Getting to know your Breezie

Getting to know your Breezie

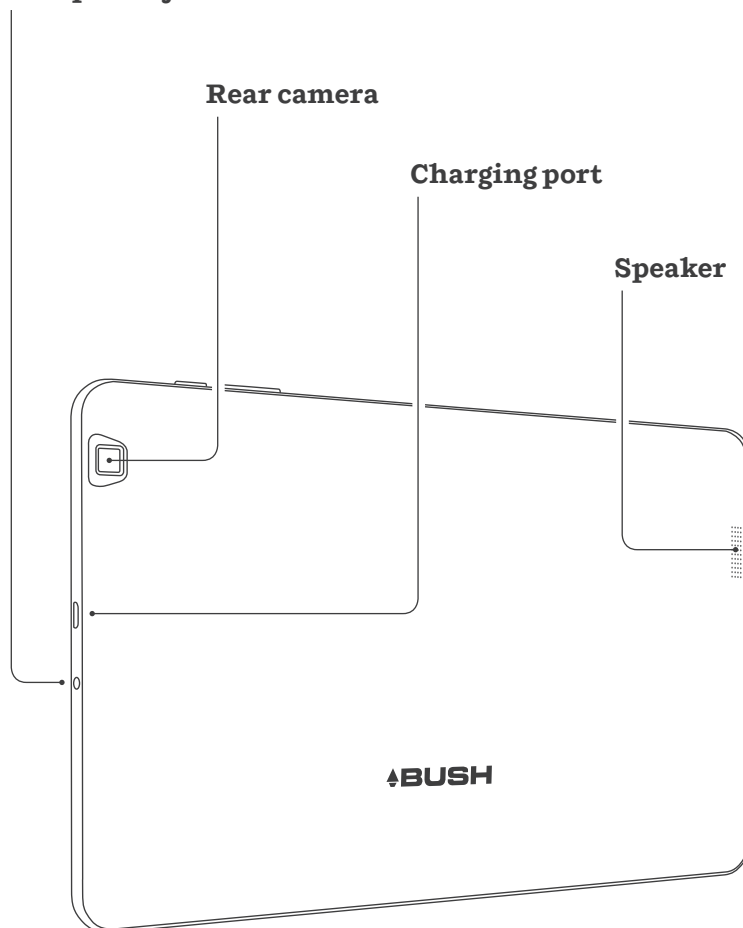

Tablet front (without case)

Microphone

Tablet rear (without case)

Headphone jack

Charger

You will find three separate pieces of the charger. The plug, the adaptor and the cable, these need to be assembled together to make your charger.

