Safety and Care Advice

Important – Please read these instructions fully before starting assembly

• Check you have all the components and tools listed on the following pages.

• Remove all fittings from the plastic bags and separate them into their groups.

• Keep children and animals away from the work area, small parts could choke if swallowed.

• Make sure you have enough space to layout the parts before starting.

• Do not stand or put weight on the product, this could cause damage.

• Assemble the item as close to its final position (- in the same room) as possible.

• Assemble on a soft level surface to avoid damaging the unit or your floor.

• Parts of the assembly will be easier with 2 people.

• To reduce the likelihood of damaging your product please ensure that your power drill is set on a low torque setting.

Care and maintenance

• Only clean using a damp cloth and mild detergent, do no use bleach or abrasive cleaners.

• From time to time check that there are no loose screws on this unit.

• This product should not be discarded with household waste. Take to your local authority waste disposal centre.

Handy Hints

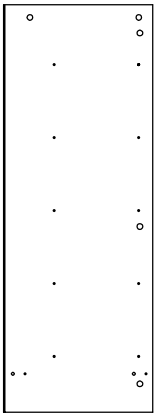

• Assemble all parts and bolts loosely during assembly, only once the product is complete should you fully tighten bolts.

• Regularly check and ensure that all bolts and fittings are tightened properly.

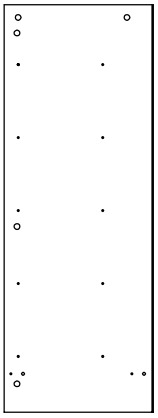

Components - Panels

If you have damaged or missing commponents, call the Customer Helpline: 03456 400 800

Please check you have all the panels listed below

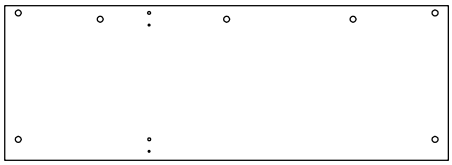

1 **Right side panel x 1 (39.5 x 88.5cm)**

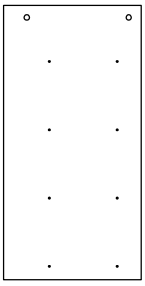

2 **Left side panel x 1 (39.5 x 88.5cm)**

Components - Fittings

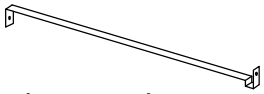

Please check you have all the fittings listed below

Note: The quantities below are the correct amount to complete the assembly. In some cases more fittings may be supplied than are required.

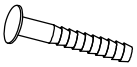

Pack: 5Z1-WI-001

A  Feet x 4	B  8/30mm Wooden dowel x 24	D  Nail x 50	E  Screw x 19
F  9mm Screw x 32	G  Large locking nut x 19	I  Key x1	K  20mm Screw x 32
O  Underlay x 2	Q  50mm Screw x 2	X  Wall strap x 1	
Y  13mm Screw x 1	Z4  12mm Screw x 16	Z5  60mm Screw x 1	

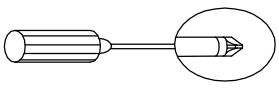

Separately

L  Runner left A x 8	M  Runner left B x 8	N  Runner right B x 8
R  Runner right A x 8	T2  Reinforcing metal strap x 4	U 2  10mm Screw x 8

Pack: 5Z1-WI-002

C  6/30mm Wooden dowel x 32	E  Screw x 16	H  Small locking nut x 16
J  Plastic dowel x 32	P  Drawer base support x 8	S  30mm Screw x 24

Tools required

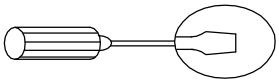

Phillips screwdriver (medium & large)

Hammer

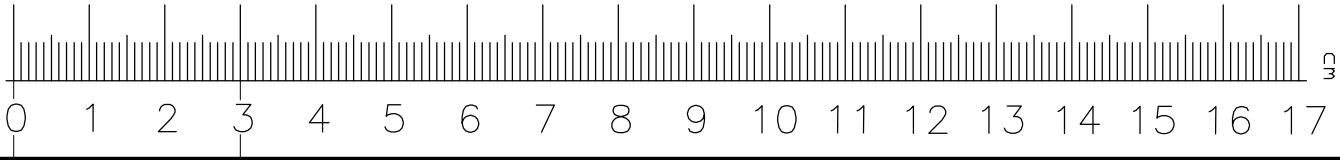

Ruler/tape measure

Flatblade screwdriver (medium)

Ruler - Use this ruler to help correctly identify the screws

The screws length is measured from the head to the point (30mm screw shown)

