Health and Safety

The use of any electrical appliance requires the following common sense safety rules. Please read these instructions carefully before using the product.

- This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, if they have been given supervision or instruction concerning the use of the appliance in a safe way and understand the hazards involved.
- Children shall not play with the appliance.
- Cleaning and user maintenance shall not be made by children unless they are older than 8 and supervised.
- Keep the appliance and its cord out of reach of children less than 8 years of age.

Location

- This appliance is intended to be used in household and similar applications such as:

farm houses;

by clients in hotels, motels and other residential type environments;

bed and breakfast type environments.

It is not suitable for use in staff kitchen areas in shops, offices and other working environments.

- Do not use outdoors or in a bathroom.

Personal safety

- Avoid touching moving parts. Keep hands, hair and clothing, and utensils away from the hand mixer attachment blades during operation, to prevent personal injury and/or damage to the appliance.

Other safety considerations

- The use of attachments or tools not recommended or sold by Morphy Richards may cause fire, electric shock or injury.
- Do not use the appliance for anything other than it's intended purpose.
- Unplug from the outlet when not in use, or when left unattended, and before assembling, disassembling or cleaning.

Product specific safety

- **WARNING:** The blender blades are very sharp. Handle with care when using, emptying and cleaning.
- **WARNING:** To protect against fire, electric shock and personal injury, do not immerse the cord, plug or mixer in water or other liquid.
- Do not clean the attachments under running water while they are in position.
- Make sure the blender is switched off before connecting to or disconnecting from the mains supply and when left unattended.
- Switch off the appliance and disconnect from the supply before changing accessories or approaching parts that move in use.

Do not use hot liquids in the blender as it can be ejected out of the appliance due to sudden steaming.

Electrical requirements

- The power cord cannot be replaced. Contact Morphy Richards for advice.

Check that the voltage on the rating plate of your appliance corresponds with your house electricity supply which must be A.C. (Alternating Current).

Should the fuse in the mains plug require changing, a 3 amp BS1362 fuse must be fitted.

Product overview

Features

- (1) Beaker (x2)
- (2) Blade
- (3) Blade Lid
- (4) Main Unit
- (5) Control Knob
- (6) Cap (x2)
- (7) Safety Seal

Before first use

WARNING: Sharp blades, handle with care.

Before using for the first time or if un-used for a long period, wash your Easy Blend thoroughly before use.

1. Remove the Safety Seal (7) from the Blade Lid (3).
2. Wash all parts except the Main Unit (4) in hot soapy water and dry thoroughly. Do not allow the Blade Lid to stand in water.
3. Replace the Safety Seal into the Blade Lid before use. Screw a Beaker (1) onto the Blade Lid to help press the seal into place.

Using the Easy Blend

WARNING: Ensure your Easy Blend is unplugged from the mains before use.

Add the ingredients to the Beaker (1). Do not exceed the maximum level (800ml).

Ensure the Safety Seal (7) is fitted correctly. Attach the Blade Lid (3) to the Beaker. Screw to fix into place securely.

Attach the Blade Lid to the Main Unit (4). Align the open padlock and arrow and twist to lock into place.

Plug into the mains. Turn the Control Knob (5) to the desired speed High (II), Low (I), or Pulse (P). Your Easy Blend will begin to blend.

When finished, turn the Control Knob to the Off (O) position and unplug from the Mains.

Hold the Blade lid and twist to Unlock from the Main Unit. **DO NOT** hold the Beaker.

Unscrew the Blade Lid from the Beaker. For drinks on the go, attach a Cap (6) to the Beaker.

Safety Seal

- There is a Safety Seal (7) in place on the Blade Lid (3). This is to prevent leakage from your Easy Blend when in use and for when the Beaker (1) is upside down.
- Always ensure the Safety Seal is in place before use. Failure to do so could cause damage to the appliance.
- Ensure the Safety Seal is correctly located before the Beaker is screwed onto the Blade Lid.

Usage

Do not operate your Easy Blend continuously for more than 40 seconds. After using for this length of time, let it cool down for 10 minutes before using again.

Suitable foods

Your Easy Blend is ideal for blending a wide range of foods, including fruit and dairy. However it is **NOT** suitable for the following uses;

- Grinding or mashing heavy foods (e.g. potatoes or meat.)
- Stirring thick mixtures (eg dough.)
- Do not use hot liquids in the blender as it can be ejected out of the appliance due to sudden steaming.

Crushing Ice

- If using ice in a recipe (i.e. blending it with other liquids,) do not use more than 6 ice cubes.
- Only crush ice as part of the recipe - do not crush ice on it's own.

Tips

- To reduce the thickness of the smoothie, use the Pulse setting.
- Ensure when removing the full Beaker (1) from the Main Unit (4) hold the edge of the Blade Lid (3) and twist. **DO NOT** hold the Beaker.
- If using seeded berries, it is recommended to sieve the drink before serving for smoother consistency.
- When using spirits for making cocktails, the ingredients need a longer blending time. If not blended enough the alcohol settles at the bottom as it is the heavier liquid.

Care and cleaning

It is important to clean your Easy Blend immediately after use.

1. Switch your Easy Blend off and unplug from the electrical outlet.
2. Remove the Safety Seal (7) from the Blade Lid (3).
WARNING: Extreme care must be taken when washing the metal Blade (2) as it is sharp.
3. Wash all parts except the Main Unit (4) in hot soapy water, dry thoroughly. Do not allow the Blade Lid to stand in water.
A small brush can be used to help dislodge food from under the Blade on the Blade Lid.
4. Replace the Safety Seal into the Blade Lid before use. Ensure the Safety Seal is correctly located before the Beaker is screwed onto the Blade Lid.
5. Clean the Main Unit with a damp cloth. Do not immerse in water.

- The Beakers (1) and Caps (6) are dishwasher safe, place on the top shelf on a cool wash only.

WARNING: Always unplug the appliance before cleaning.

Recipes

We have developed these recipes for you to use in your Easy Blend, from smoothies to health drinks, frappuccinos and cocktails, there are choices for all tastes.

The ingredients and blending times given in the following recipes are only a guide and can be adjusted to suit personal taste.