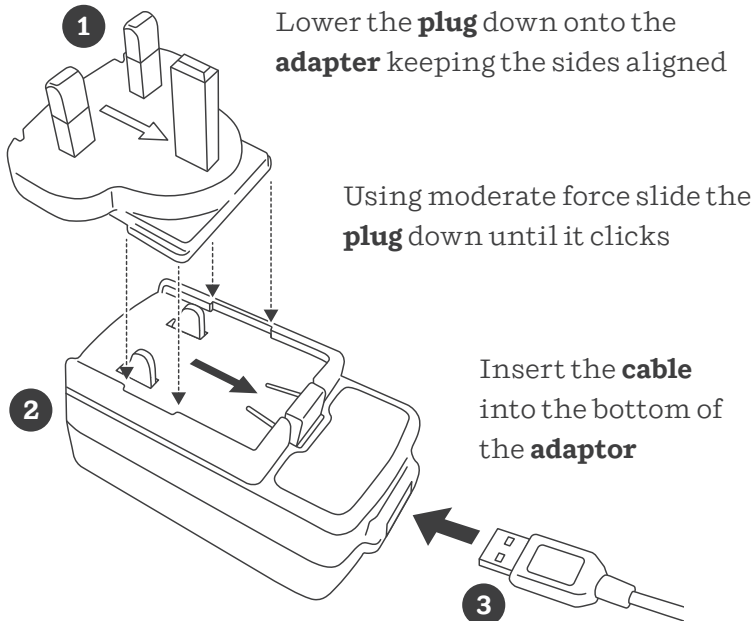

1 Plug

2 Adaptor

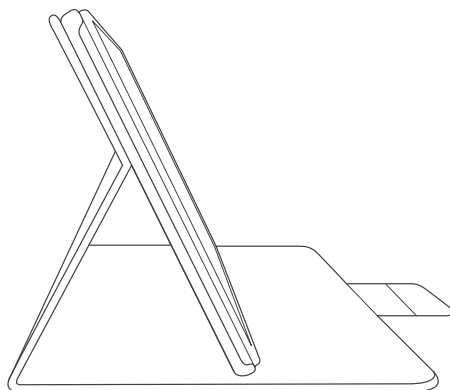

3 Cable

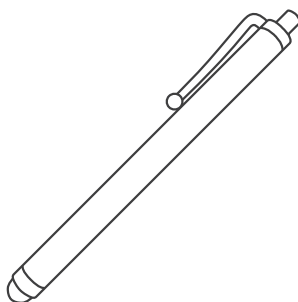

Protective cover

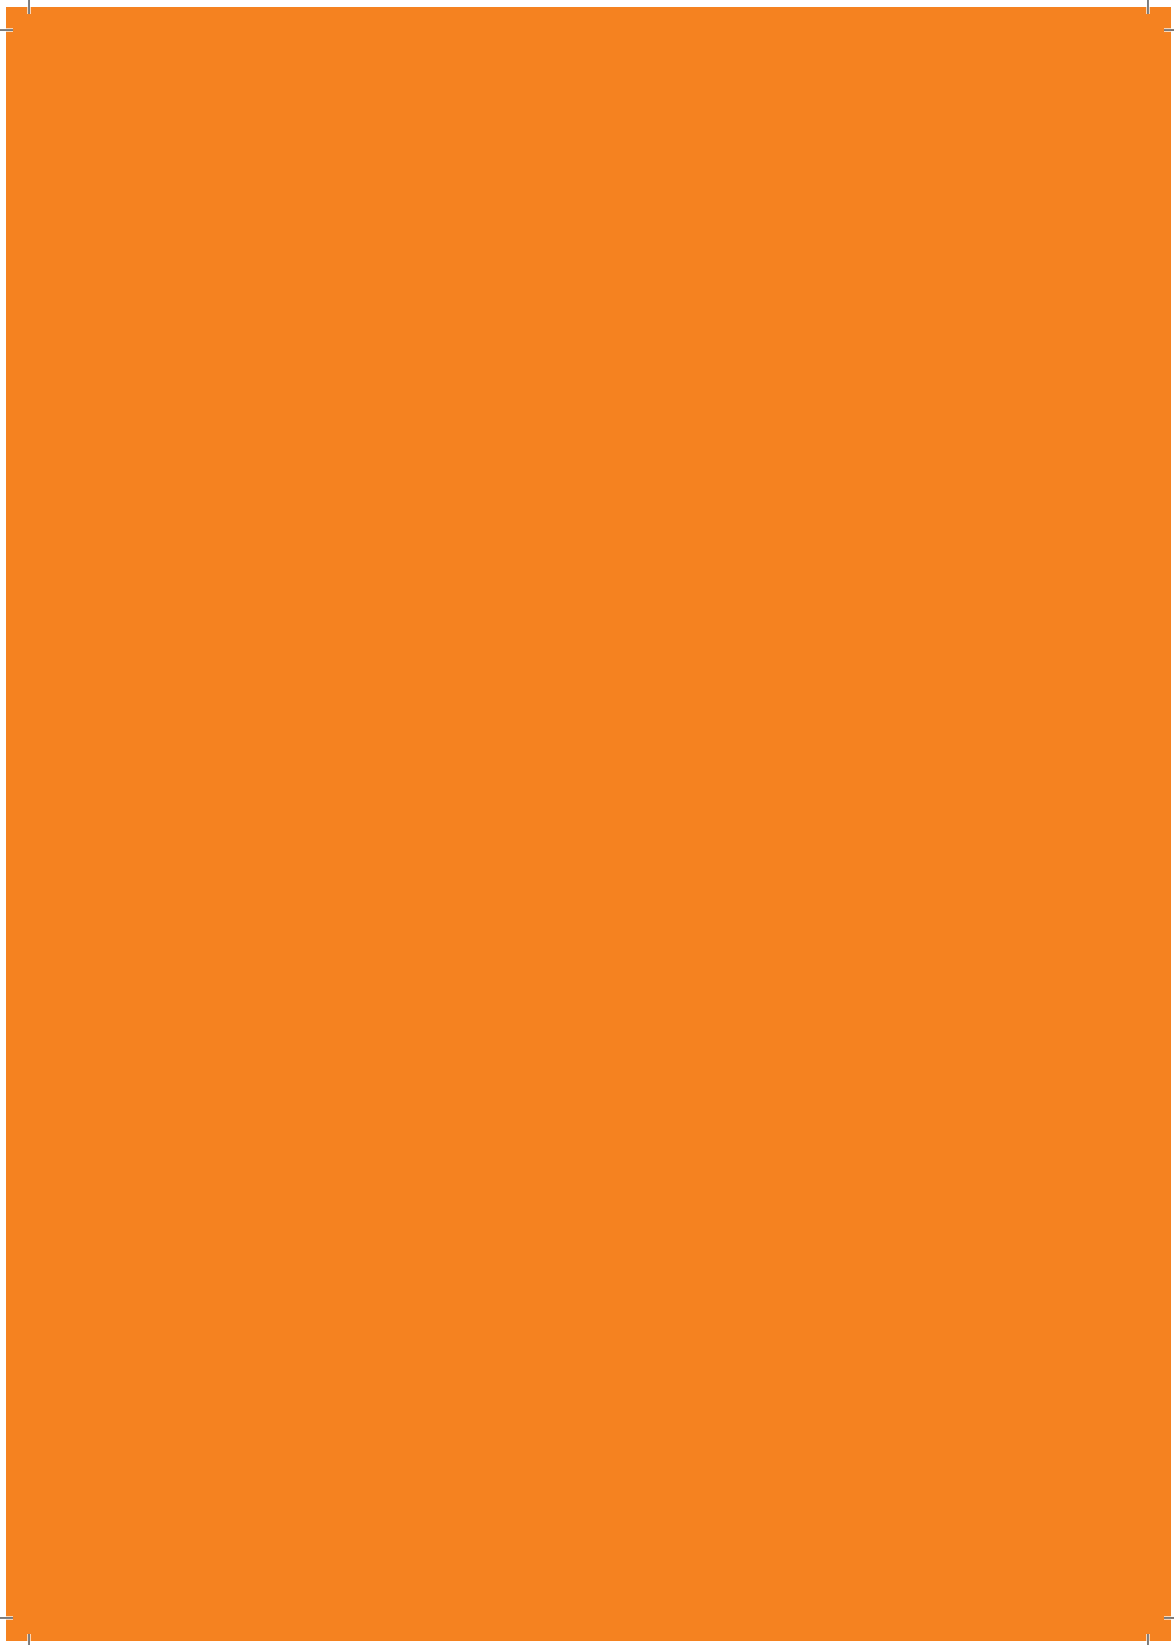

The case which comes with your Breezie acts as both a protective cover and a prop-stand. Simply open it out on a flat surface and prop the tablet into the groove to prop it up.

Stylus

Also included with your Breezie is a 'stylus'. You can use this to increase your tap precision. Hold it just like you would a pen and tap the screen with the rubber nub at the end.

Getting started

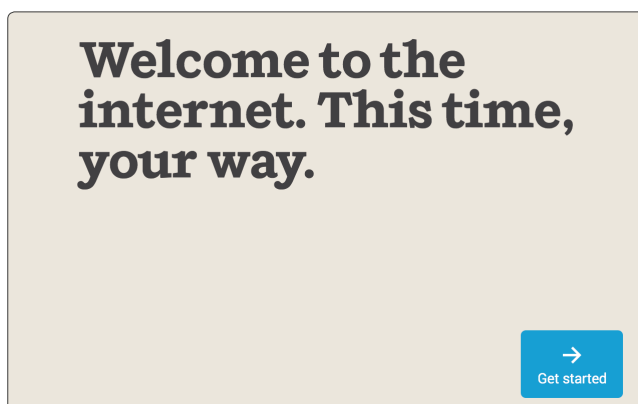

Step 1

Press the **on/off** button firmly and hold it for five or six seconds. Within a minute the Breezie logo will appear on the screen.

