

Make sure that the screws and wall plugs being used are suitable for supporting your unit. Consult a qualified tradesperson if you are unsure.

Hints:

1: General rule: Always use a larger screw and wall plug if you are not sure.

2: Ensure you use the recommended drill bit to match the wall plug and hole size.

3: Ensure you drill the hole horizontally, do not force the drill or enlarge the hole.

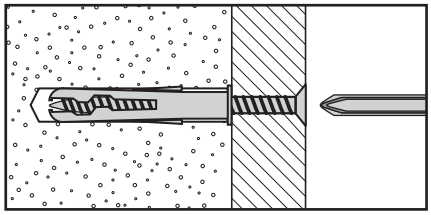

4: Take extra care when drilling high walls, ceilings and ceramic tiles. Ensure wall plugs are inserted beyond the thickness of the ceramic tiles to avoid the tiles splitting or cracking.

5: Ensure wall plugs are well fitted and are a tight fit in the drilled hole.

Types of walls

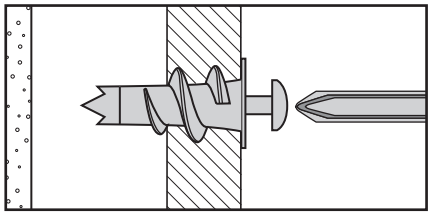

You can use one of the following types of wall plug if your walls are made of brick, breeze block, concrete, stone or wood.

No.1 **"General Purpose" wall plug**

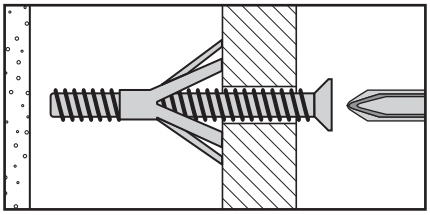

Generally aerated blocks should not be used to support heavy loads, use a specialist fitting in this case. For light loads, general purpose wall plugs can be used.

No.2 **"Plasterboard" wall plug**

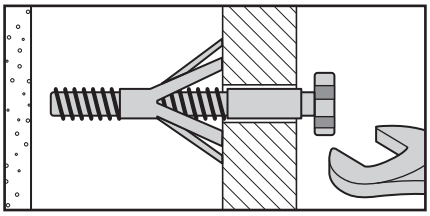

For use when attaching light loads on to plasterboard partitions.

No.3 **"Cavity Fixing" wall plug**

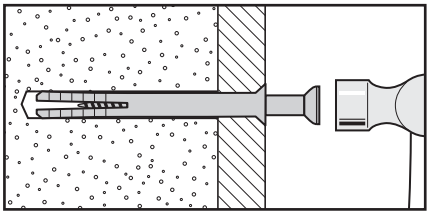

For use with plasterboard partitions or hollow wooden doors.

No.4 **"Cavity Fixing-Heavy Duty" wall plug**

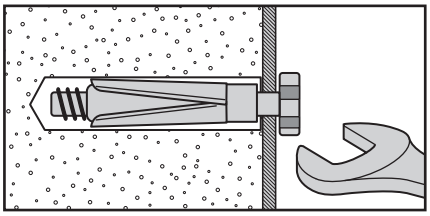

For use when fitting or supporting heavy loads such as shelving, wall cabinets and coat racks.

No.5 **"Hammer Fixing" wall plug**

For use with walls stuck with plasterboard. The hammer fixing allows it to be fixed to the wall rather than the plasterboard. Always check the fixing is secure to the retaining wall.

No.6 **"Shield Anchor" wall plug Heavy loads**

For use with heavier loads such as TV & HiFi speakers and satelite dishes etc.

