SMART REMOTE

Control your GoPro camera remotely from distances of up to 600ft (180m) with this wearable, waterproof remote. Perfect for gear-mounted shots, you can power the camera on/off, adjust settings, start/stop recording and capture photos. When used with HERO5, HERO4 and Session™ cameras, you can also add HiLight Tags to mark key moments while recording for easy playback, editing and sharing, or access the Settings/Tag button to quickly change settings. Smart Remote enables control of up to 50 cameras at a time and features 40% increased battery capacity compared to the Wi-Fi Remote. Mountable and waterproof to 33ft (10m). Includes a key ring and wrist strap for wearing the remote or attaching it to your gear.
