- This product is intended for children in the age range of 7-12 years. The maximum loading is 70 kgs.
- The use of water or sleep flotation mattress is prohibited.
- Prohibit more than one person on bed and do not stand on the product.
- Do not allow children horseplay on the bed and jumping on the bed as this could cause damage to the frame and possible risk of serious injury.
- Periodically check and ensure that the components and all assembly fastenings are in their proper position and that care should be taken that no fittings are looses.
- Assembly to be carried out by a competent adult only.
- During assembly children should be kept away from the product due to possible risk of injury.
- Unwrap all packaging materials and place the components on top of the carton box or on clean floor to prevent it from scratching.
- Tools not included.
- This product should only be used on firm, level ground.
- Make sure the base remains in contact with the ground.
- Not suitable for children under 4 years.
- Do not place this child's bed near heat sources, windows, blind cords, curtain pulls, other strings or cords and other furniture.
- Do not use this child's bed if any part is broken, torn or missing.
- The recommended mattress size is L190 x W90 cm.
- Place the bed tight to any wall or have a gap of 300mm between the wall and the side of the bed.

Safety and Care Advice

Important – Please read these instructions fully before starting assembly

• Check you have all the components and tools listed on the following pages.

• Remove all fittings from the plastic bags and separate them into their groups.

• Keep children and animals away from the work area, small parts could choke if swallowed.

• Make sure you have enough space to layout the parts before starting.

• Do not use this item if any components are missing or damaged.

• During assembly do not stand or put weight on the product, this could cause damage.

• Assemble the item as close to its final position (in the same room) as possible.

• Assemble on a soft level surface to avoid damaging the unit or your floor.

• During assembly children should be kept away from the product due to possible risk of injury.

• Parts of the assembly will be easier with 2~3 people.

• To reduce the likelihood of damaging your product please ensure that your power drill is set on a low torque setting.

Glue safety - Take care when using glue, please follow the advice below

Skin contact: Remove contamination by washing with soap and water. This procedure should also be followed prior to eating and drinking.

Eye contact: Rinse immediately with clean water for 15 minutes and seek medical advice.

If swallowed: Seek medical advice immediately.

Care and maintenance

• Only clean using a damp cloth and mild detergent, do no use bleach or abrasive cleaners.

• From time to time check that there are no loose screws on this unit.

• This product should not be discarded with household waste. Take to your local authority waste disposal centre.

Handy Hints

• Assemble all parts and bolts loosely during assembly, only once the product is complete should you fully tighten the bolts

• Regularly check and ensure that all bolts and fittings are tightend properly.