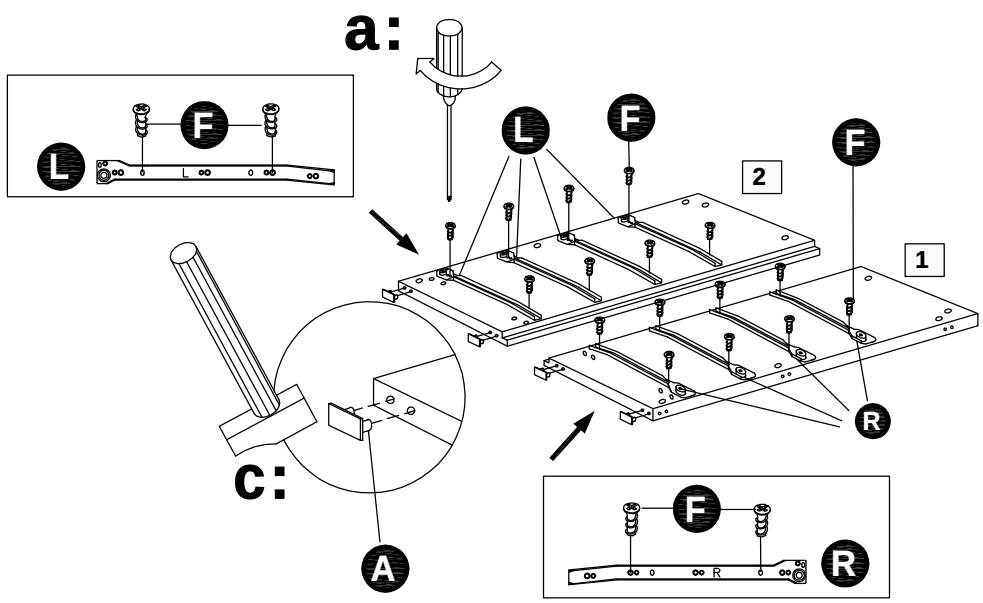

Assembly Instructions

Step 1

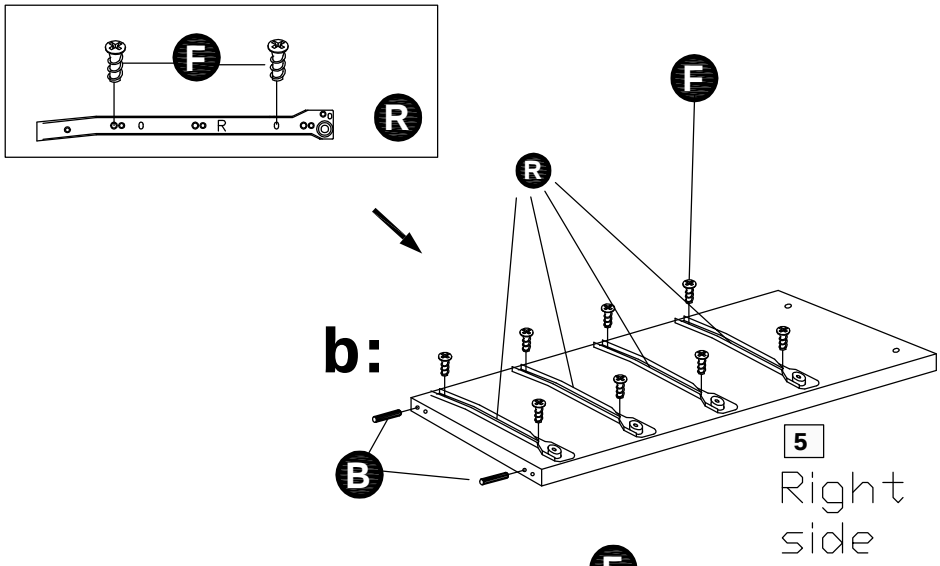

Attaching runners

a: Position left runners A (L) and right runners A (R) on to the drilled holes of the left and right side panels [1] and [2] and the left side of vertical partition wall [5].

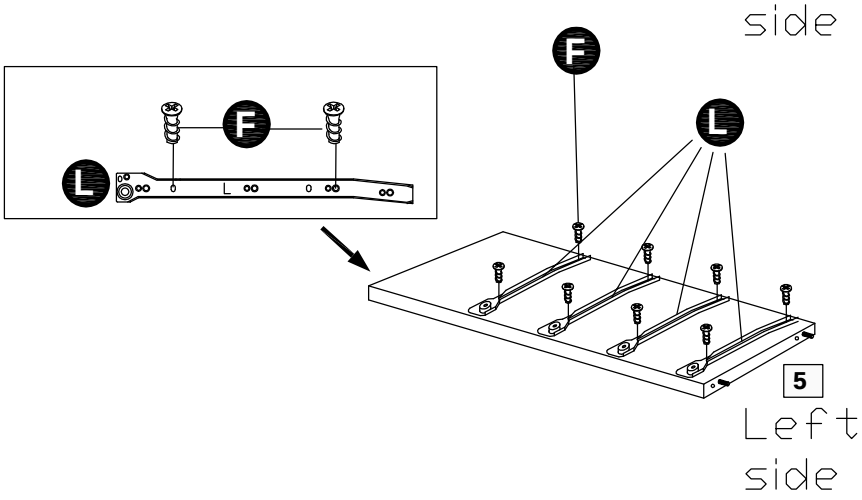

Fix through holes shown using screws (F).

