Start play
- Standby/on switch (⏻/⏻)
Press to switch the unit from on to standby mode or vice versa. In standby mode, the unit is still consuming a small amount of power.

Quick Start Guide

STEP 1 : Connecting to a TV

BDT180 | [For the South East Asia and HongKong]

2 AC mains leads are supplied.

Use the AC mains lead that matches the socket for the area you live in.

- Thailand: With a label

- This unit consumes a small amount of AC power (⇒ "Specifications") even when turned off in standby mode. For the purpose of energy conservation, the unit should be disconnected if you will not be using it for extended period of time.
- [BDT167 | BD84] The unit is in the standby condition when the AC adaptor is connected. The primary circuit is always "live" as long as the AC adaptor is connected to an electrical outlet.

Caution for AC Mains Lead

(For the AC mains plug of three pins)

For your safety, please read the following text carefully.

This appliance is supplied with a moulded three pin mains plug for your safety and convenience.

A 5-ampere fuse is fitted in this plug. Should the fuse need to be replaced please ensure that the replacement fuse has a rating of 5-ampere and that it is approved by ASTA or BSI to BS1362.

Check for the ASTA mark ⚡ on the body of the fuse. If the plug contains a removable fuse cover you must ensure that it is refitted when the fuse is replaced.

If you lose the fuse cover the plug must not be used until a replacement cover is obtained.

A replacement fuse cover can be purchased from your local dealer.

Before use
Remove the connector cover.

How to replace the fuse
The location of the fuse differ according to the type of AC mains plug (figures A and B). Confirm the AC mains plug fitted and follow the instructions below.

Illustrations may differ from actual AC mains plug.

1. Open the fuse cover with a screwdriver.

2. Replace the fuse and close or attach the fuse cover.

STEP 2 : Connecting to the network

BDT280

Wireless LAN connection

LAN cable connection

Use category 5 or above straight LAN cables (STP) when connecting to peripheral devices.

STEP 3 : Settings

Turn on the TV and select the appropriate video input.

Press [⏻/⏻].
Follow the on-screen instructions to continue with the settings.

STEP 4 : Playback

Insert the media.

Press [OK] or [▲, ▼, ◀, ▶] to select the item.
• If there are any other items, repeat this step.

Operating during playback

Following functions may not work depending on the media and contents.

Function	Operation	Notes
Stop	Press [■STOP].	The stopping point is memorized. Resume play function Press [▶PLAY] to restart from this point. • The point is cleared if the media is removed.
Pause	Press [⏸PAUSE].	Press [⏸PAUSE] again or [▶PLAY] to restart play.
Search	While playing, press [SEARCH◀◀] or [SEARCH▶▶].	The speed increases up to 5 steps. • Press [▶PLAY] to revert to normal playback speed.
Slow motion	While paused, press [SEARCH▶▶].	
Skip	While playing or paused, press [◀◀] or [▶▶].	Skip to the title, chapter or track.