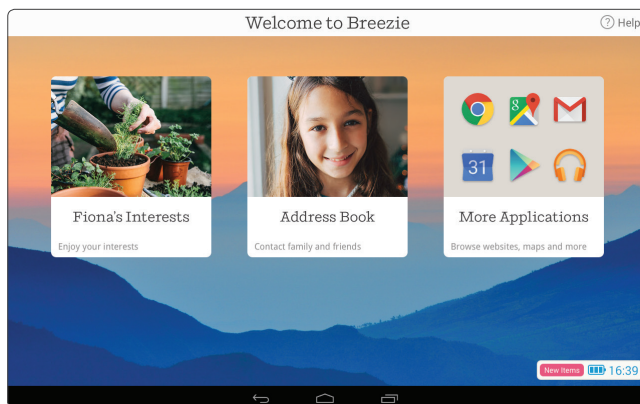

Step 2

After a moment has passed you will see this message, tap on the **Get Started** button to continue.

Step 3

This is the **Start Screen**. You will see three boxes (yours may be different to this picture because your Breezie has been personalised for you).

Tap one of the three boxes on the screen to get going.

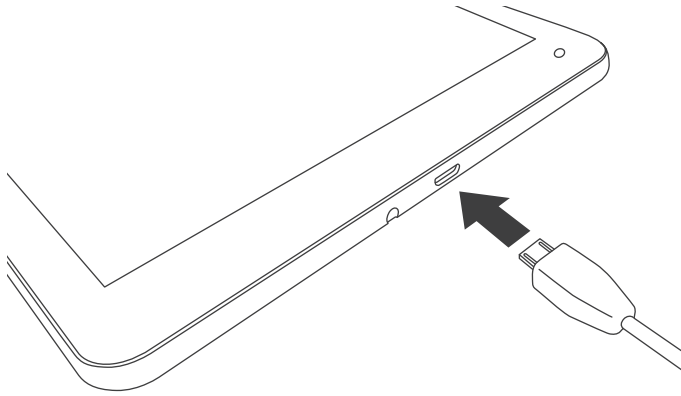

Note

When tapping the screen, do not hold your finger down

Accept the terms of use

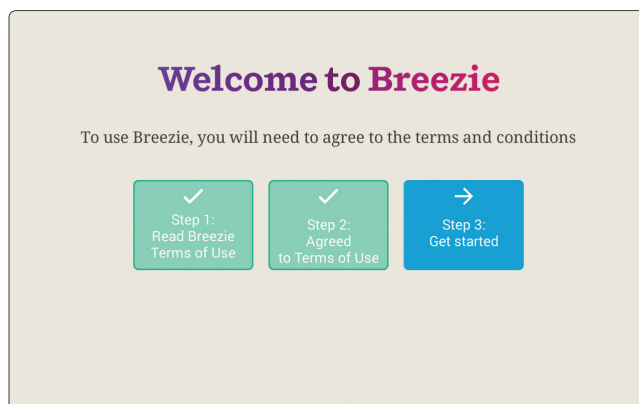

Step 1

You need to accept the **Terms of Use** that govern your use of Breezie and also confirm your permission to have a nominated partner (such as a family member or friend – see page 18 for more details) help you manage your Breezie.

Step 2

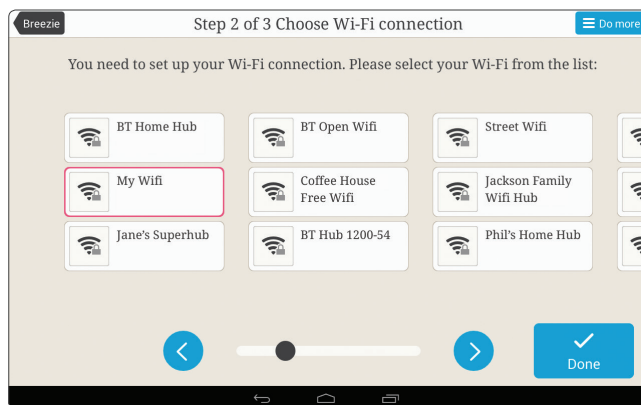

Once you have accepted the Terms, tap **Get Started** to continue.

