Technical Data .

Bluetooth Speaker Version: V3.0
Rated Power: 3W * 2
Signal-To-Noise: 85dB
Voltage for Working: 3.7V
Battery Capacity: 1,100mAH
Battery life time: about 3-4hrs
Time to Charging: about 5-6 hours
Frequency: 2.4GHZ
Rated impedance: 4Ω
Frequency Response range: 60Hz – 20KHz
Voltage for Charging: DC 5V
Range g: 10m

The symbol on the product or its packaging indicates that this product must not be disposed of with your other household waste. Instead, it is your responsibility to dispose of your waste equipment by handing it over to a designated collection point for the recycling of waste electrical and electronic equipment. The separate collection and recycling of your waste equipment at the time of disposal will help conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment.
