

SOFT TOP + BODYBOARD MOUNT

Mount your GoPro to your soft top (foam surfboard/SUP) or bodyboard to capture your session from the barrel to the beach. Shoot immersive POV footage, or point the camera back towards yourself to capture selfies while surfing or SUPing. Compatible with boards 3.8 to 8.8 cm (1.5 to 3.5 in) thick. Installs like a bodyboard leash plug in a few simple steps (screwdriver required). Includes a camera tether for added security in heavy surf.
