Maintenance

This fitting is designed for indoor use only.
Do not use polish or abrasive cleaner - just a soft dry cloth.

BULB REPLACEMENT
1. Switch off the mains power supply.
2. Before replacing the bulb, allow it to cool down for at least 10 minutes.
3. Never touch the bulb with your fingers directly, cover it with a cloth.
4. Loosen the bulb and remove it from the lamp.
5. Replace a new bulb with same voltage and wattage **(Max.13W LED E27, bulb not included)**

Recycling electrical products
You should now recycle your waste electrical goods and in doing so help the environment. This symbol means an electrical product should not be disposed of with normal household waste. Please ensure it is taken to a suitable facility for disposal.
Visit www.recycle-more.co.uk, click on “bank locator” and enter your postcode to find your nearest recycling site.

Care & Instruction Manual

For household and indoor use only

Please read and retain these instructions for future reference

Important

- Read these instructions carefully and familiarize yourself with the procedure before assembling the unit.
- Ensure you have enough space to lay out all the parts before assembly.
- Always be sure to use the correct type and wattage of bulbs as indicated on the fitting. Never exceed the wattage stated.
- To avoid scratching it is recommended that you assemble the unit on a soft level surface.
- When changing the bulb, always switch off at the mains and allow the old bulb to cool down before handling. Dispose of used bulbs carefully.
- This luminaire is Class II insulated.
- If the external flexible cable or cord of this luminaire is damaged, it shall be exclusively replaced by the manufacturer or his service agent or a similar qualified person in order to avoid a hazard.
- The luminaire is designed for indoor use only.

Instruction for use

1. Assemble all components as below steps shown on the diagram. Ensure the excess cable does not become trapped or twisted when fixing tubes together.Then pull surplus cable through the base.
2. The lampholder may not be facing forward in the same direction as the base after assembled, please adjust slightly then tighten the screw nut by using the spanner supplied
3. Remove the shade holding ring from the lampholder, then attach the shade to the lampholder and secure in place with the holding ring.
4. Fit the bulb: Type and wattage as indicated on the fitting.The wattage indicated must not be exceeded.
5. Adjust the shade to a different angle as required.
