

SEEKER

The Seeker sportpack is a hydration-compatible backpack that provides space for your personal gear, plus storage for Karma™, GoPro cameras and accessories. Built-in chest and shoulder mounts make it easy to attach your GoPro to the pack itself.

FEATURES

- Lightweight, weather-resistant design provides 16 litres of storage.
- Hydration-compatible with a compartment that fits a bladder up to 2 litres.¹
- Versatile main compartment for your personal gear, plus Karma™, GoPro mounts and accessories
- Built in, soft-lined compartment stores up to five GoPro cameras and multiple batteries and microSD cards, keeping them protected, organised and easily accessible.
- Integrated chest mount captures hands-free footage from your point of view.
- Adjustable shoulder mount keeps your GoPro within reach and always ready to capture the action.
- Specially designed over-the-shoulder system lets you use an extended 3-Way™ (sold separately) to capture over-the-shoulder shots during your adventure.
- Dimensions: 48 cm x 24 cm x 13 cm
