Issue 1 - 10/10/14

Safety and Care Advice

Important – Please read these instructions fully before starting assembly

• Check you have all the components and tools listed on pages 2 and 3.

• Remove all fittings from the plastic bags and separate them into their groups.

• Keep children and animals away from the work area, small parts could choke if swallowed.

• Make sure you have enough space to layout the parts before starting.

• Do not stand or put weight on the product, this could cause damage.

• Assemble the item as close to its final position (in the same room) as possible.

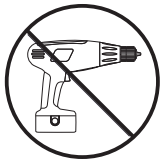

• Assemble on a soft level surface to avoid damaging the unit or your floor.

• This product has been produced from natural timber; you may notice some variation in the grain and colour of different component parts which is normal for furniture produced using natural wood and is not the result of any manufacturing fault.

• The product has been treated with a wax and oil finish to prevent dirt ingress and preserve moisture.

• On unpacking the furniture you may notice an odour due to this treatment; this will disappear once the furniture is unpacked and assembled after a period of time.

• This process may leave some staining on the packaging material; please take care to ensure this does not transfer to clothing or carpeted surfaces during assembly.

• We do not recommend the use of power drill/drivers ***for inserting screws***, as this could damage the unit. Only use hand screwdrivers.

• Parts of the assembly will be easier with 2 people.

• Dispose of all packaging carefully and responsibly.

Care and maintenance

• Use an appropriate furniture polish for natural wood furniture and a dry cloth to clean the product.

• Avoid placing the furniture in direct sunlight as this will cause the timber to prematurely age.

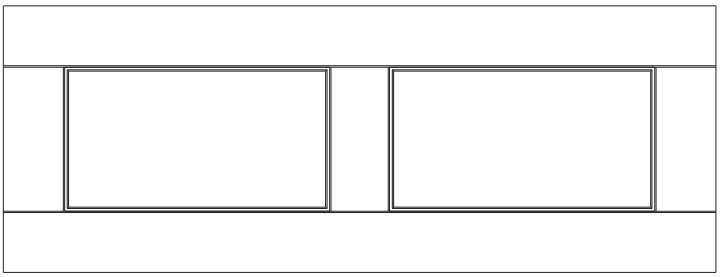

• From time to time check that there are no loose screws on this unit.

• This product should not be discarded with household waste. Take to your local authority waste disposal centre.

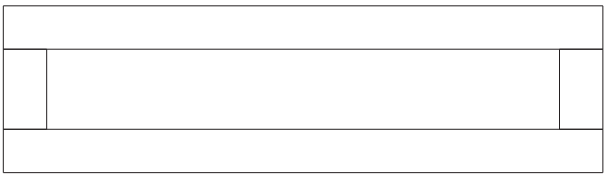

Note: *If required the next page can be cut out and used as reference throughout the assembly. Keep this page with these instructions for future reference.*

Components - Panels

Please check you have all the panels listed below

1 Top panel (107 x 40cm)

2 Front and back frame x 2 (90 x 25cm)

3 Leg x 4 (71.5 x 5.5cm)

4 Back panel (89.8 x 24cm)

5 Drawer bottom (75 x 22.6cm)

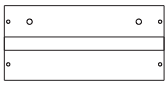

6 Drawer front (76.4 x 11.2cm)

7 Drawer back (74 x 11.2cm)

8 Side panel x 2
(25 x 23cm)

9 Drawer sides x 2
(24 x 11.2cm)

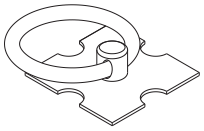

10 Drawer runner x 2
(26.6 x 6.9cm)

Components - Fittings

If you have damaged or missing components, call the **Customer Helpline: 03456 400 800**

A  Wooden dowel x 30	**B**  30mm Screw x 8	**C**  35mm Screw x 22
D  19mm Bolt x 2	**E** Drawer handle x 2 	**F** Round metal stud x 12 
G  Nail x 14		

