

G810 ORION SPECTRUM™

RGB Mechanical
Gaming Keyboard

GAMING KEYBOARD WITH RGB LIGHTING AND ROMER-G MECHANICAL KEYS.

Every aspect and technology is precisely engineered to bring Logitech G's industry-leading technology and quality of construction to the uniquely crafted form. Exclusive Romer-G™ mechanical switches deliver a switch actuation point 25% shorter than standard Cherry MX mechanical switches and are tested to last for over 70 million key presses. Logitech Gaming Software allows you to synchronise lighting effects with other Logitech G devices or customise each individual key light from a spectrum of over 16.8 million colours. Fully customise your keyboard for gaming with macros to F1-F12 keys.*

*Some settings require Logitech Gaming Software available for download at logitech.com/downloads.

WHAT'S IN THE BOX

- Gaming keyboard
- User documentation
- 2-year manufacturer's guarantee and full product support

FEATURES

- Pure performance-driven design
- Ultra-responsive Romer-G mechanical key switches
- Customisable RGB lighting
