Simple Assembly Instructions - **Please keep for future reference**

IMPORTANT

1. *Read these instructions carefully and familiarise yourself with the procedure before assembling the unit.*
2. *Check that you have all the component parts following the list on the back cover and familiarise yourself with each part before proceeding.*
3. *Take all the fittings out of the plastic bag and separate them into their groups.*
4. *Ensure you have enough space to lay out all the parts before assembly.*
5. *To avoid scratching it is recommended that you assemble the unit on a soft level surface.*

Assembly Instructions

Stage 1 – Wall Mounting

IMPORTANT: When drilling into walls always check that there are no hidden wires or pipes etc. Make sure that the screws and wall plugs supplied are suitable for supporting the unit. Consult a qualified tradesperson if you are not sure.

NOTE: It would be useful to ask someone to help you at this stage.

WALL MOUNTING: Hold the unit against the wall in the desired location and check if its horizontal. Mark the wall to indicate where to drill the holes then drill using an appropriately sized drill bit.

1. Cut a small circle into the rubber plug located on the Mounting Plate Ⓓ, smaller than the diameter of the electric cable, this will act as a water ingress guard.
   See fig. 1.
2. Insert the Mounting Screws Ⓕ and thread the mains cable through the back of the Mounting Plate Ⓓ and the Rubber Plug.
   See fig. 2.
3. Insert Wall Plugs Ⓑ into the pre drilled holes. Position the Mounting Plate Ⓓ in the desired location and screw into place using Long Screws Ⓐ. Locate the Ring Ⓔ onto Screws Ⓕ.
   See fig. 2 and 4 .
4. Use Terminal Block Ⓔ to connect the mains supply, ensure all the wires are firmly fixed in place.
   See fig. 3.

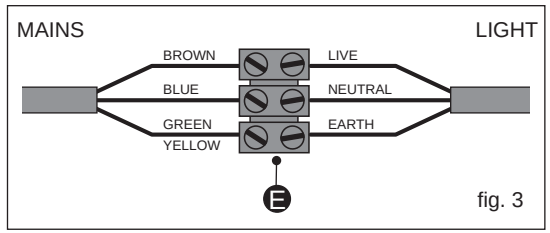

fig. 3

Assembly Instructions

Stage 1 – Wall Mounting

5. Use Nuts Ⓖ to fix the Top Ⓐ and Ring Ⓔ into place
   See fig. 4.

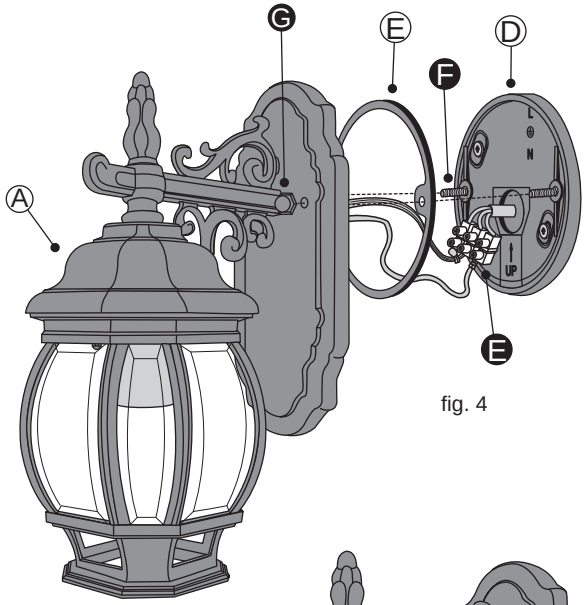

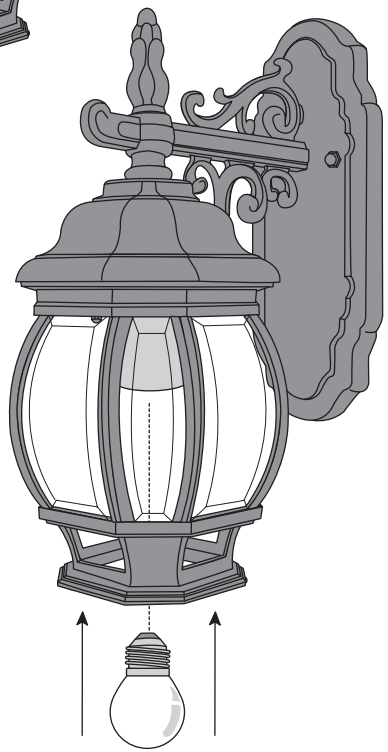

fig. 4

Stage 2 – Fitting the Bulb

1. Ensure the power is off at the mains. Screw the Bulb (E27 Max 60W, not included) into the unit, then turn the power back on.
   See fig. 5.