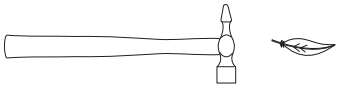

Tools required

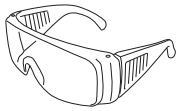

Phillips screwdriver (small & medium)

Ruler/tape measure

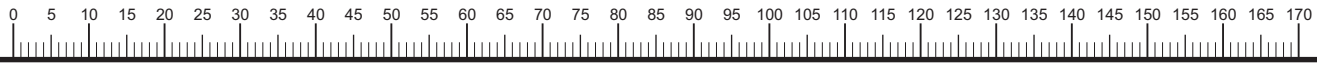

Small hammer

Eye protection (when using a hammer or glue)

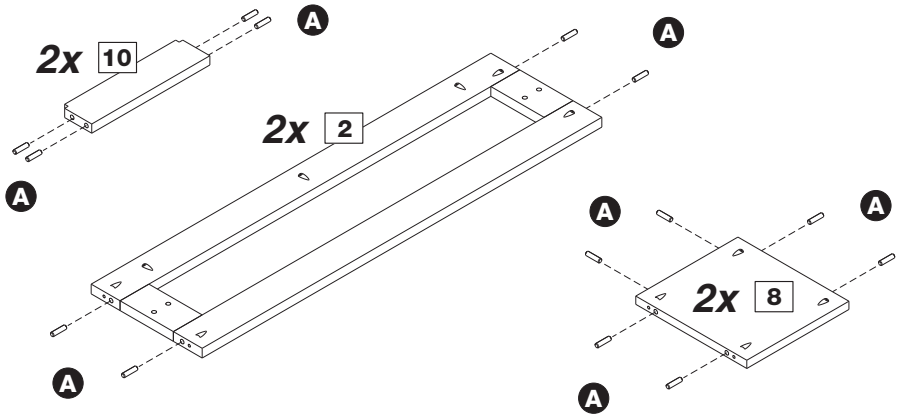

Ruler - Use this ruler to help correctly identify the screws

Assembly Instructions

Step 1

Insert dowels Ⓐ into the indicated parts.

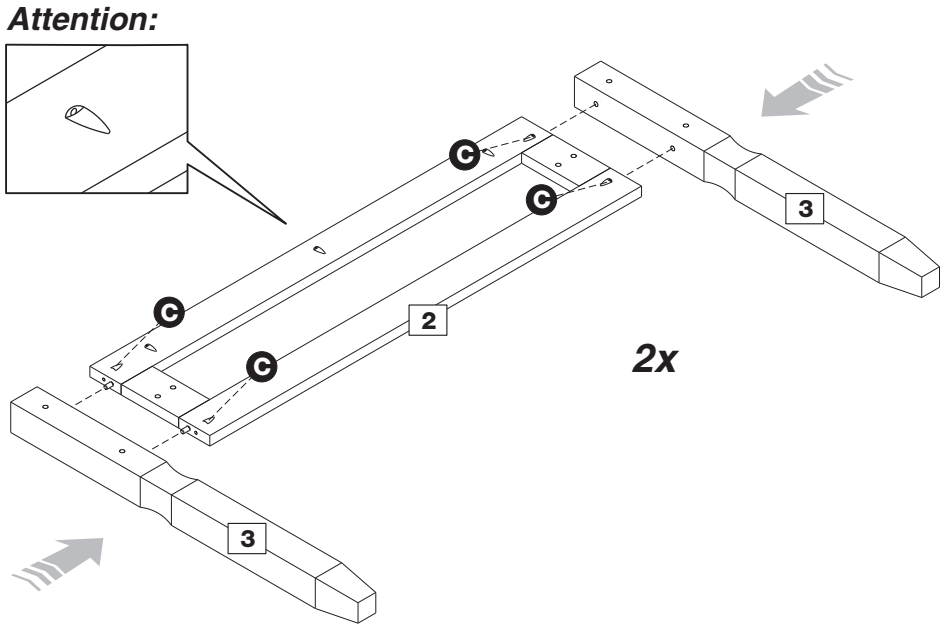

Step 2

Fixing front panel.

