Issue 1 - 15/10/15

Safety and Care Advice

Important – Please read these instructions fully before starting assembly

• Check you have all the components and tools listed on pages 2 and 3.

• Remove all fittings from the plastic bags and separate them into their groups.

• Keep children and animals away from the work area, small parts could choke if swallowed.

• Make sure you have enough space to layout the parts before starting.

• Do not stand or put weight on the product, this could cause damage.

• Assemble the item as close to its final position (in the same room) as possible.

• Assemble on a soft level surface to avoid damaging the unit or your floor.

• This product has been produced from natural timber; you may notice some variation in the grain and colour of different component parts which is normal for furniture produced using natural wood and is not the result of any manufacturing fault.

• The product has been treated with a wax and oil finish to prevent dirt ingress and preserve moisture.

• On unpacking the furniture you may notice an odour due to this treatment; this will disappear once the furniture is unpacked and assembled after a period of time.

• This process may leave some staining on the packaging material; please take care to ensure this does not transfer to clothing or carpeted surfaces during assembly.

• We do not recommend the use of power drill/drivers***for inserting screws***, as this could damage the unit. Only use hand screwdrivers.

• Parts of the assembly will be easier with 2 people.

• Dispose of all packaging carefully and responsibly.

Care and maintenance

• Use an appropriate furniture polish for natural wood furniture and a dry cloth to clean the product.

• Avoid placing the furniture in direct sunlight as this will cause the timber to prematurely age.

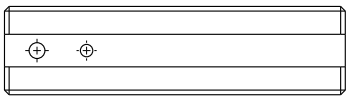

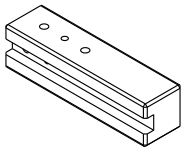

• From time to time check that there are no loose screws on this unit.

• This product should not be discarded with household waste. Take to your local authority waste disposal centre.

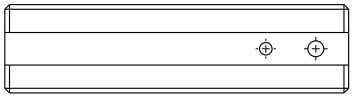

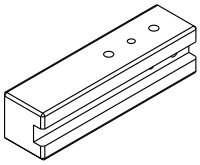

Note:*If required the next page can be cut out and used as reference throughout the assembly. Keep this page with these instructions for future reference.*

Components - Panels

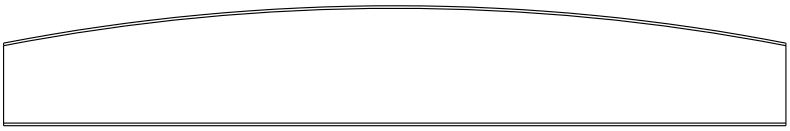

Please check you have all the panels listed below

1 Left foot x 4 (22.0 x 5.7cm)

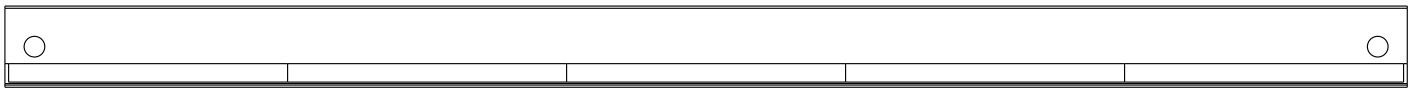

2 Right foot x 4 (22.0 x 5.7cm)

3 Rail x 4 (90.0 x 13.8cm)

4 Slats x 24 (91,0 x 7.0cm)

5 Side rail x 4 (190,0 x 11.0cm)

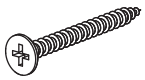

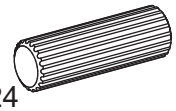

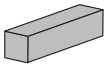

Components - Fittings

If you have damaged or missing components, call the **Customer Helpline: 03456 400 800**

Please check you have all the fittings listed below

Note:

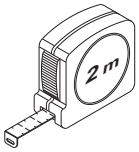

The quantities below are the correct amount to complete the assembly.
In some cases more fittings may be supplied than are required.