b: Turn over the vertical partition wall [5] and attach runners A (L) as shown using screws (F). Insert wooden dowels (B) into the partition wall [5].

c: Attaching feet
Position plastic feet (A) to the left and right side panels [1] and [2] from below and fix them using the hammer.

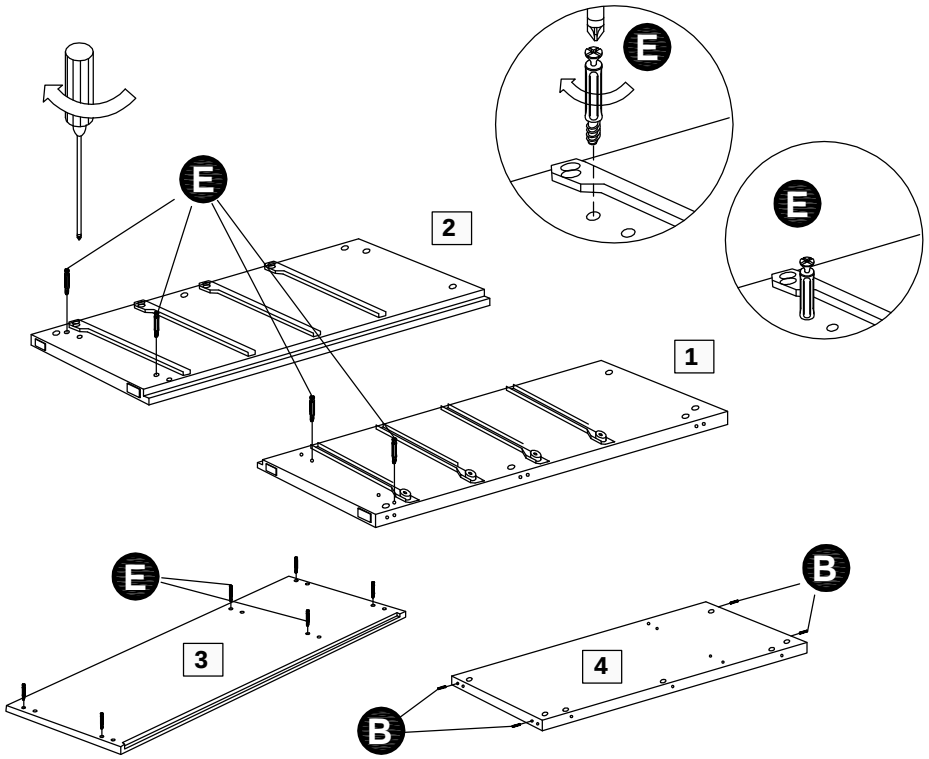

Assembly Instructions

Step 2

Preparation for the attaching of top panel and bottom panel

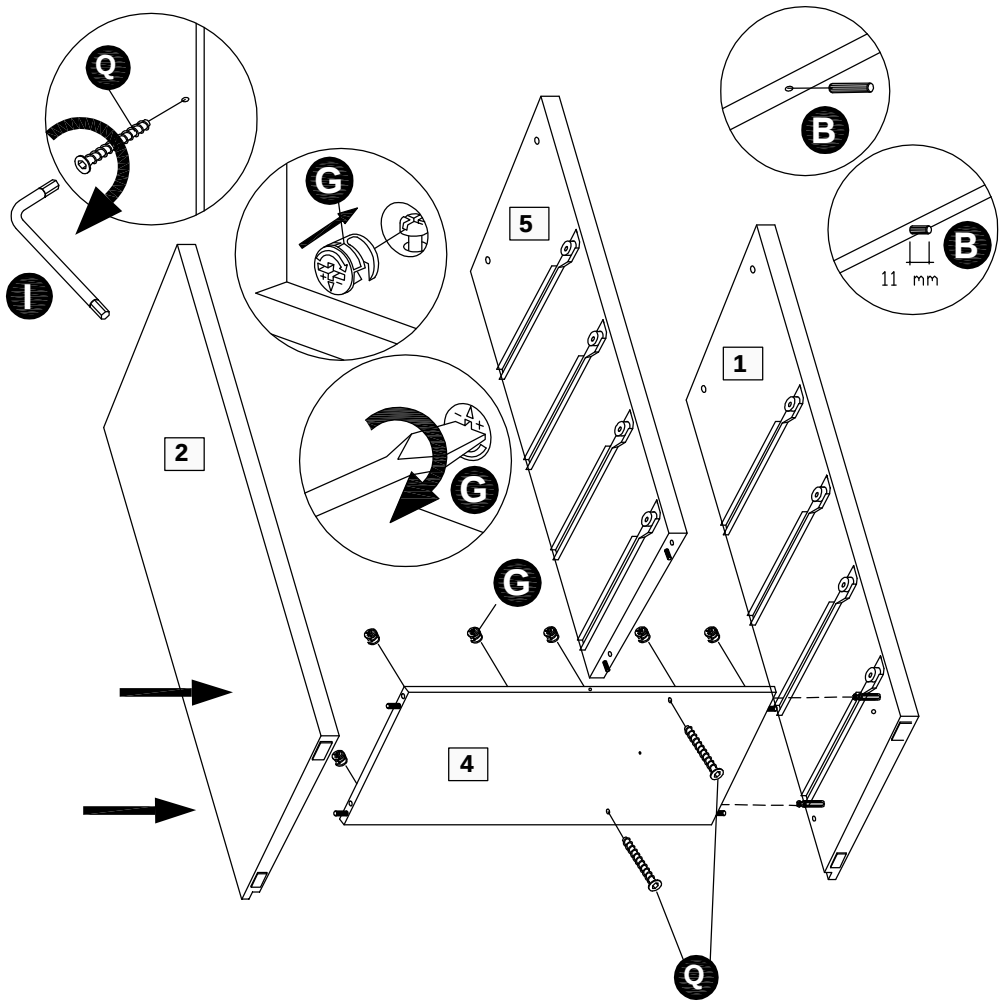

