Safety and Care Advice

Important – Please read these instructions fully before starting assembly

Check you have all the components and tools listed on pages 2 and 3.

Remove all fittings from the plastic bags and separate them into their groups.

Keep children and animals away from the work area, small parts could choke if swallowed.

Make sure you have enough space to layout the parts before starting.

Do not stand or put excessive weight on the product as this could cause damage.

Assemble the item as close to its final position (in the same room) .

Parts of the assembly will be easier with 2 people.

Dispose of all packaging carefully and responsibly.

Place the product on flat and steady surface during use.

Assemble on a soft level surface to avoid damaging the unit or your floor.

Keep there instructions for further use.

To ensure an easier assembly we strongly advise that all fittings are only finger tightened during initial assembly. Only upon completion of the assembly should all fixing points be fully tightened.