A  1/4 x 100mm Bolt x 8	B  4.0 x 35mm Screw x 48	C  Wooden dowel x 24 **10 x 50mm**
D  Half moon nut 1/4 x 8	E  Allen key x 1	F  96mm Spacer x 2
G  7 x 80mm Bolt x 8		

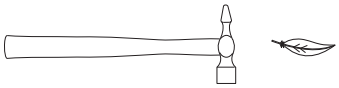

Tools required

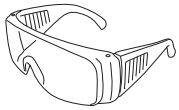

Phillips screwdriver (medium & large)

Ruler/tape measure

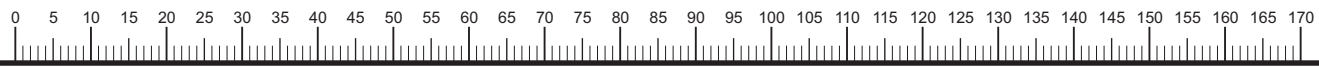

Small hammer

Eye protection (when using a hammer or glue)

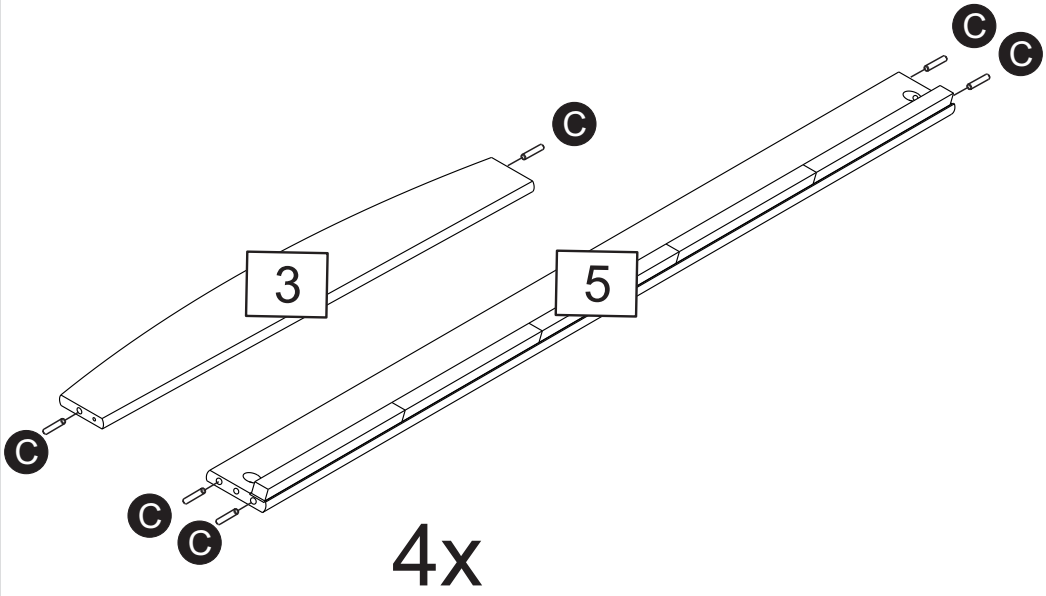

Ruler - Use this ruler to help correctly identify the screws

Assembly Instructions

Step1

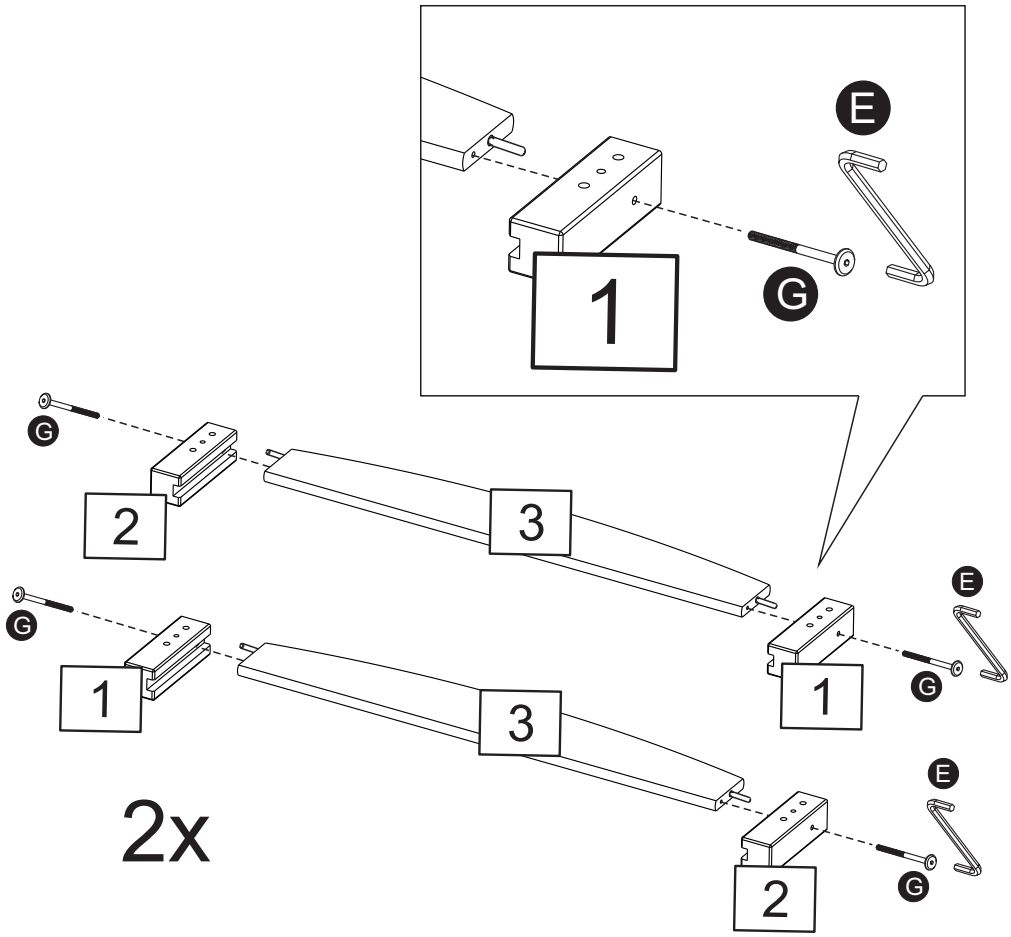

Insert wooden dowels C into rails 3 and side rails 5

Step2

Attach left feet 1 and right feet 2 to rails 3 using bolts G and allen key E .

Make sure feet are positioned as shown.

