Issue 2 - 22/03/10

# ⚠ Safety and Care Advice

**Important –** Please read these instructions fully before starting assembly

- Check you have all the components and tools listed on page 2 and 3.
- Place the product on flat and steady surface during use.
- Keep this instructions for future use.
- Do not use this item if any components are missing or damaged.
- Dispose of all packaging carefully and responsibly.
- Do not stand or put excessive weight on the product.
- To ensure an easier assembly, we strongly advise that all fittings are only finger tightened during initial assembly. Only upon completion of the assembly should all fixing points be fully tightened.

## Solid wood / Real wood veneers

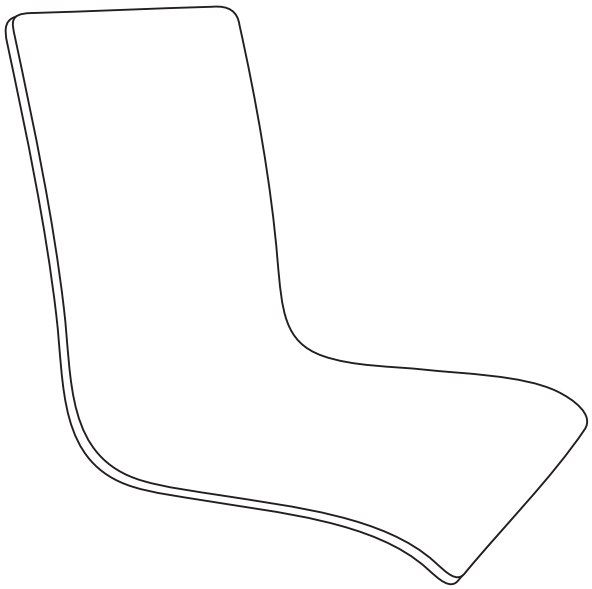

- This product has been finished using natrual materials. As a living material, you may notice some variation in the grain and colour shade between the different components.
- Unlike a synthetic or man-made material which has a uniform finish, a feature of natural wood is its variation in grain and colour. We wish to reassure you that this is quite normal and is not the result of any manufacturing fault.
- Where sheets of wood are joined together, a line may be detected. Again, this is normal and is not an imperfection.
- The natural finish should be cared for by the periodic application of a good quality ‘was’ based domestic furniture polish (Not silicone!!). Occasional / small spills should be removed immediately using a damp cloth.
- Do not allow hot articles to come into contact with the surface, as damage will occur!
- A classic characteristic of oak timber is medullary rays. These are natural rays or streaks usually seen across the grain. These rays have a different cellular structure and reflect light differently to the surrounding wood. These rays or streaks are a unique characteristic of natural oak and are there not a defeat.

## Care and maintenance

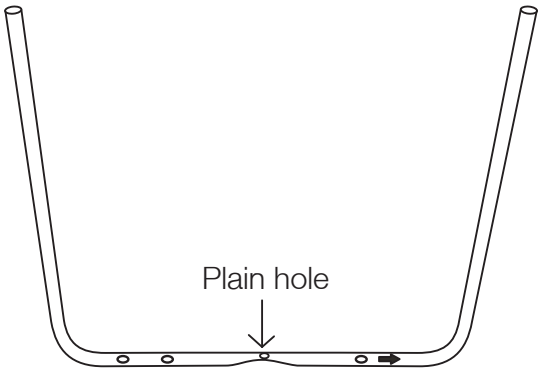

- Clean using a damp cloth or a proprietary domestic furniture polish. Do not use abrasive cleaners.
- This product should not be discarded with household waste. Take to your local authority waste disposal only.
- From time to time check that there are no loose screws on this unit.

# Components - Parts

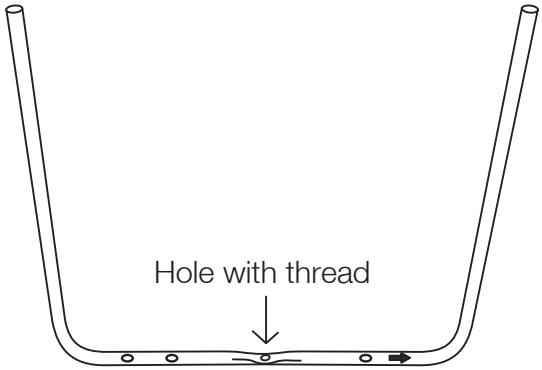

Please check you have all the panels listed below

1 Seat pad x 2 (41x43cm)

2 Leg x 2 (65x42cm)

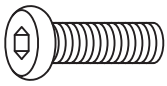

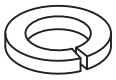

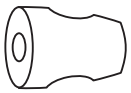

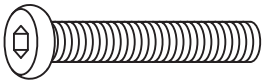

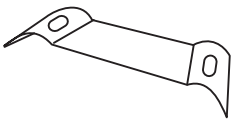

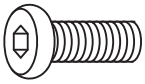

3 Leg x 2 (65x42cm)

# Components - Fittings

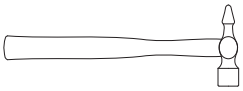

If you have damaged or missing components, call the **Customer Helpline: 08456 400800**

## Please check you have all the fittings listed below

***Note:*** The quantities below are the correct amount to complete the assembly. In some cases more fittings may be supplied than are required.

