In-ear headphones
with microphone

その音をあるがままに。Since 1946.

Pure Sound. Since 1946.

The E300M offers an uncompromising in-ear headphones listening experience with astounding vocal clarity and balanced bass. Its compact and ergonomic in-ear design makes it easy to take with you for long listening comfort everywhere. A convenient in-line control makes switching between music and calls easy.

Feature highlights

- Semi-closed acoustic architecture with custom designed Φ8.6mm high power driver
- Sturdy aluminium housing provides a rigid metal cabinet to eliminate unwanted vibrations
- Ergonomically shaped silicone caps in 3 sizes to ensure comfortable fit
- Twisted tangle-free cable with high quality in-line control

Pure precision

The Onkyo sound signature is clean, clear and precise. The E300M's 8.6mm high power driver is tuned to give you clear, detailed and natural sound. To maintain audio purity, the headphone housing has been built to eliminate unwanted vibrations. Engineered for precision and performance.

Comfort and craftsmanship

A sturdy aluminium housing and a sophisticated front housing design provides long-wearing comfort and durability. Ergonomically shaped silicone caps come in 3 sizes to provide adjustment for the best fit for both sound and comfort.