Assembly Instructions

Step3

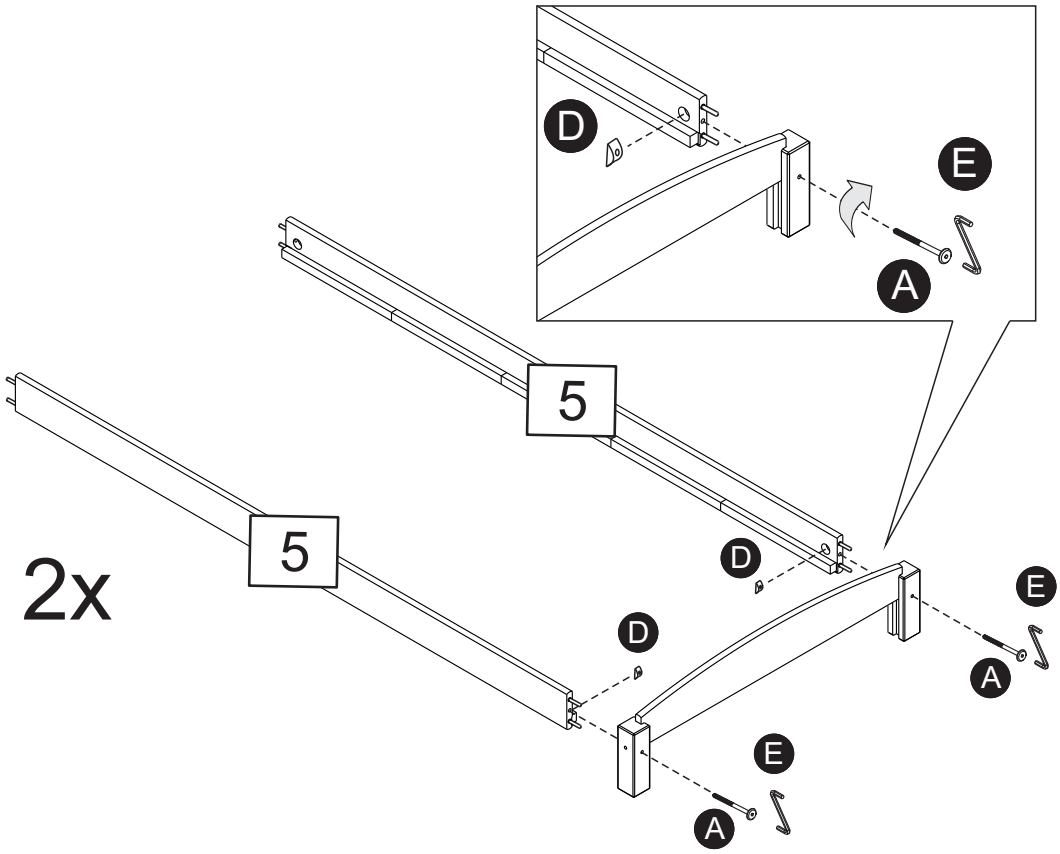

Assembling side rails.

Important:
Two people are required for an easier assembly.

With help, fit one side rail 5 to the assembled frame.

Insert half moon nut D as shown, then fix parts using bolts A and allen key E.

Repeat step 3 for the other side rail.

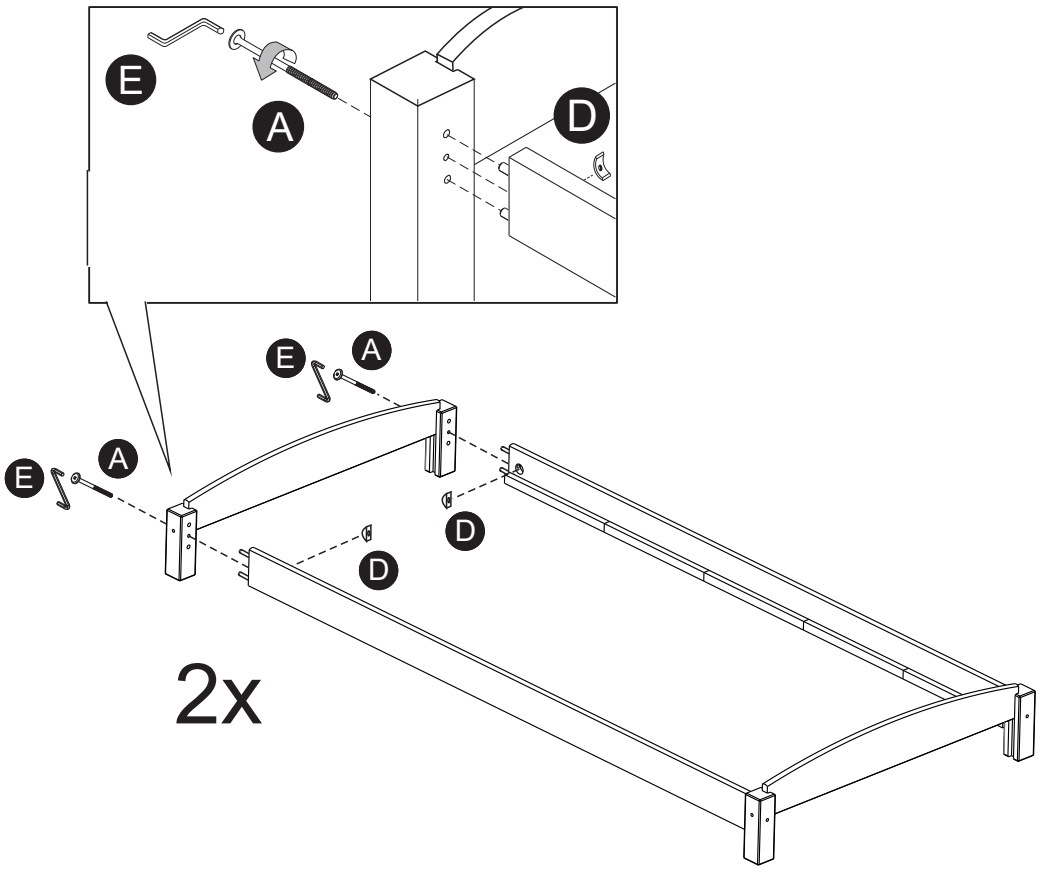

Step4

With help, fit side rails to another assembled frame.