Connect your Breezie

Step 1

To connect your Breezie to a wireless Internet connection (Wi-Fi), you'll be shown names of the connections available. Tap on your **network name** and then tap **Done**.

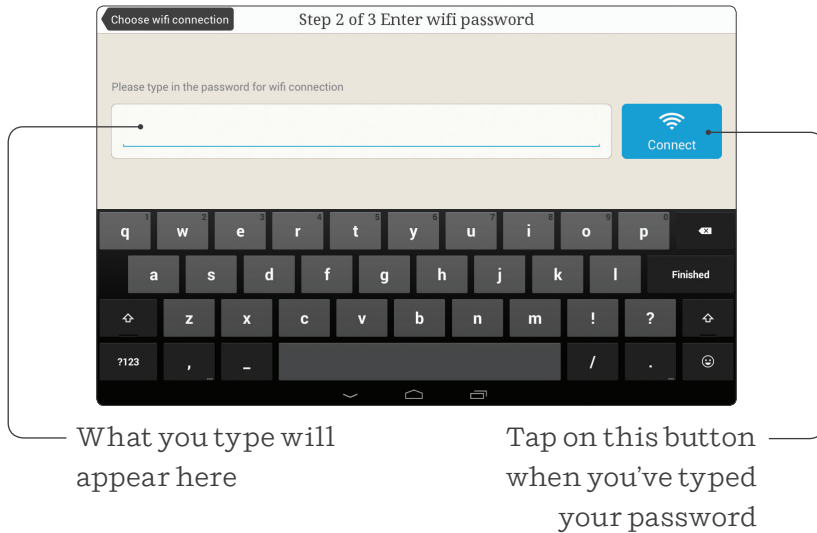

Tip

You can find your network name on the back of your router. It's tiny so you may need a magnifying glass...

Step 2

Using the on-screen keyboard, tap in the **password** given to you by your Internet Service Provider (ISP). Tap on Connect to move on.

Step 3

Your connection is successful, you'll return to the same screen as Step 1. Your network will be highlighted. Tap **Done** to proceed.

Tip

You can find your password on the back of your router box. It is sometimes called a wireless 'key'. It's tiny so you may need a magnifying glass...

Breezie Basics

Breezie basics

Your Breezie Start Screen is organised as three simple sections:

Interests

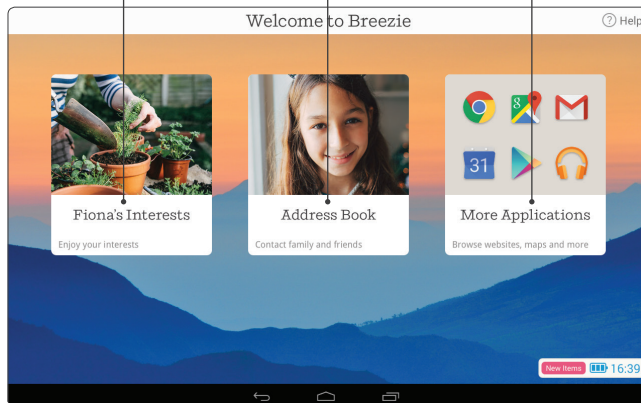

View favourite websites

Address Book

Contact family and friends

More Applications

Browse websites, apps and more

Note

The sections that appear on your Start Screen can be changed. Contact us for more details.

Your notifications

Breezie will display important updates on the Start Screen. These will appear at the bottom right hand corner of the screen next to the battery and time.

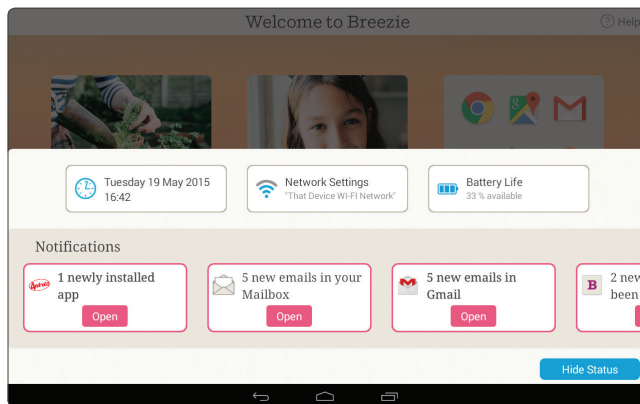

Something may require your attention

No notifications

Tap the pink **New Items** button for day-to-day updates.

