Issue 1 - 22/05/14

⚠ Safety and Care Advice

Important - Please read these instructions fully before starting assembly

. Check you have all the components and tools listed on pages 2 and 3.

. Remove all fittings from the plastic bags and separate them into their groups.

. Keep children and animals away from the work area, small parts could choke if swallowed.

. Make sure you have enough space to layout the parts before starting.

. Do not stand or put weight on the product, this could cause damage.

. Assemble the item as close to its final position (in the same room) as possible.

. Assemble on a soft level surface to avoid damaging the unit or your floor.

. Parts of the assembly will be easier with 2 people.

. We do not recommend the use of power drill/drivers *for inserting screws*, as this could damage the unit. Only use hand screwdrivers.

. Dispose of all packaging carefully and responsibly.

Glue safety - Take care when using glue, please follow the advice below

Skin contact: Remove contamination by washing with soap and water. This procedure should also be followed prior to eating and drinking.

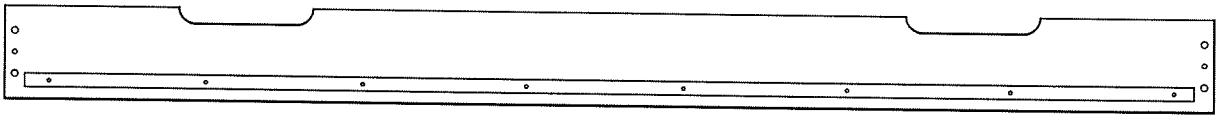

Eye contact: Rinse immediately with clean water for 15 minutes and seek medical advice.

If swallowed: Seek medical advice immediately.

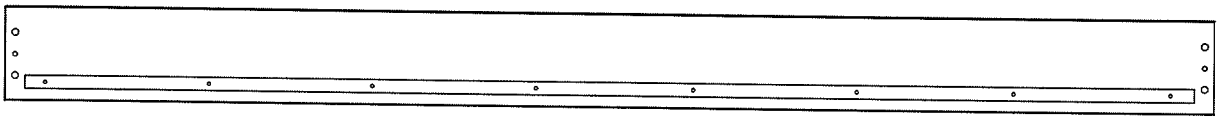

Note: if required the next page can be cut out and used as reference throughout the assembly. Keep this page with these instructions for future reference.