Insert half moon nut D as shown, then fix parts using bolts A and allen key E.

Repeat step 3 for the other side rail.

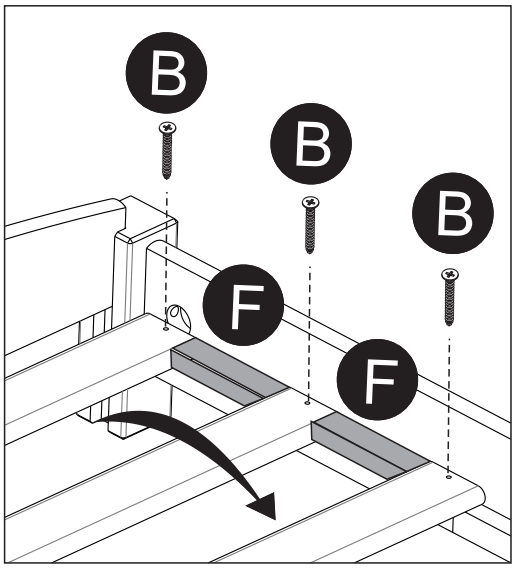

Step**5**

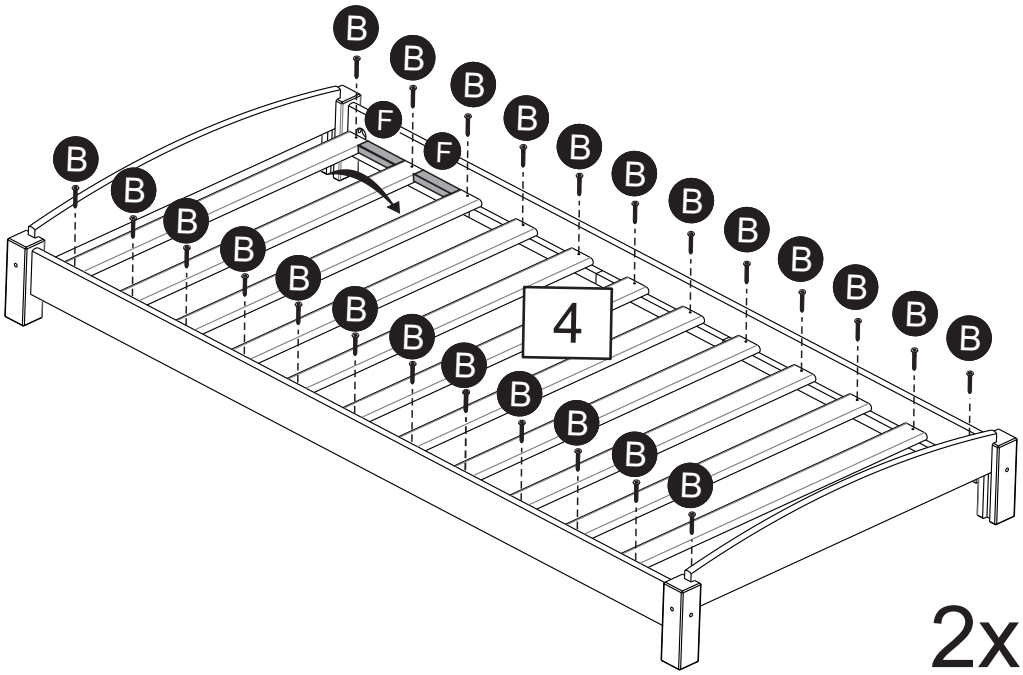

Assembling slats

Please fix the first slat 4 next to the headboard/footboard and work towards the middle of the bed using spacer F as shown to ensure correct spacing.

Fix slats to one side first using screws B. After, fix all the slats to the other side by pushing the rail against the slats if necessary.

Periodically check that all screws are tight.