Tapping **New Items** or the blue battery symbol  next to the clock will reveal a panel with various options.

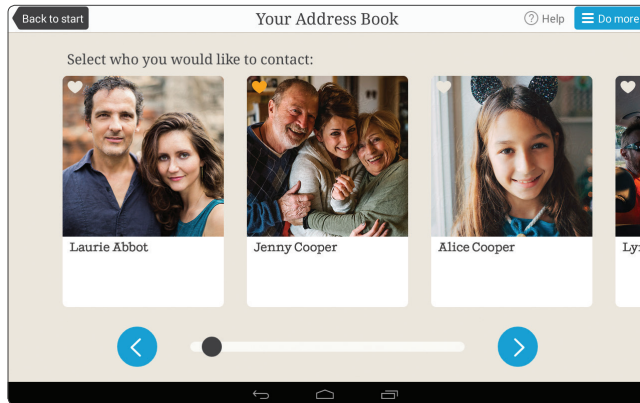

To close the panel, tap the **Hide Status** button.

Call free: 0800 808 5818 or **Drop us a line:** help@breezie.com

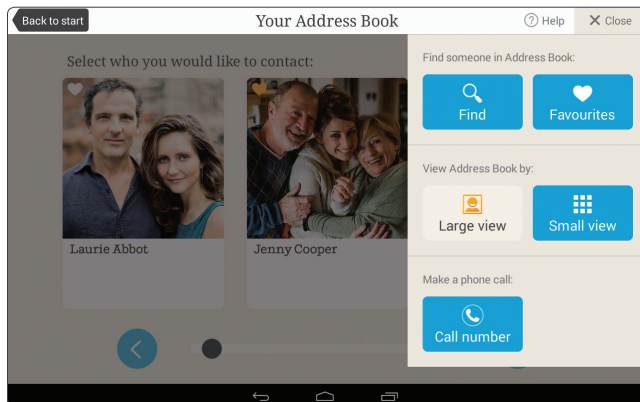

The Carousel

In each section, you'll find a carousel of items which you can spin. Just tap the blue arrow buttons to spin left or right.

Do more in the Carousel

Tapping the **Do more** button, situated top right, will reveal pertinent options for you.

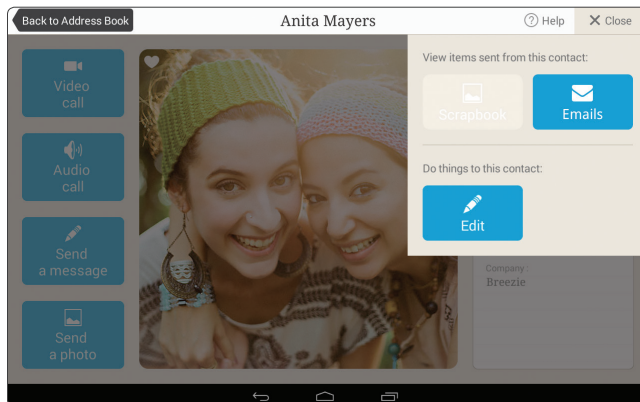

An item in detail

When you tap a carousel item, another screen will appear. Tap the blue buttons on the left to perform tasks.

Do more button

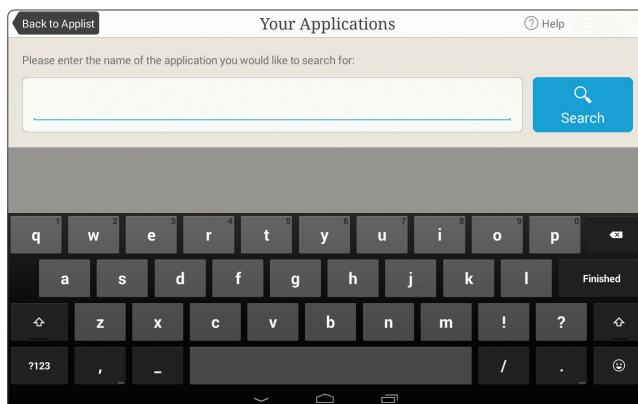

On the right hand side of the screen you may see the **Do more** button, which gives you other options.

