Black Outdoor Lantern

Simple Assembly Instructions - **Please keep for future reference**

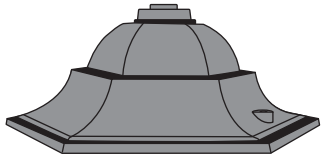

Components

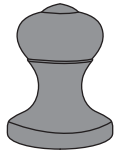

Ⓐ 1 x Base

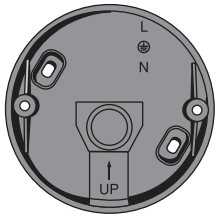

Ⓑ 1 x Middle

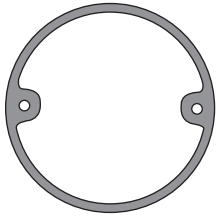

Ⓒ 1 x Top

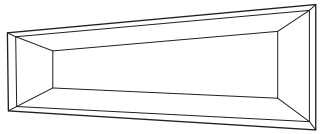

Ⓓ 1 x Mounting Plate

Ⓔ 1 x Ring

Ⓕ 6 x Decoration Glass

Fittings

Ⓐ 2 x Long Screw

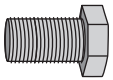

Ⓑ 2 x Wall Plug

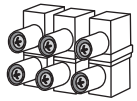

Ⓒ 6 x Short Screw

Ⓓ 1 x Top Screw

Ⓔ 1 x Terminal Block

Ⓕ 2 x Mounting Screw

Ⓖ 6 x Plastic Plug

Ⓗ 2 x Screw

Ⓘ 2 x Nut

Ⓙ 6 x Bracket

4-03

IMPORTANT

1. *Read these instructions carefully and familiarise yourself with the procedure before assembling the unit.*
2. *Check that you have all the component parts following the list on the back cover and familiarise yourself with each part before proceeding.*
3. *Take all the fittings out of the plastic bag and separate them into their groups.*
4. *Ensure you have enough space to lay out all the parts before assembly.*
5. *To avoid scratching it is recommended that you assemble the unit on a soft level surface.*

Assembly Instructions

Stage 1 – Fitting the Decoration Glass

NOTE: Ensure electricity is switched off at the mains before installing or maintaining any light fixture.

NOTE: Glass is very fragile. Handle it carefully and keep away from children.

1. Locate the Decoration Glasses Ⓕ onto the Base Ⓐ. Then place the Plastic Plugs Ⓖ onto the small tubes located at the bottom of the Base Ⓐ.
   See fig. 1.

NOTE: Ensure Decoration Glasses face out and locate in place .

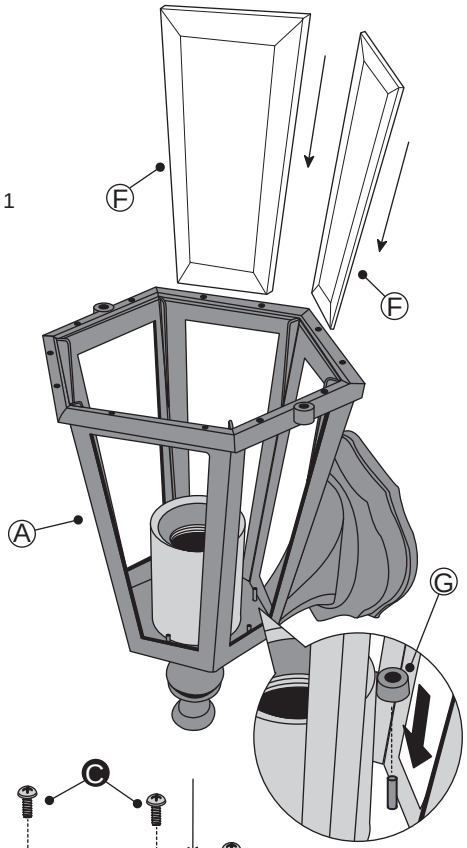

NOTE: Make sure the Plastic Plugs are firmly located on Base, as these fix the Decoration Glass in place.

2. Locate the Brackets Ⓙ onto the top of the Base Ⓐ. Use the Short Screws Ⓒ to fix the Decoration Glasses Ⓕ into the Base.
   See fig. 2.

Stage 2 – Wall Mounting

IMPORTANT: When drilling into walls always check that there are no hidden wires or pipes etc. Make sure that the screws and wall plugs supplied are suitable for supporting the unit. Consult a qualified tradesperson if you are not sure.

Assembly Instructions

Stage 2 – Wall Mounting

NOTE: It would be useful to ask someone to help you at this stage.

WALL MOUNTING: Hold the unit against the wall in the desired location and check if its horizontal. Mark the wall to indicate where to drill the holes then drill using an appropriately sized drill bit.

1. Cut a small circle into the rubber plug located on the Mounting Plate Ⓓ, smaller than the diameter of the electric cable, this will act as a water ingress guard.
   See fig. 3.
2. Insert the Mounting Screws Ⓕ and thread the mains cable through the back of the Mounting Plate Ⓓand the Rubber Plug.
   See fig. 3.
3. Position the Mounting Plate Ⓓ in the desired location and screw into place using Long Screws Ⓐ. Locate the Ring Ⓔ onto Screws Ⓕ.
   See fig. 3 and 5 .
4. Use Terminal Block Ⓔ to connect the mains supply, ensure all the wires are firmly fixed in place.
   See fig. 4 and 5.

