Issue 1 - 10/11/14

Safety and Care Advice

Important - Please read these instructions fully before starting assembly

• Check you have all the components and tools listed on pages 2 and 3.

• Remove all fittings from the plastic bags and separate them into their groups.

• Keep children and animals away from the work area, small parts could choke if swallowed.

• Make sure you have enough space to layout the parts before starting.

• Do not stand or put weight on the product, this could cause damage.

• Assemble the item as close to its final position (in the same room) as possible.

• Assemble on a soft level surface to avoid damaging the unit or your floor.

• Parts of the assembly will be easier with 2 people.

• To reduce the likelihood of damaging your product please ensure that your power drill is set on a low torgue setting.

Care and maintenance

• Only clean using a damp cloth and mild detergent, do no use bleach or abrasive cleaners.

• From time to time check that there are no loose screws on this unit.

• This product should not be discarded with household waste. Take to your local authority waste disposal centre.

Handy Hints

• Assemble all parts and bolts loosely during assembly, only once the product is complete should you fully tighten the bolts

• Regularly check and ensure that all bolts and fittings are tightend properly.

Warnings

• This product is intended for children in the age of 4 to 13 years old.
• Not suitable for children under 4 years.

• Do not place this child's bed near heat sources, windows and other furniture.
• Do not use this bed if any part is broken, torn or missing.

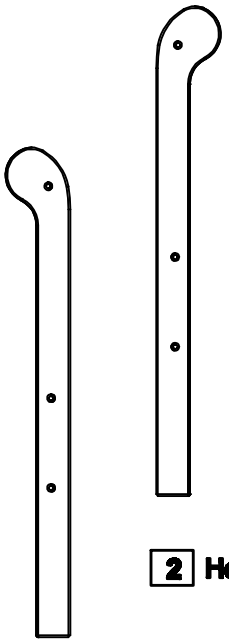

• THIS BED COMPLIES WITH BS8509:2008+A1:2011

Assembly Instructions

Step 6

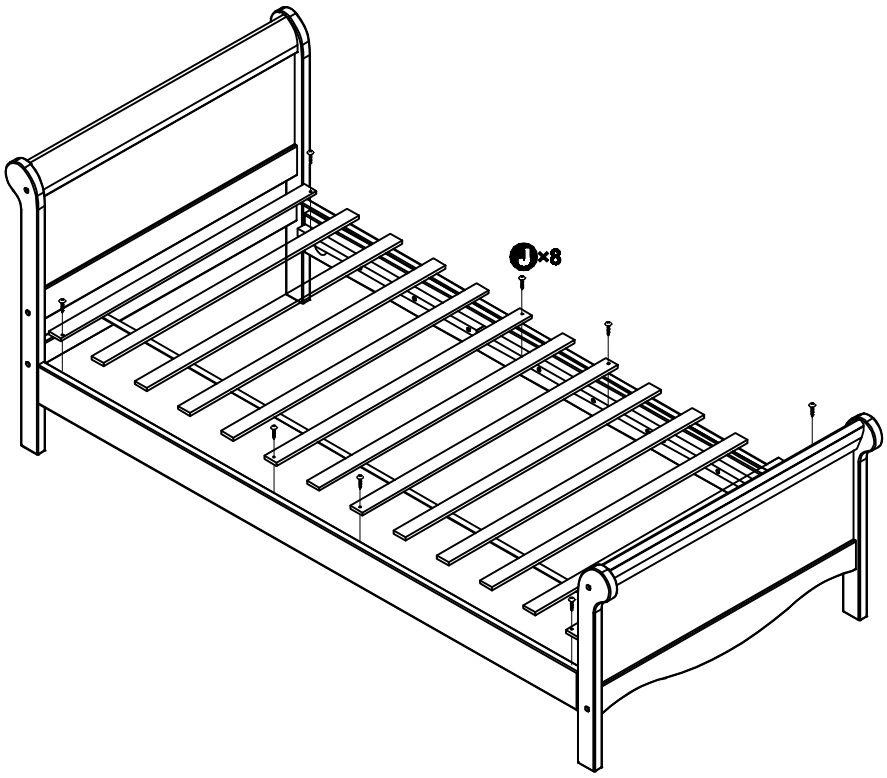

Additional step to fix the slats.

Note:The slats are supplied separately.

Spreading the slats evenly onto the bed frame.

Fix the slats to the side frame using screws (J) .

Take care not to place a slat directly above the screws in the side frames.

Assembly is complete.

This bed is made from timber which will continue to adjust to the environment in which it is in (i.e. the bedroom). This may lead to minor cracking at the joints and is to be expected on a premium solid timber piece of furniture
