

The future of the kitchen is here with the Hoover Wizard Wi-Fi range

Hoover Wizard is the first ever range of Wi-Fi enabled appliances that you can control from anywhere via a free app.

Hoover Wizard Wi-Fi appliances puts control at your fingertips

Instant alerts

- Alerts you when you've left the fridge door open, placed an unsuitable pan on the Induction hob or the dishwasher needs salt.

Remote control from anywhere

- Monitor and programme your appliances wherever you are, so you don't have to stay in to be in control.

Energy saving

- Save money and protect the environment. The Wizard app lets you monitor how much energy each appliance is using in real time.

Programme Wizard

- The app will help you to choose the best wash cycle.
- Recommend a suitable dishwashing programme according to the type of dishes.
- The app can suggest a cooking programme or provide a delicious recipe for meat, vegetables, bread or desserts.

Customer service

- Need the user manual? The Wizard app will take you straight to it online.

The UK's first Wi-Fi connected kitchen from Hoover

HF18XK WI-FI Fridge Freezer Stainless Steel

- Allows you to set a fast chill for cold drinks and alerts you when it's ready.
- Get an alert straight to your phone if little snack seekers have left the fridge door open.
- Adjust the temperature of the fridge freezer on your way home from holiday, so that it's at the right temperature as soon as you arrive home.

DWT L413AIW3 13kg, 1400 rpm washing machine

DWT L 610AIW3 10kg 1600 rpm washing machine

DWT L49AIW3 9kg 1400 rpm washing machine

DWT L68AIW3 8kg 1600 rpm washing machine

- Use the app to select a wash, spin or keep fresh cycle and arrive home to freshly washed clothes.
- Get teenagers or other family members to load their clothes or bedding into the machine, then start the wash from wherever you are. Keeping an eye on progress is easy and when the cycle's finished you can remind whoever's at home to take the laundry out, load the tumble dryer or even hang it out on the washing line.
- Notifies you of any operational issues, like lack of mains water supply to the appliance.

DYM 762T WI-FI 16 place setting freestanding dishwasher White

DYM 762TX WI-FI 16 place settings freestanding dishwasher Stainless steel

HLSI 762GT WI-FI Fully Integrated Electronic Wi-Fi Dishwasher

- Running low on salt? Forgot to add detergent? The app will remind you.
- Not sure what temperature is best to clean your dishes, the app will recommend a suitable programme and even advise which items shouldn't be washed together.

HOA03VX WI-FI Prodigie single oven

- Pre-heat the oven while shopping for dinner and be ready to cook as soon as you get home.
- Short on cooking inspiration? The app will even recommend different recipes, from a Sea bream with salt crust to a traditional Sunday roast.
- Save and customise recipes with Dynamic Chef - perfect for multi-stage cooking like cottage pie with a crispy potato topping.
- The app will even alert you when the oven needs cleaning.

HESD4 WI-FI Induction hob

- The app informs you how much cooking time is left or if the pan has boiled dry.
- Detects and lets you know if an unsuitable pan has been placed on an Induction zone.

HHV67SLX WI-FI 60cm décor hood

HHV97SLX WI-FI 90 cm décor hood

- The app lets you monitor kitchen air quality wherever you are and activates if necessary.
- Advises when the filter needs cleaning.
- Control your hood light from the app for an on/off security light that looks like you're at home even when you're not.
