Instruction Manual

Please read these instructions carefully prior to installation and retain them for future reference.

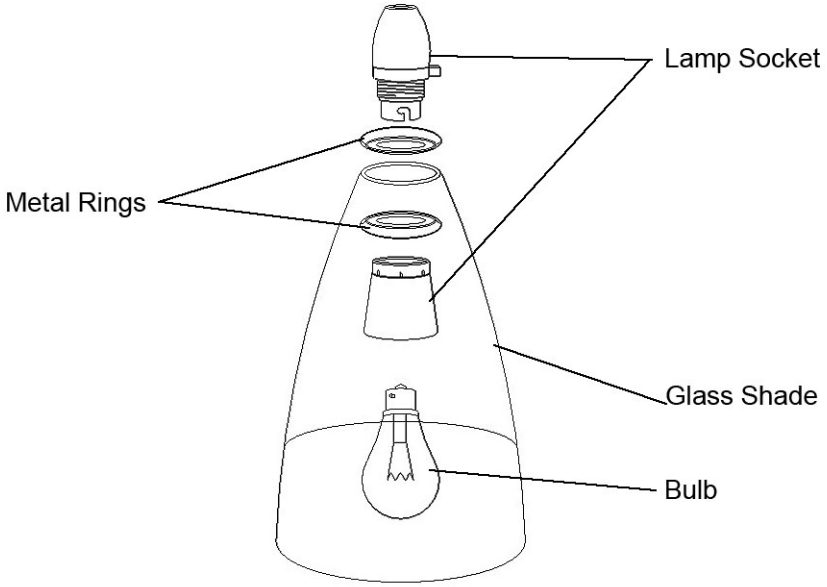

INSTALLATION INSTRUCTIONS:

1. Switch off the Lamp before installing the Shade.
2. Remove the upper part of the BC lamp socket.
3. Place one metal ring on to top of the glass shade, and then on below it (as per diagram).
4. Insert the lamp socket into the metal ring and glass shade and secure it by replacing the upper part of lamp socket.
5. Replace the bulb.
6. Installation is now complete.

CAUTION:

1. This unit is suitable for Indoor use only.
2. If in doubt about fitting this product, please consult a qualified electrician.
3. The temperature of the lamp rises very quickly. Do not touch the shade after the light is turned on.
4. Fit the recommended bulb type: **Max. 60W BC GLS Bulb.** DO NOT EXCEED RECOMMENDED MAXIMUM WATTAGE. WARNING – First turn off electricity.