Using the keyboard

Using the keyboard

Breezie uses a standard on-screen keyboard and has simplified some of the settings. Here's a little more explanation in case you need it.

Top on-screen keyboard tips

Three things to consider when using the keyboard:

Tip 1

The keyboard will appear automatically when you tap an area that requires information such as forms and messages.

Tip 2

To close the keyboard at anytime, tap the  button on your Breezie device.

Tip 3

The layout and keys may change to match the task you are performing e.g. writing a message or dialling a number.

On-screen keyboard

This key changes automatically to help you to perform the next step of your task e.g. Next, Finished, Go, Search, etc.

Changes letters to uppercase

Make spaces between words and characters

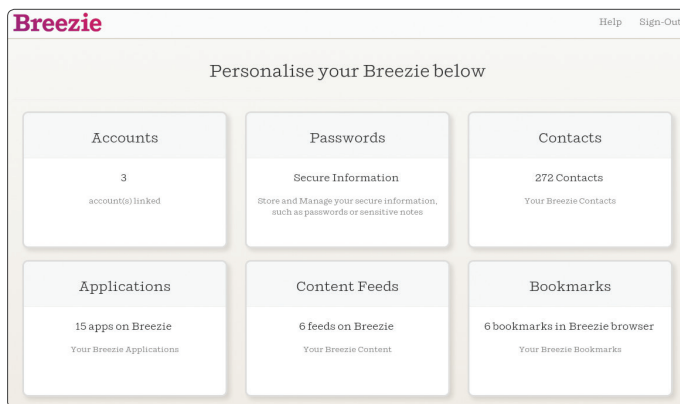

Switches the keyboard to show numbers, letters and symbols.

Managing your Breezie

Managing your Breezie

Your Breezie can be managed via a control centre. This centre is called the Breezie Hub.

You and/or a trusted person that you introduce to Team Breezie can use the Breezie Hub. Where you nominate someone to help you, we refer to them as your Breezie partner.

The Breezie Hub

Is the control centre for your Breezie. Here you will be able to add contacts to your Address Book; add applications; choose your favourite websites (bookmarks); add and view your stored passwords.

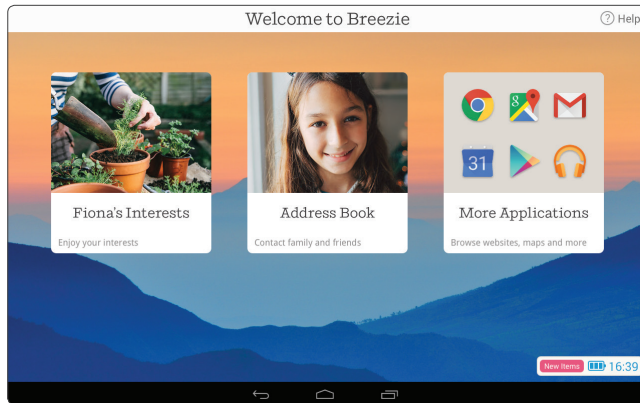

The Breezie Partner

Can set up, personalise and help you to manage your Breezie on an ongoing basis via the Hub. They are able to add contacts, applications, your favourite websites and other interesting content on your behalf.

How to find the Breezie Hub

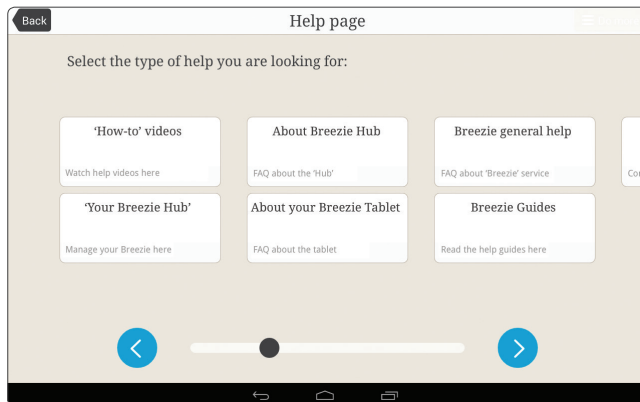

Step 1

Tap on  Help whenever you need it in the top right.