Insert screws E into the drilled holes of the left and right side panels 1 and 2 , top panel 3. Insert wooden dowels B into the bottom panel 4 as shown on the picture.

Step 3

Attaching the bottom panel and vertical partition wall

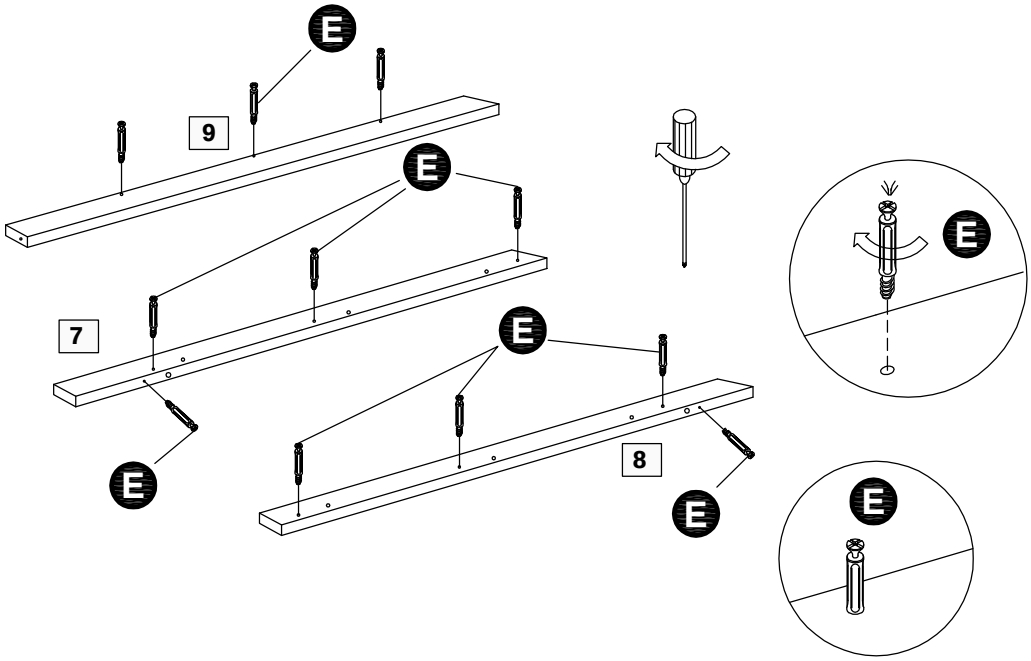

Place bottom panel 4 and partition wall 5 on left and rightside panels 1 , 2 .
Align correctly and insert large locking nuts G and turn them clockwise to lock.
Place partition wall 5 onto the bottom panel 4 . Fix through the bottom panel 4 using screws Q, thighten using key I. Align correctly and insert large locking nuts G.

