H500BT

マイク付ワイヤレスヘッドホン

Outdoor wireless headphones

with microphone

その音をあるがままに。Since 1946.

Pure Sound. Since 1946.

The H500BT on-ear wireless headphones combine Onkyo's dedication to audio with intuitive touch sensing controls for a new, more convenient listening experience. When connected to a music device by cable, the H500BT also supports High Resolution Audio to help you hear more of your music.

Feature highlights

- Supports High Resolution Audio for wired connection
- Closed acoustic architecture with custom designed Φ40mm high power driver
- Sturdy housing provides a rigid cabinet to eliminate unwanted vibrations
- Touch sensing control panel with built-in mic for convenient switching between music and calls

Hi-Res AUDIO

aptX csr

Pure precision

The Onkyo sound signature is clean, clear and precise. The H500BT's 40mm high power driver is fine-tuned to deliver crisp details and subtle nuances in your music. To maintain audio purity, advanced headphone housing construction eliminates unwanted vibrations for extended treble response. Engineered for precision and performance.

Wireless audio

Bluetooth® streaming technology enables you to enjoy your music uncluttered by wires. A built-in microphone allows you to make and receive calls whenever your headphones are connected to your smartphone, while the touch sensing control panel provides quick and convenient switching between music and calls.

Comfort and clarity

H500BT headphones feature a sturdy housing that provides both durability and lightweight wearability. Deluxe ear cushions provide an ergonomic fit, delivering comfort while ensuring the ear shell creates an acoustic seal. This keeps the details of your music in, and unwanted noise out.

Specifications

Product name	H500BT Outdoor wireless headphones with microphone
Model number / EAN	H500BTW/00; 6925970751087 H500BTW/11; 6925970751094
Model number / UPC	H500BTW/27; 889446100549
[Sound]	
Driver diameter	Φ40mm High Power Driver
Acoustic architecture	Closed
Frequency response	7Hz - 40kHz via wired 7Hz - 23.5kHz via Bluetooth®