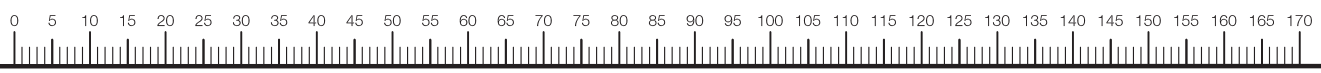

| | | |
|---|---|---|
| **A**  19mm Screw x 2 | **B**  Spring washer x 14 | **C**  Spacer x 8 |
| **D**  Plastic plug x 8 | **E**  32mm Screw x 8 | **F**  Allen key x 2 |
| **G**  Bracket x 2 | **H**  12mm Screw x 4 | |

## Tools required

Small hammer
(for fitting plastic plug)

## **Ruler** - Use this ruler to help correctly identify the screws

# Assembly Instructions

## Step 1

**Attaching leg frame**

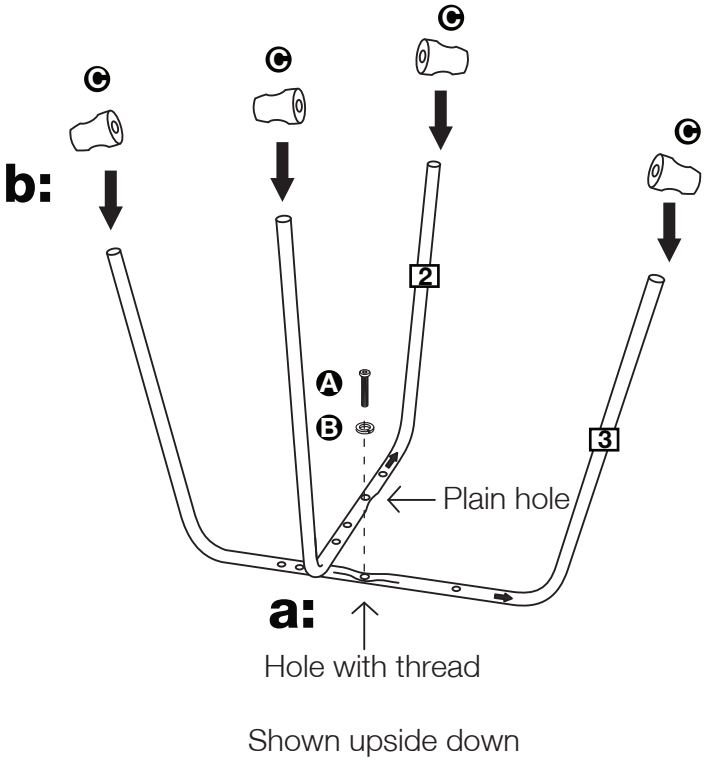

**a:** Assemble legs [2] and [3] together using fixings Ⓐ and Ⓑ .

***Note:*** Leg [2] has a plain hole. Leg [3] has a threaded hole.

Issue 1 - 15/3/2011

# Safety and Care Advice

## **Important** - Please read these instructions carefully before starting assembly

• Check you have all the components and tools listed on page 2.

• Remove all fittings from the plastic bags and separate them into their groups.

• Keep children and animals away from the work area, small parts could choke if swallowed.

• The maximum safe weight of user:110kgs.

• Make sure you have enough space to layout the parts before starting.

• Do not stand or put weight on the product, this could cause damage.

• Assemble the item as close to its final position (in the same room) as possible.

• Dispose of all packaging carefully and responsibly.

• We do not recommend the use of power drill/drivers ***for inserting screws***, as this could damage the unit. Only use hand screwdrivers.

• Assemble on a soft level surface to avoid damaging the unit or your floor.

## Care and maintenance

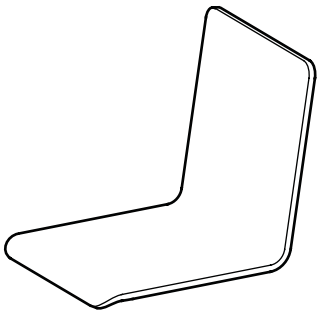

• Only clean using a damp cloth and mild detergent, do no use bleach or abrasive cleaners.

• This product should not be discarded with household waste. Take to your local authority waste disposal centre.