Assembly Instructions

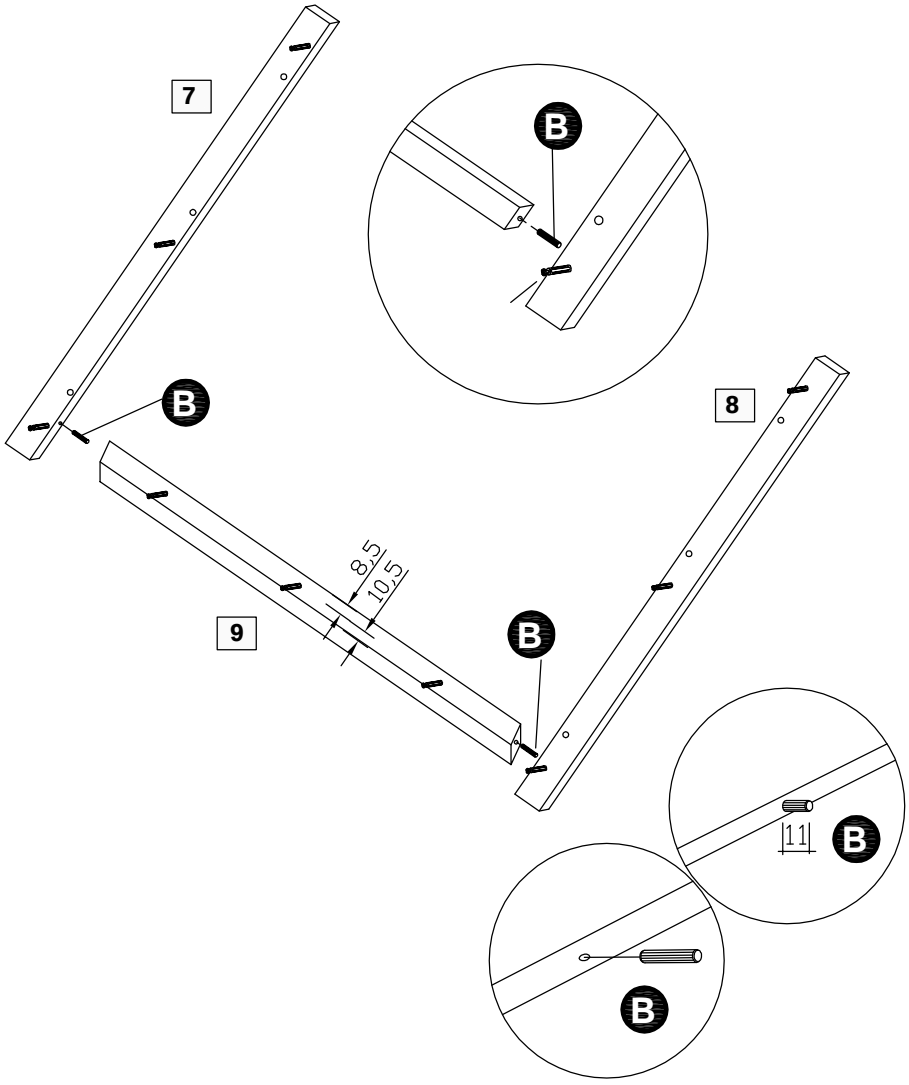

Step 4

Frame assembly
Insert screws E in to the frames 7 , 8 , 9 .

Step 5

Insert wooden dowels B as shown, align correctly and connect the frames 7 , 8 and 9 as shown on the picture.