CAUTION - Carefully wire the light to the mains and turn on to check the function of the lamp is working

fig. 5

Assembly Instructions

Stage 3 – Finishing the unit

1. Use the Screw Ⓓ to fix the Decoration Ⓑ and the End Decoration Ⓒ.
   See fig. 6.

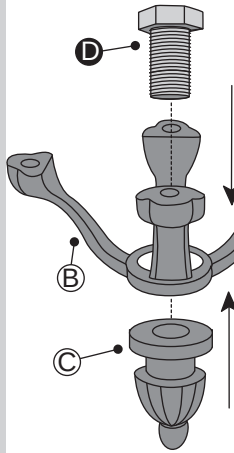

fig. 6

2. Use the Screws Ⓒ to fix the Decoration Ⓑ onto the unit.
   See fig. 7.

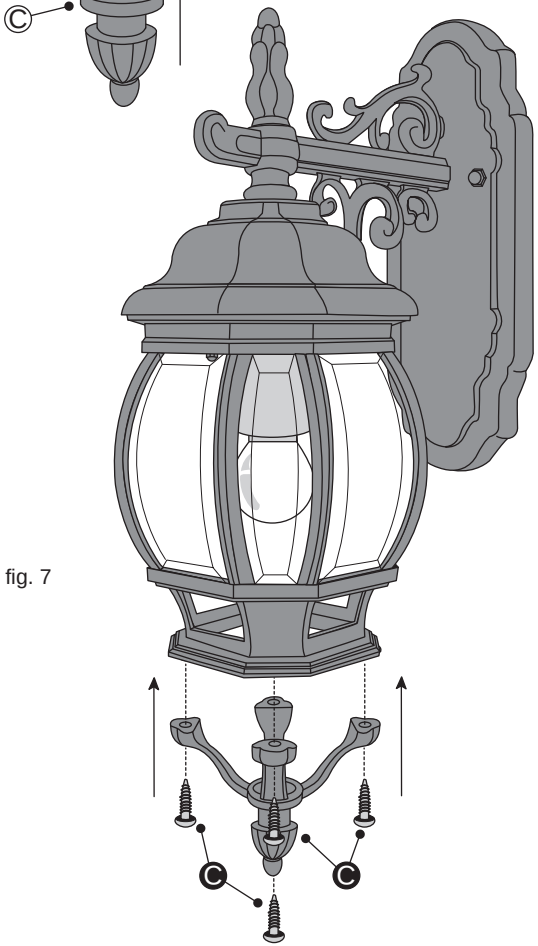

fig. 7

Assembly Instructions

Stage 3 – Finishing the unit

1. Switch on the mains power supply.
   See fig. 8.

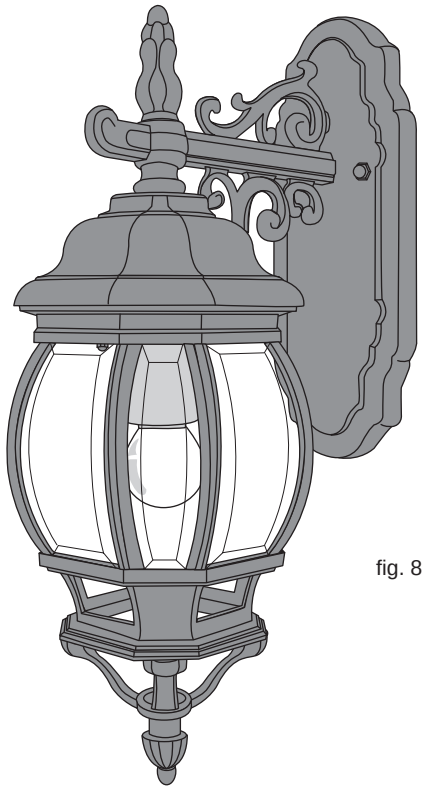

fig. 8

Bulb Replacement

1. Switch off the mains power supply.
2. Before replacing the bulb, allow it to cool down for at least 10 minutes.
3. Never touch the bulb with your fingers directly, cover it with a cloth.
4. Loosen the bulb and remove it from the lamp.
5. Replace a new bulb with same voltage and wattage.

Caution

1. Indoor use only.
2. Connect to 230V/240V~, 50Hz.
3. If in doubt about fitting this product. Please consult a suitably qualified electrician.
4. The temperature of the lamp rises very quickly. Do not touch the metal parts or glass of the lamp after the light is turned on.

Technical Data

Model No.	431/0909
Input Voltage	230V~240V~, 50Hz
Max. Wattage	60W
Bulb	Max. 60W E27 230V-240V~