CAUTION - Carefully wire the light to the mains and turn on to check the function of the lamp is working

5. Use Nuts Ⓘ to fix the Base Ⓐ and Ring Ⓔ into place
   See fig. 5.

Assembly Instructions

Stage 3 – Fitting the Bulb

1. Ensure the power is off at the mains. Screw the Bulb (E27 Max 60W, not included) into the unit, then turn the power back on. **See fig. 6.**

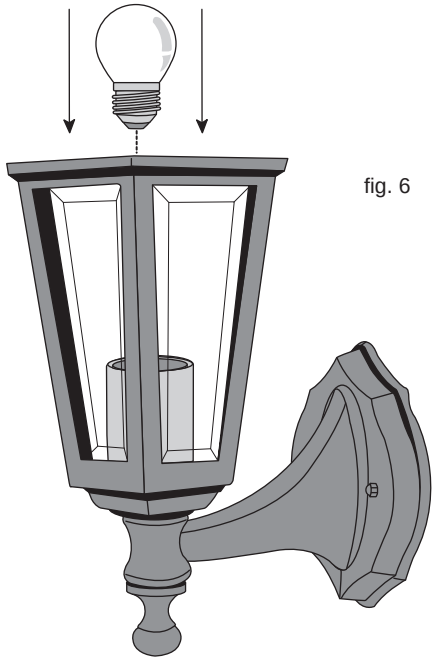

fig. 6

2. Use the Top Screw Ⓓ to fix the Middle Ⓑ and the Top Ⓒ. **See fig. 7.**

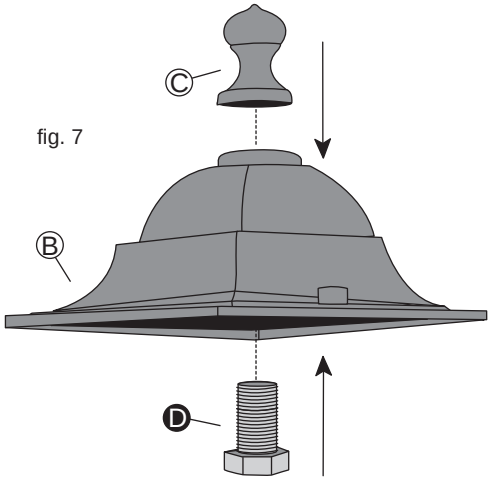

fig. 7

Assembly Instructions

Stage 4 – Finishing the unit

1. Use the Screws Ⓗ to fix the Middle Ⓑ onto the Base. **See fig. 8.**

2. Switch on the mains power supply. **See fig. 9.**

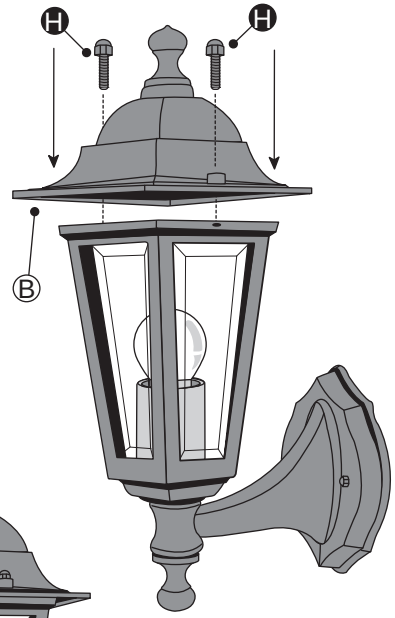

fig. 8

Bulb Replacement

1. Switch off the mains power supply.
2. Before replacing the bulb, allow it to cool down for at least 10 minutes.
3. Never touch the bulb with your fingers directly, cover it with a cloth.
4. Loosen the bulb and remove it from the lamp.
5. Replace a new bulb with same voltage and wattage.

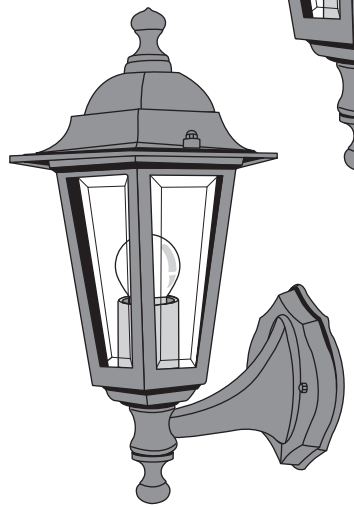

fig. 9

Caution

1. Indoor use only.
2. Connect to 230V/240V~, 50Hz.
3. If in doubt about fitting this product. Please consult a suitably qualified electrician.
4. The temperature of the spot lamp rises very quickly. Do not touch the metal parts or glass of the spot lamp after the light is turned on.

Technical Data

Model No.	430/6298
Input Voltage	230V~240V~, 50Hz
Max. Wattage	60W
Bulb	Max. 60W E27 230V-240V~