With help, fit front frame 2 to legs 3.
Make sure panel is positioned as shown.

Attach front frame to the legs using screws Ⓒ.

Repeat step 2 for the back frame and legs.

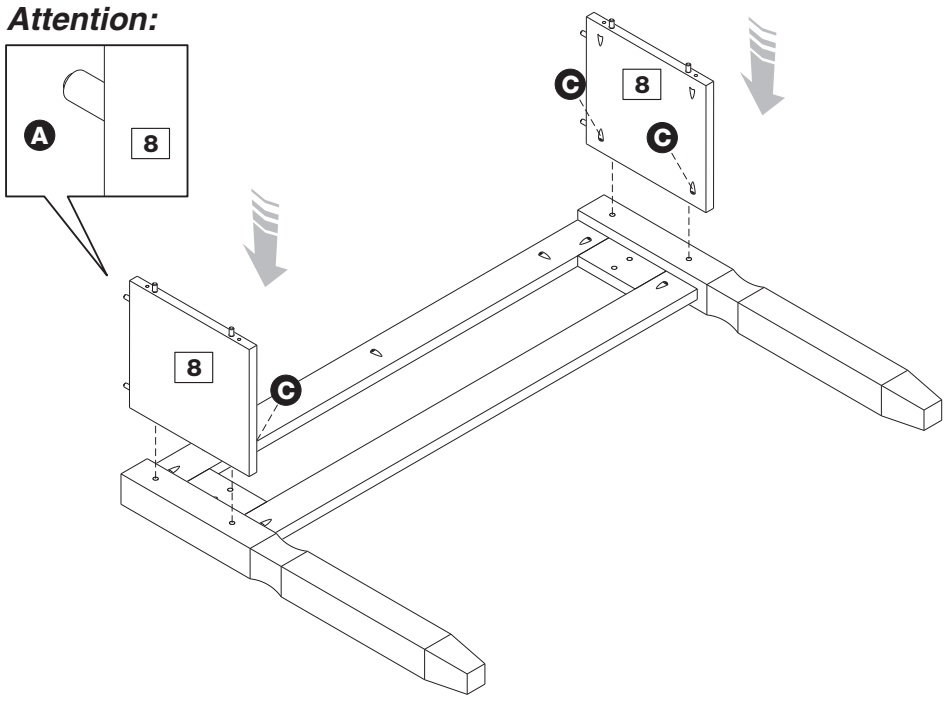

Step 3

Fixing side panels.

With help, fit side panels 8 to legs.

Attach side panels to the legs using screws Ⓒ.

Attention:
Make sure dowels in side panels are positioned as shown.

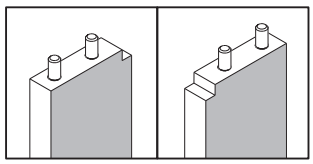

Step 4

Insertig drawer runners.

Insert drawer runnes 10 to back frame 2.

Attention:
Make sure drawer runners are positioned correctly as shown in the diagram.

Attention:

