Important - Please read these instructions fully before starting assembly

If you need help or have damaged or missing parts, call the **Customer Helpline: 01709 534123**
Please turn to back page for important information when contacting Customer Helpline.

Safety and Care Advice

Important - Please read these instructions fully before starting assembly

- Check you have all the components and tools listed on pages 2 and 4.
- Remove all fittings from the plastic bags and separate them into their groups.
- Keep children and animals away from the work area, small parts could choke if swallowed.
- Make sure you have enough space to layout the parts before starting.

- Do not stand or put weight on the product, this could cause damage.
- Assemble the item as close to its final position (in the same room) as possible.
- Assemble on a soft level surface to avoid damaging the unit or your floor.
- Parts of the assembly will be easier with 2 people.

• We do not recommend the use of power drill/drivers **for inserting screws**, as this could damage the unit. Only use hand screwdrivers.

• **Do Not dispose of packaging until assembly complete.**

• Dispose of all packaging carefully and responsibly when assembly complete.

Care and maintenance

- To protect the furniture, position the furniture out of direct sunlight and away from direct heat sources such as radiators and fires.
- Do not place the furniture in excessively dry and humid conditions.
- From time to time check that there are no loose screws on this unit.
- Always lift furniture when moving it (do not drag) otherwise the joints may be damaged.

- Do not place hot or cold objects on the surface, always use protective mats to avoid marking the furniture.
- This product should not be discarded with household waste. Take to your local authority waste disposal centre.
- Clean spills up immediately
- Dust surfaces with a soft, dry, lint free cloth.

- More stubborn marks can be removed using a damp (not wet) cloth. Wipe the surface dry immediately using a soft lint free cloth.
- Do not use detergents, abrasive cleaning products or cleaning products that contain ammonia, solvents or silicone as these may damage the surface finish.

Components - Panels

Please check you have all the panels listed below

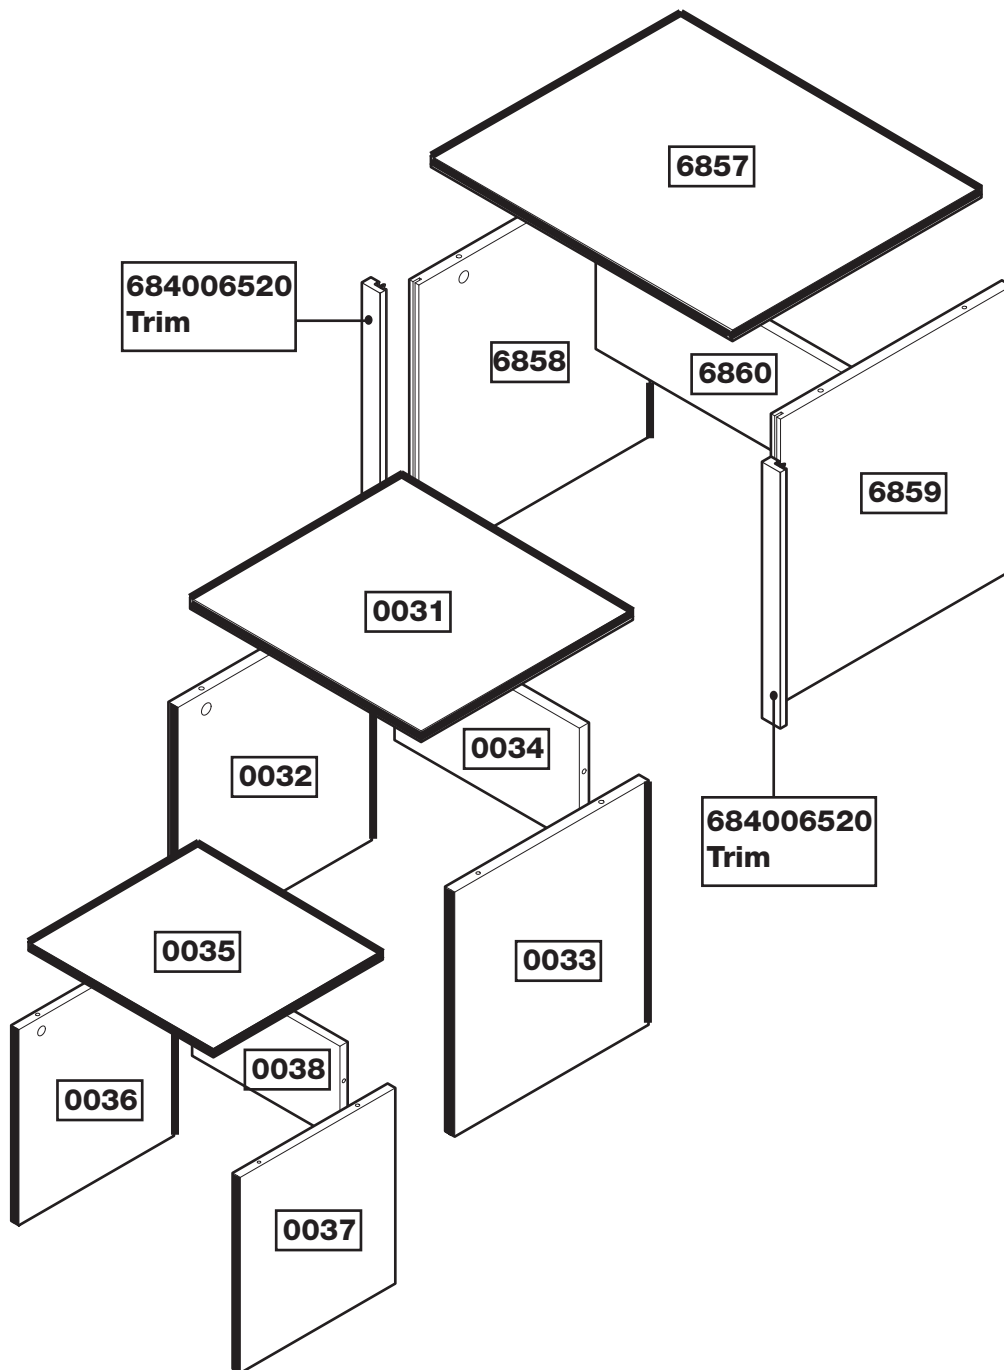

Important - Thick lines  indicate finished edges

Components - Exploded View

 **Important** - Thick lines  indicate finished edges

Components-Fittings

If you have damaged or missing components, call the **Customer Helpline: 01709 534123** Please turn to back page for important information when contacting Customer Helpline.

Assembly Instructions

Step 6

Attach silver trim

Remove protective film from silver trim.

Warning:

Lift with care.

Locate the notch on silver trim into groove on ends **6858** and **6859**.

Ensure the silver trims are positioned correctly (DIAG 1).

To insert silver trims use a hammer, place a cardboard packing piece between the hammer and silver trims to protect the silver trims (DIAG 1).

Ensure silver trims are inserted fully (DIAG 2).

Congratulations!
Your unit is complete.

Fittings you will need for this step:

Large silver trims
(x2)
