Safety and Care Advice

Important – Please read these instructions fully before starting assembly

• Check you have all the components and tools listed on pages 2.

• Remove all fittings from the plastic bags and separate them into their groups.

• Keep child ren and animals away from the work area, small parts could choke if swallowed.

• Make su re you have enough space to layout the parts before starting.

• Do not stand or put weight on the product during assembly, this could cause damage.

• Assemble the item as close to its final position (in the same room) as possible.

• Assemble on a soft level surface to avoid damaging the chair or your floor.

• Parts of the assembly will be easier with 2 people.

• We do not recommend the use of power drill/drivers for inserting screws , as this could damage the unit. Only use hand screwdrivers.

• Dispose of all packaging carefully and responsibly.

• Maximum safe seated weight: 110kgs.

Care and maintenance

• Only clean using a damp cloth and mild detergent, do not use bleach or abrasive cleaners.

• Make sure each studs matches the corresponding figure to ensure correct assembly.

• From time to time check that there are no loose nuts on this chair.

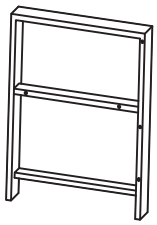

• Assemble all parts and nuts loosely during assembly,only once the product is complete should you fully tighten the nuts.

• This product should not be discarded with household waste. Take to your local authority waste disposal centre.

⚠ Safety and Care Advice

Important Please read these instructions fully before starting assembly

• Read these instructions carefully and familiarise yourself with the procedure before assembling the unit.

• Check that you have all the component parts following the list on the back cover and familiarise yourself with each part before proceeding.

• Take all the fittings out of the plastic bag and separate them into their groups.

• Ensure you have enough space to lay out all the parts before assembly.

• To avoid scratching it is recommended that you assemble the unit on a soft level surface.

• Keep children and animals away from the work area,small parts could choke if swallowed.

• This product is manufactured from toughened safety glass.In the unlikely event that the glass fails it will break into a large numbre of small fragments that may be spread over a wide area.

• This is a feature of toughened glass,designed to remove the risk of injure from glass breaking into large shards.

• If the glass is chipped or broken,replace with the same type of glass.Consult the furniture retailer or agent with regard to obtaining a manufacturing specification of the shape for replacement glass quoting the model numbers,and batch number or date of manufacture of this items.

• It would be useful to ask someone to help you during assembly.

• Dispose of all packing carefully and responsibly.

• Suggest to complete this product assembly by two person.

• Do not place very hot or cold items against or in close proximity to glass surface unless an adequately thick insulating material is used to prevent such items from coming into contact with the glass.

• Do not use the glass as a chopping surface. Do not strike the glass with hard or pointed items.

• Do not sit or stand on the glass surface,as this would be hazardous.

• Do not over-tighten as this may damage the glass.

• ***Warning:*** The unit weights approximately 31 kgs .

Please lift with care.

Care and maintenance

•To avoid any risk of suffocation to animals or chilredn dispose of the platic bags immediately.

• As with all surface clean with a damp cloth and mild detergent, rinse thoroughly dry frame completely.

• Do not use washing powders or any other substances containing abrasives since these substances scratch glass.

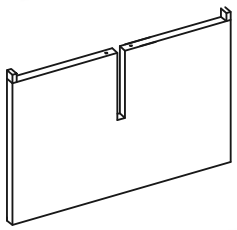

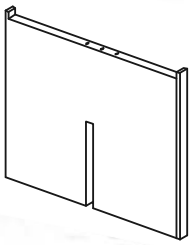

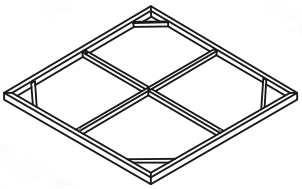

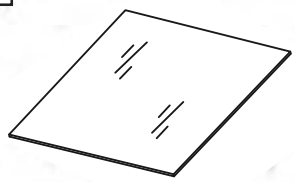

• In order to prelong the life and beauty of your table, we recommend the use of furniture covers and store in a dry and secure area when not in use.

• When moving the table, lift the table, do not drag.

• From time to time please ensure there are no loose screws on the product.