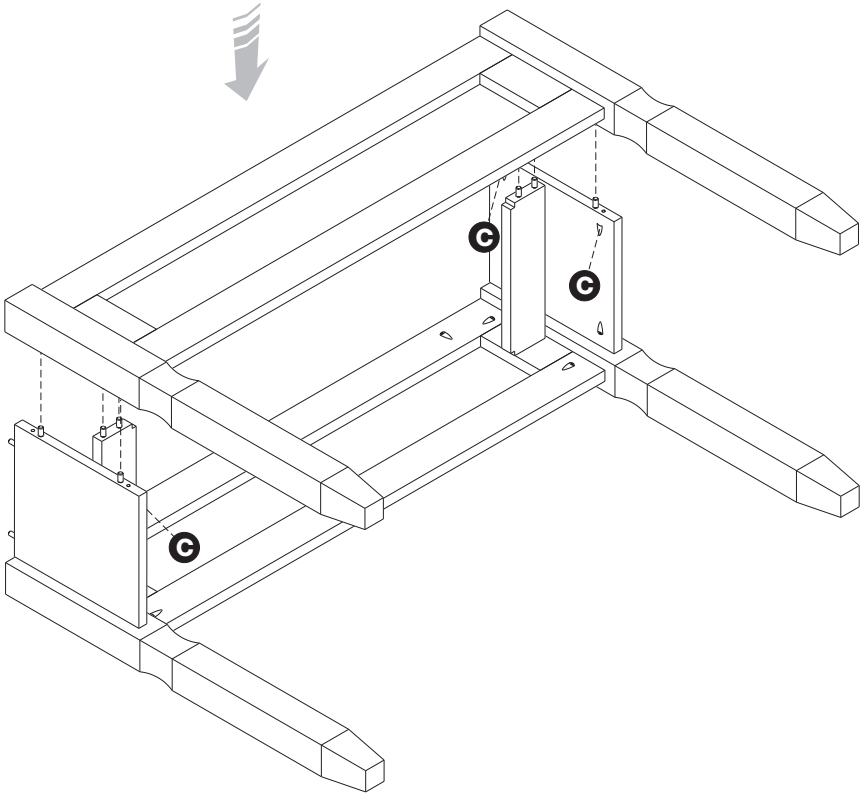

Step 5

Fixing front frame.

Two people are required for an easier assembly.

With help, place front frame properly ensuring dowels are all fit into their holes at the same time.

Attach side panels to the legs using screws C.

Assembly Instructions

Step 6

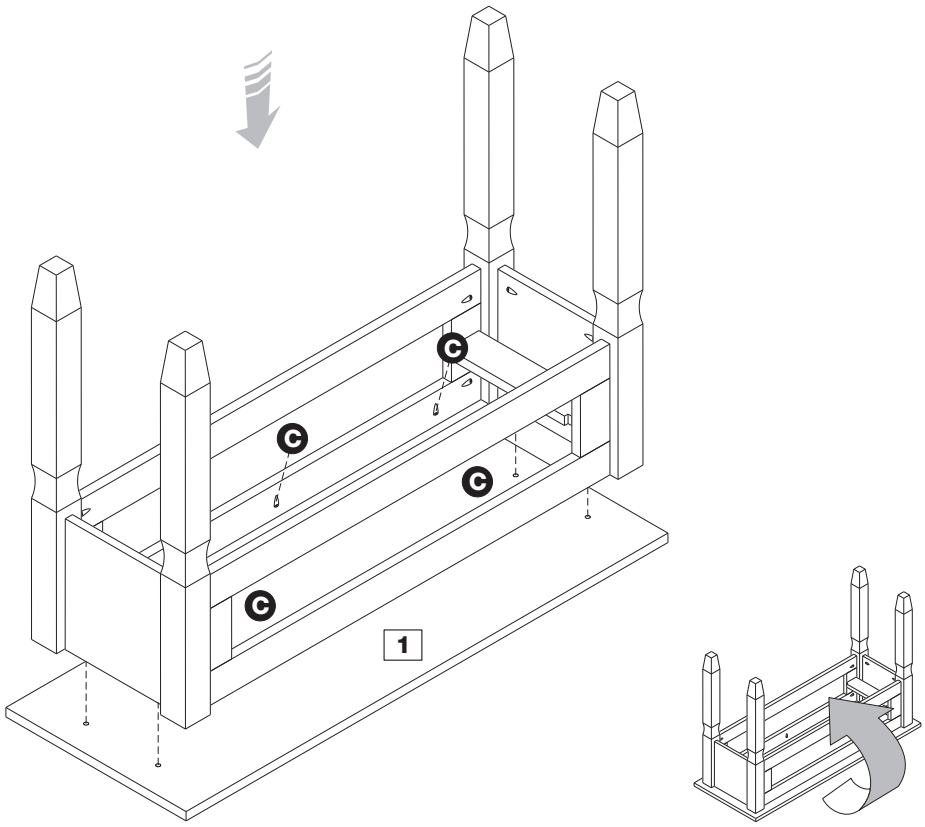

Fixing top panel.