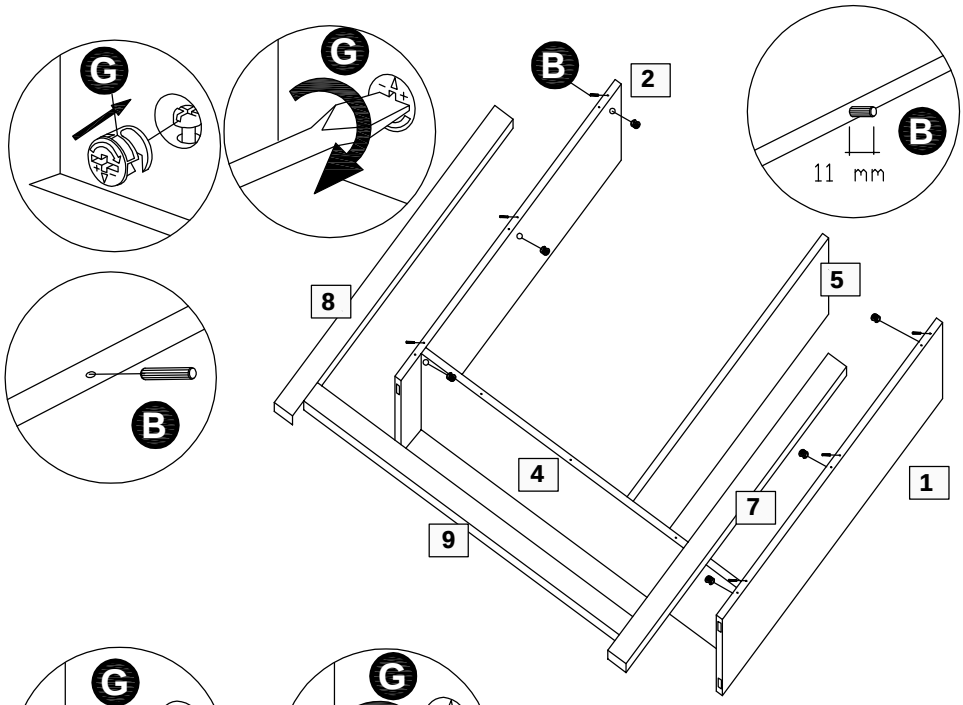

Assembly Instructions

Step 6

Attaching the frame

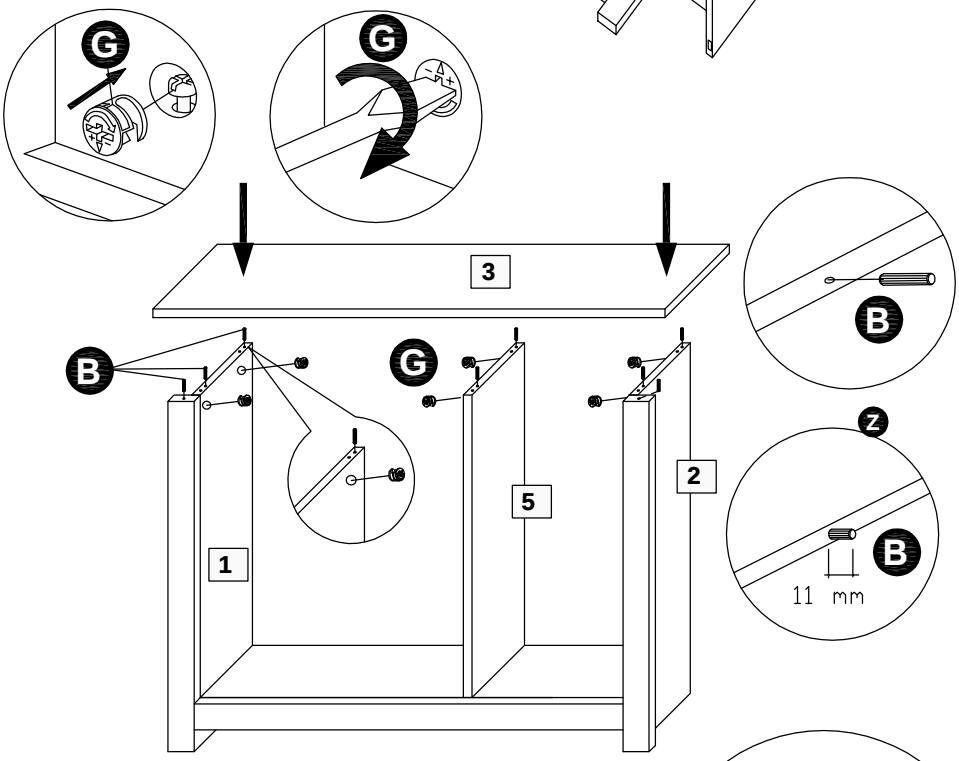

Insert wooden dowels (B) into the edge of the left and right side panels [1] , [2].
Align correctly and insert large locking nuts (G) into left and right side panels [1] , [2] and bottom panel [4] , place the frame and turn locking nuts clockwise to lock.

Step 7

Attaching top panel

Insert wooden dowels (B) into the top edges as shown, align correctly and insert large locking nuts (G) into left and right side panels [1] and [2] , and vertical partition wall [5], place the top panel [3] and turn locking nuts clockwise to lock.

