# Safety and Care Advice

## IMPORTANT – READ CAREFULLY – RETAIN FOR FUTURE REFERENCE

• Check you have all the components and tools listed on pages 2, 3 and 4.

• Remove all fittings from the plastic bags and separate them into their groups.

• Keep children and animals away from the work area, small parts could choke if swallowed.

• Make sure you have enough space to layout the parts before starting.

• All assembly fastenings should always be tightened properly and that care should be taken that no fittings are loose.

• Recommended size of the mattress(es):
W90 x L190 x D18cm.

• Do not stand on the product, this could cause damage.

• Assemble the item as close to its final position (in the same room) as possible.

• Assemble on a soft level surface to avoid damaging the unit or your floor.

• Parts of the assembly will be easier with 2 people.

• The bunk bed or high bed should not be used if any structural part is broken or missing.

• The high beds and the upper bed of bunk beds are not suitable for children under six years due to the risk of injury from falls.

• We do not recommend the use of power drill/drivers ***for inserting screws,*** as this could damage the unit. Only use hand screwdrivers.

• Dispose of all packaging carefully and responsibly.

• Children can strangle in items such as ropes, strings, cords, harnesses and belts attached to or hung on a bunk bed/ high bed.

• Warning: “Children can become trapped between the bed and the wall. To avoid risk of serious injury the distance between the top safety barrier and the wall shall not exceed 75 mm or shall be more than 230mm”.

## Care and maintenance

• Only clean using a damp cloth and mild detergent, do not use bleach or abrasive cleaners.

• From time to time check that there are no loose screws on this unit.

• This product should not be discarded with household waste. Take to your local authority waste disposal centre.