Two people are required for an easier assembly.

Caution: Carefully lay the top panel 1 on a soft and clean surface to avoid damaging the product.

Attach cabinet to the top panel 1 using screws C.

Important: With help, after fixing top panel, carefully stand the product upright.

Step 7

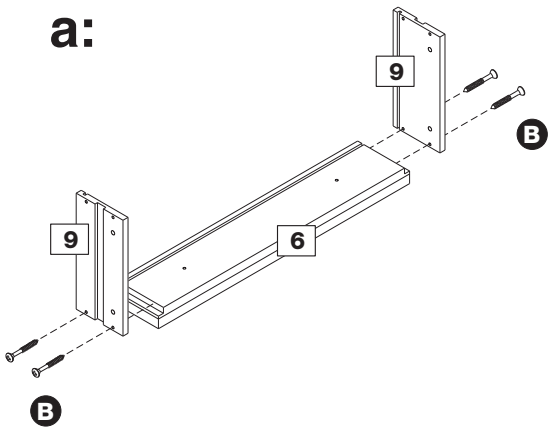

Drawer assembly.

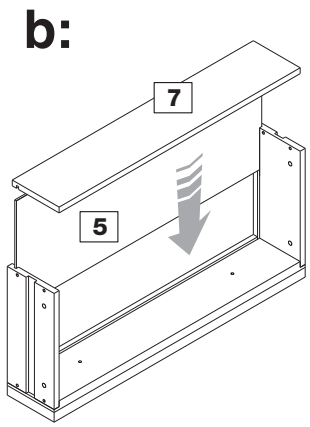

a: Attach drawer sides 9 to the drawer front 6 using screws B.

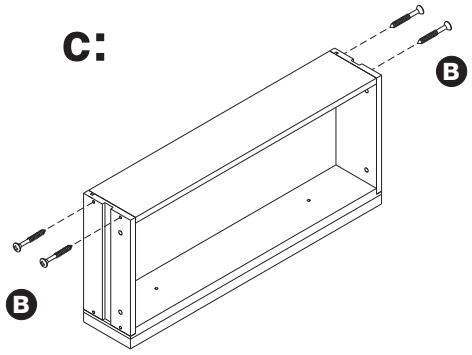

b: Slide drawer bottom 5 into slots on drawer sides and position drawer back 7 in place.

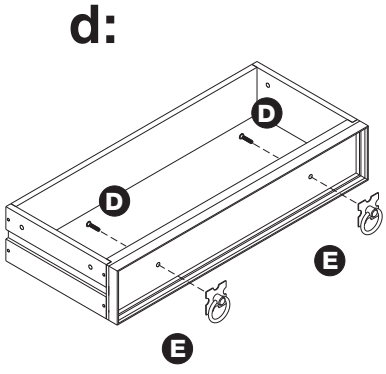

c: Holding the drawer back 7, press drawer sides and fix them using screws B.

d: Using bolts D attach drawer handle E to drawer front.