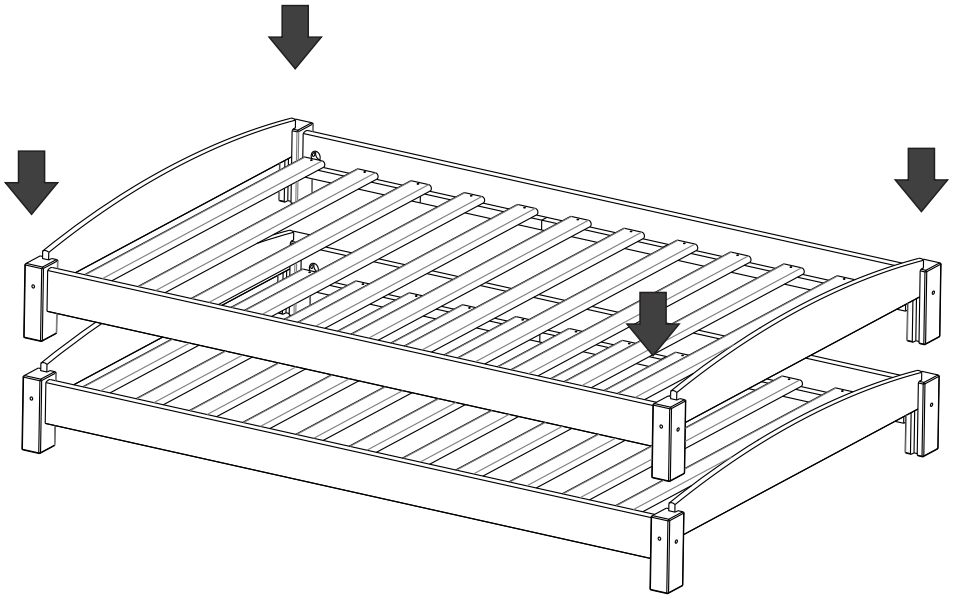

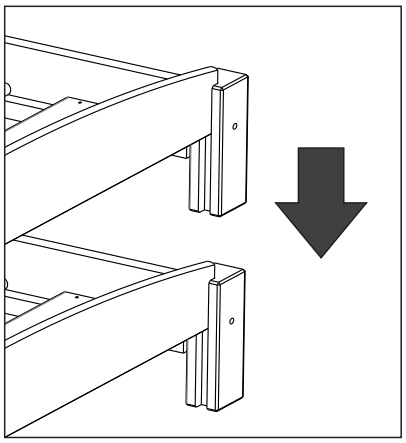

2x

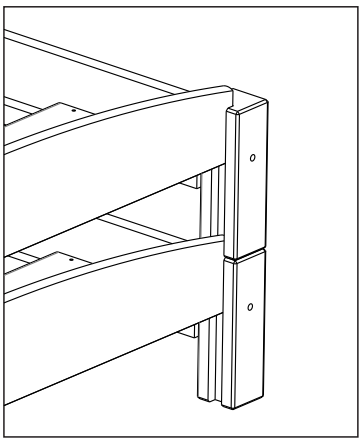

Assembly Instructions

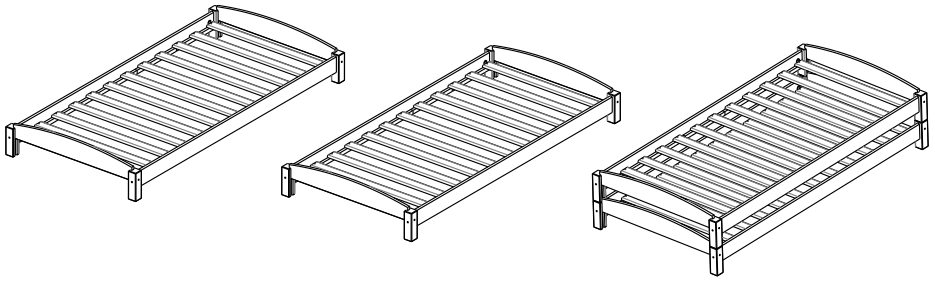

Step**6**

Stack one bed above the other.
Make sure the rails of the bed at the bottom are inside the grooves of the 4 feet.

Assembly is complete.
