Battery Electric Pump

READ FOLLOWING INSTRUCTION AND WARNING BEFORE USE.

IMPORTANT :

This is a high-volume pump intents to inflate such as airbed, inflatable toys…etc, not for filling tires or continuous use. To avoid the child personal injury, like fingers stretching into the inlet touching the blades to cause injury, it's necessary keeping the pump away from the child. Keep the pump placing in dry, shady and cool place.

WARNING :

Please read the following before using this pump

1. Carefully follow instruction on articles to be inflated. Never exceed recommended pressures. Bursting items can cause serious injury.
2. Never leave pump unattended while in use.
3. Do not use under wet conditions, please keep away from water.
4. Never allow sand, small rocks, etc, to be sucked into inflation or deflation port while operating.
5. Never look into or point the inflate opening toward your eyes while pump is operating.
6. Do not attempt to put hand or fingers into the inflation or deflation port at all time.

TO INFLATE ITEMS

1. Put the pump Inflation valve onto the air inlet of bed.
2. Turn on the switch, then inflating until the air pressure is full.
3. Turn off the switch when the air inflation was completed.

TO DEFLATE ITEMS

1. Put the pump Deflation valve onto the air inlet of bed.
2. Turn on the switch then deflating until the airbed has almost empty.
3. Turn off the switch when the air deflatiion was completed.
4. Hold and pull the pump out of the airbed.