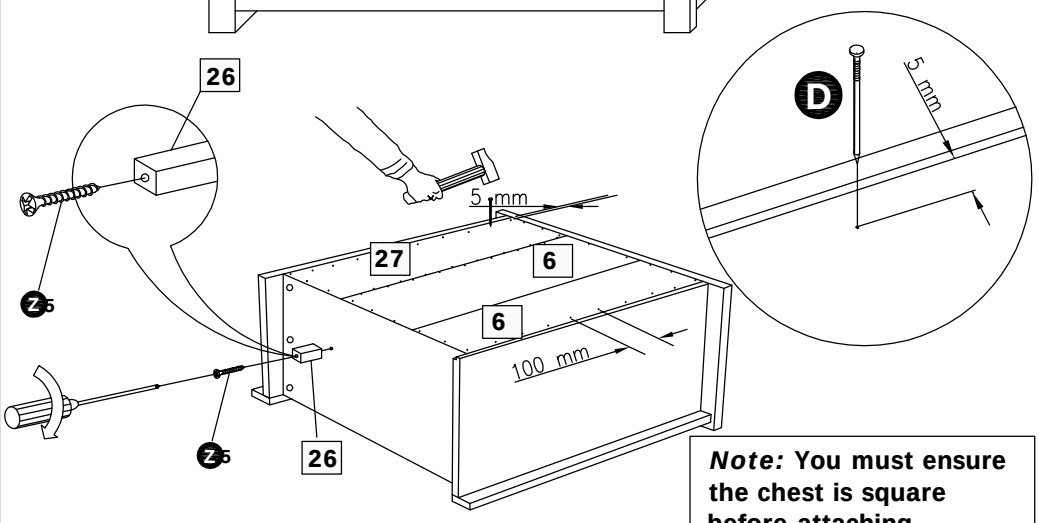

Step 8

Attaching back panels and supporting leg

With help, carefully lay chest down.

Position back panels [6] , [27] in position on the back of chest as shown. Position nails (D) 5 mm in from side edge of the back panels [6] , [27] with distance 100 mm between each other. Fix them using the hammer.

Insert screw (Z) 5 into the supporting leg [26] and fix to the bottom [4] .

Note: **You must ensure the chest is square before attaching the back panels.**

Assembly Instructions

Step 9

Assembly Instructions

Step 9 - continued

i: Large drawers only: Position the reinforcing metal strap T2 onto the large drawers as shown. Fix using supplied screws U2 .

j: Large drawers only: Position 2 drawer base supports P onto the large drawers as shown. Fix using supplied screw.

k: All drawers: Attach handles 15 to drawer fronts using screws S.

Step 10

Fixing to wall

It is recomended that the chest is fixed to a wall.

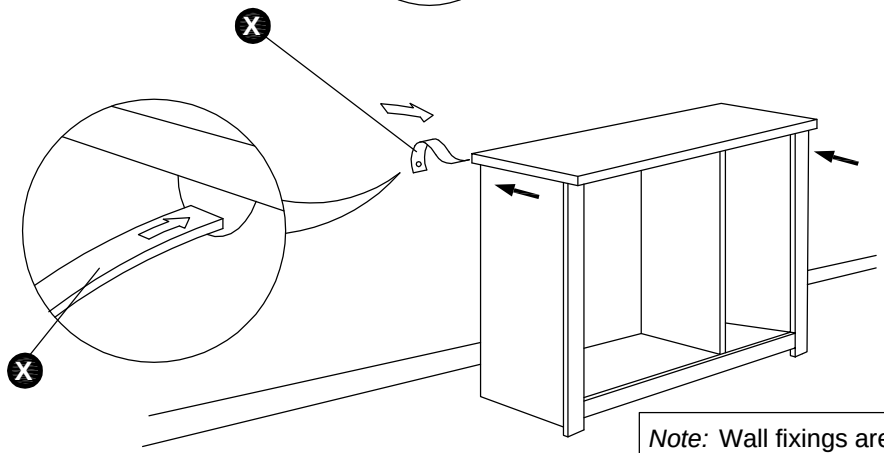

Poke wall strap X through the hole in the back panel and fix it to top panel underneath using screw Y and underlay O.

Mark fixing hole onto wall. Drill a hole and insert a suitable wall plug. Fix wall strap X using a screw suitable for your wall.

Warning:
Before drilling, check wall for hidden pipes and cables.

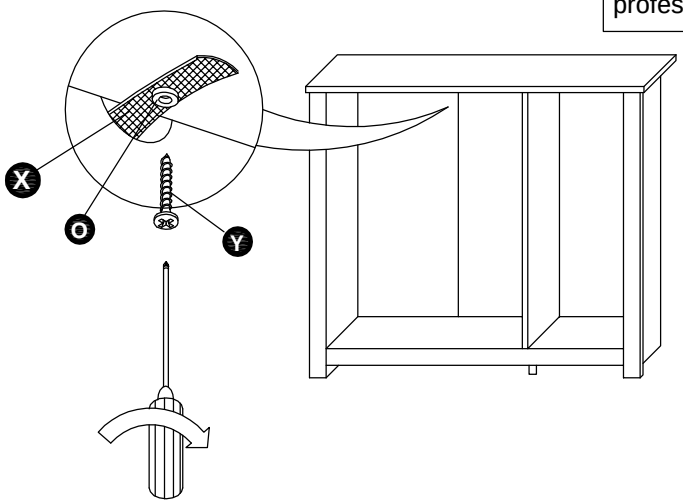

With help, move chest into position.