Care & Maintenance

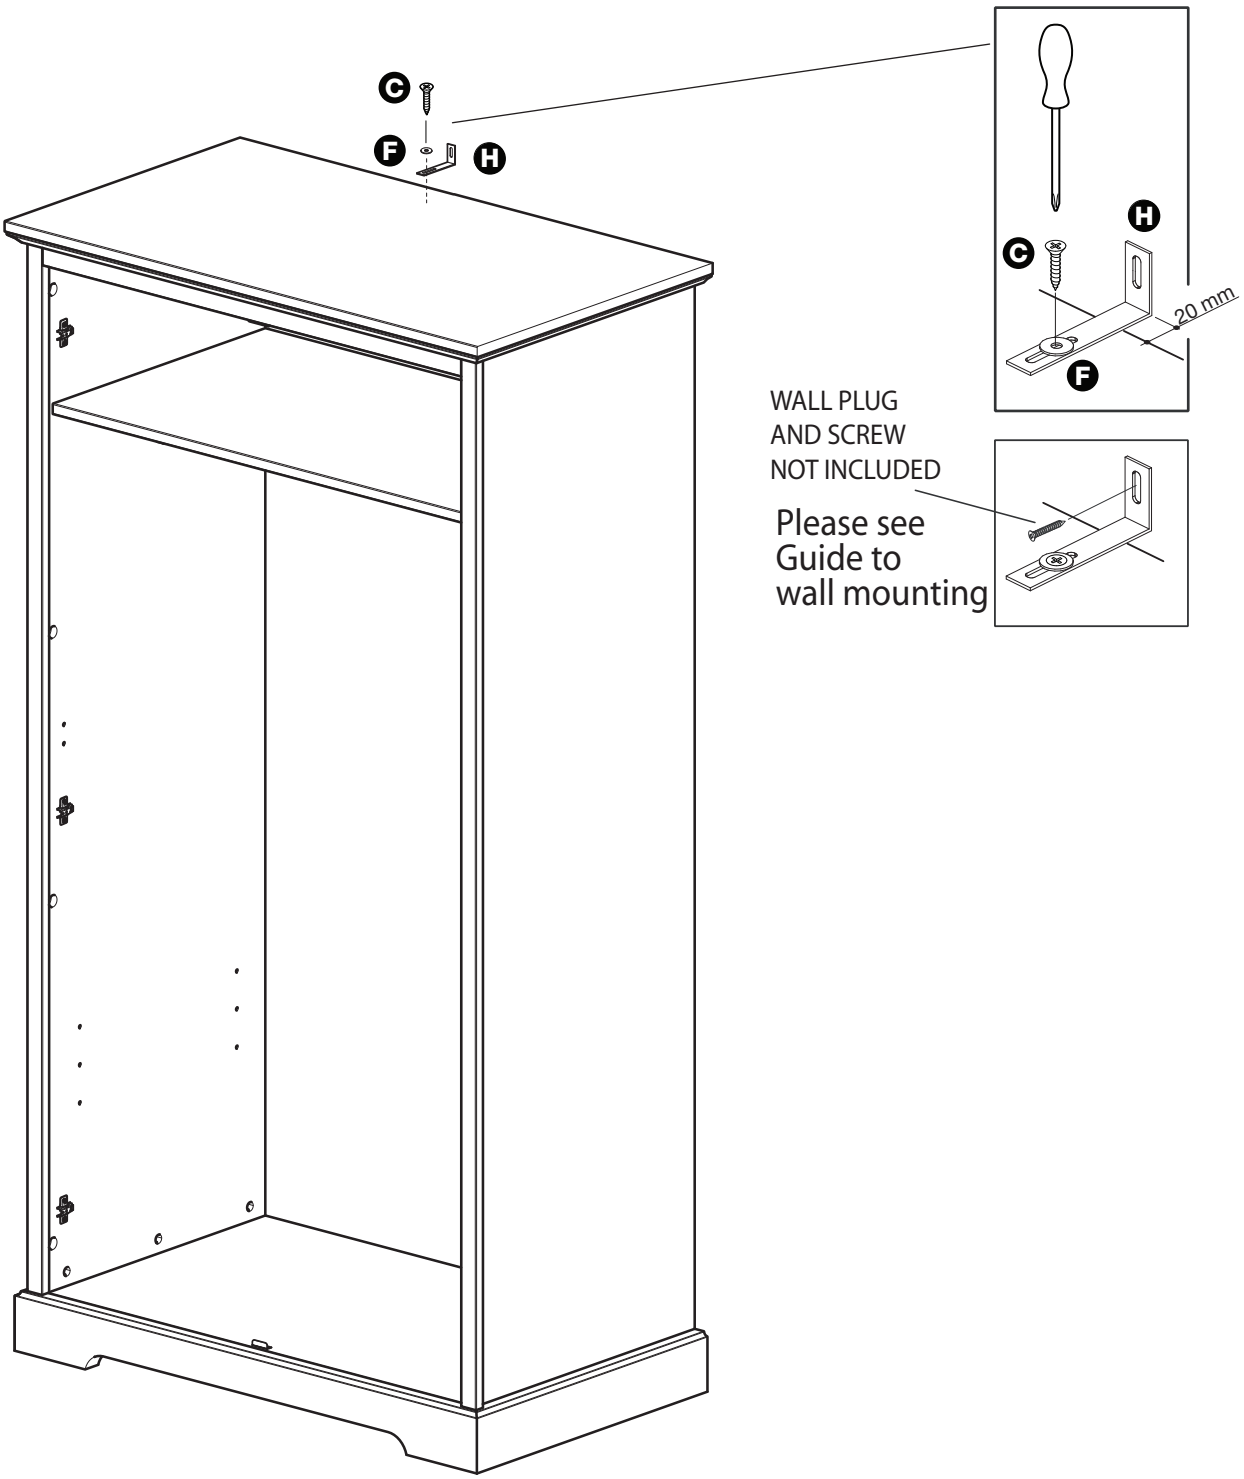

Safety: Always check the fitting and location to ensure your safety in and around the home.

Fitting: From time to time check the fitting to ensure the wall plugs or screws do not become loose.
