Features – operated by the controller:

1. Forward/Reverse – push/pull left side lever forward/backward.
2. Left/Right – use right side lever.

The Controller:

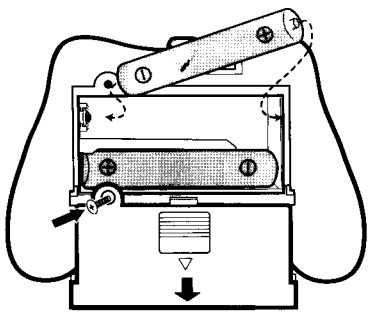

1. Remove the screw to open the Battery Compartment Cover.
2. Insert 2 "AAA" batteries in the battery compartment on the back of the transmitter. Be sure the (+) and (–) are properly matched.
3. The transmitter will automatically sync with the vehicle.

The Vehicle:

1. Locate the battery compartment on the vehicle chassis.
2. Remove the screw to open the Battery Compartment Cover.
3. Insert 3 "AAA" batteries. Be sure the (+) and (–) are properly matched.
4. Replace the Battery Compartment Cover and replace the screw.
5. Turn the ON/OFF switch to the "ON" position.
6. The vehicle is now ready to use.
7. The vehicle is equipped with 2.4GHz technology which allows up to 6 vehicles to be raced at the same time.

Steering Trim:

If the vehicle veers to the left or right, adjust steering trim on underside of vehicle until the desire alignment is reached.

CE 1797

REF06334