Step 2

Find **'Your Breezie Hub'** and tap on it.

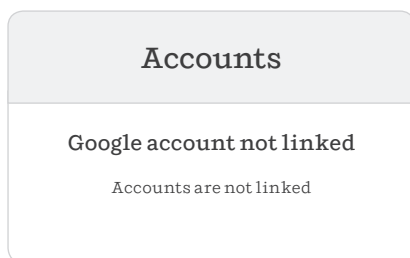

Your Breezie Hub

User profile

The Breezie interface can be tailored to an individual based on their familiarity with the Internet. You can manage this as well as other details such as their profile picture and contact details from the user profile page.

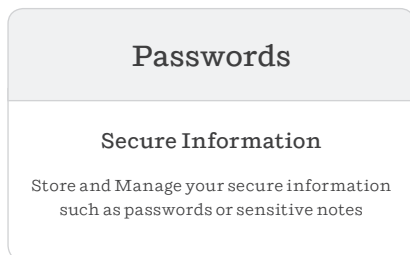

Accounts

Allows you to link the accounts such as Google and Facebook that the user will use on their Breezie.

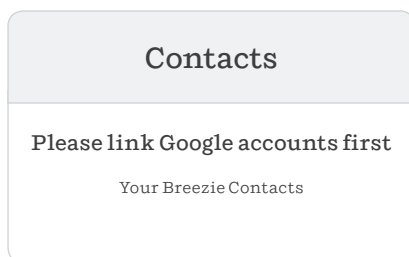

Passwords

Allows you to store and manage your secure information, such as passwords. Please note we don't recommend you store sensitive information such as online banking details here.

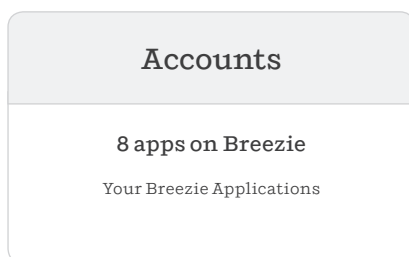

Contacts

Allows you to add all contact information of friends and family to the Breezie such as email addresses and Skype IDs for making video calls.

Applications

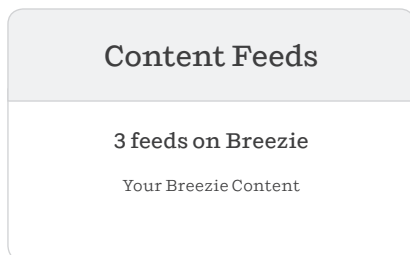

Often referred to as 'Apps', these are a way to perform just about any task on the Internet. We have curated a list of popular and senior-friendly applications for you to choose from here. Please note that these may take up to one working day to appear on your Breezie.

Content feeds

Add content feeds for a simple way of keeping up to date with the latest news and information (e.g. BBC Sport) on the Breezie.

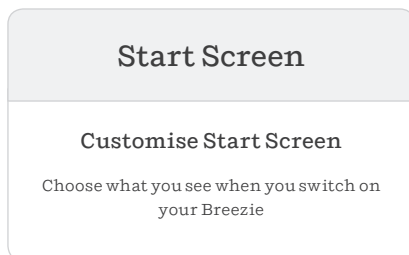

Bookmarks

Bookmarks are simply links to websites that make it easy for you to get to your favourite websites quickly.

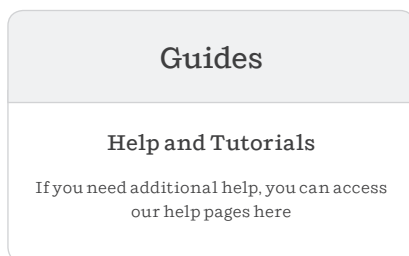

Start Screen

Here you can choose the buttons you want to appear on your Start Screen.