Warning:
The chest is heavy. Lift with care.

Note: Wall fixings are not supplied with this unit.

The correct type of fixing must be used for your wall, seek professional advice if in doubt.

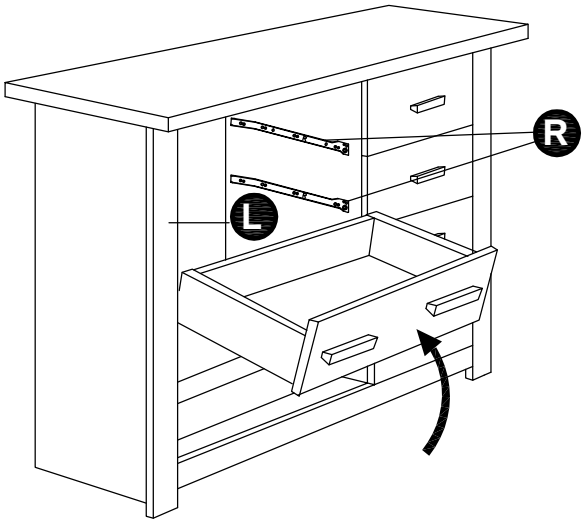

Assembly Instructions

Step 11

Inserting drawers

Insert the drawers moving up and down as shown and ensure that wheels fit onto left and right runners L, R.

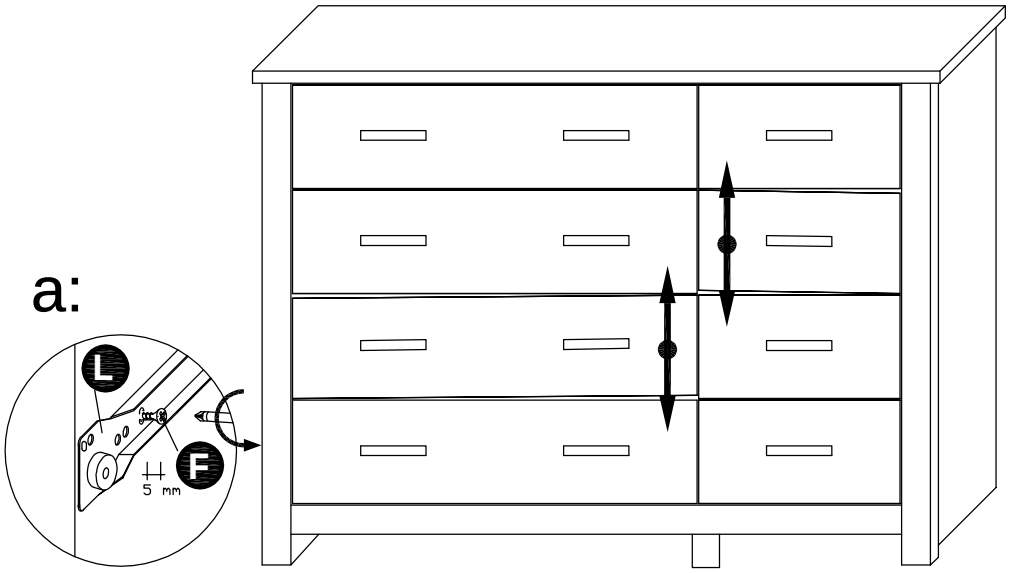

Check the gaps between the drawers and if they line up, assembly is complete.

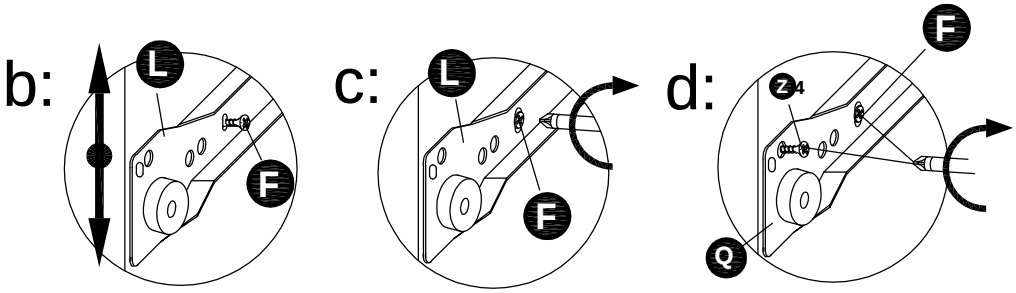

Step 12

Drawer runner adjustment

To move drawers up or down: loosen screws F as shown and move runners L, R up or down as required.
Retighten screws F and fix the runners L, R using screws Z4.

Assembly is complete