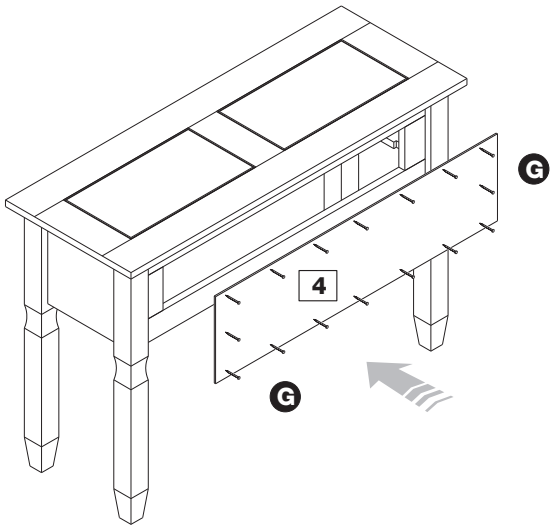

Assembly Instructions

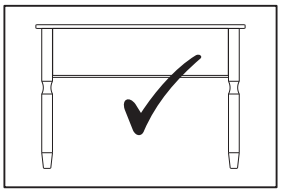

Step **8**

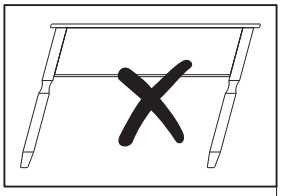

Fixing back panel.

Important: Cabinet **MUST** be 'square' when back panel is attached.

Attach back panel 4 using nails G.

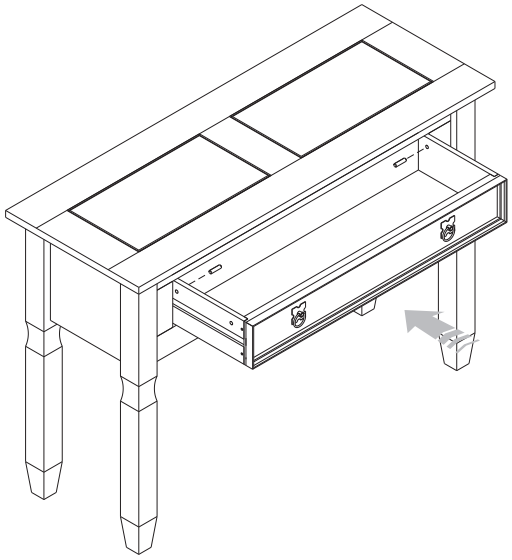

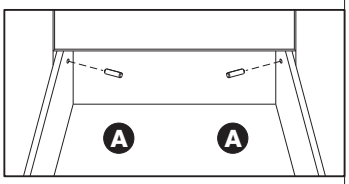

Step **9**

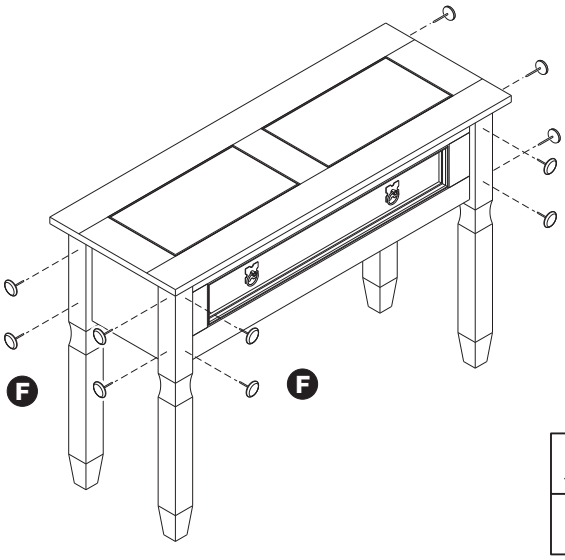

Insert drawer into unit. With the back of the drawer past the front frame, use a hammer to tap dowels A in flush to drawer sides. This is a safety catch to stop drawer falling out.

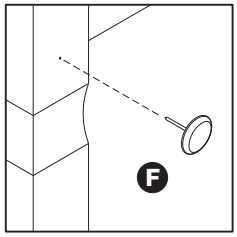

Step **10**

Fix round metal studs F into the pre drilled holes in legs 3.

F

Assembly is complete.
