Issue 4 -9/03/13

# Safety and Care Advice

## Important - Please read these instructions fully before starting assembly

• Check you have all the components and tools listed on page 2 and 3.

• Remove all fittings from the plastic bags and separate them into their groups.

• Keep children and animals away from the work area, small parts could choke if swallowed.

• Make sure you have enough space to layout the parts before starting.

• Do not stand or put weight on the product, this could cause damage.

• Assemble the item as close to its final position (in the same room) as possible.

• Assemble on a soft level surface to avoid damaging the unit or your floor.

• Parts of the assembly will be easier with 2 people.

• We do not recommended the use of power drill/drivers ***for inserting screws,*** as this could damage the unit. Only use hand screwdrivers.

• Dispose of all packaging carefully and responsibly.

• The maximum safe weight of user : 110 Kgs.

## Care and maintenance

• Only clean using a damp cloth and mild detergent, do no use bleach or abrasive cleaners.

• From time to time check that there are no loose screws on this unit.

• This produt should not be discarded with household waste. Take to your local authority waste disposal centre.

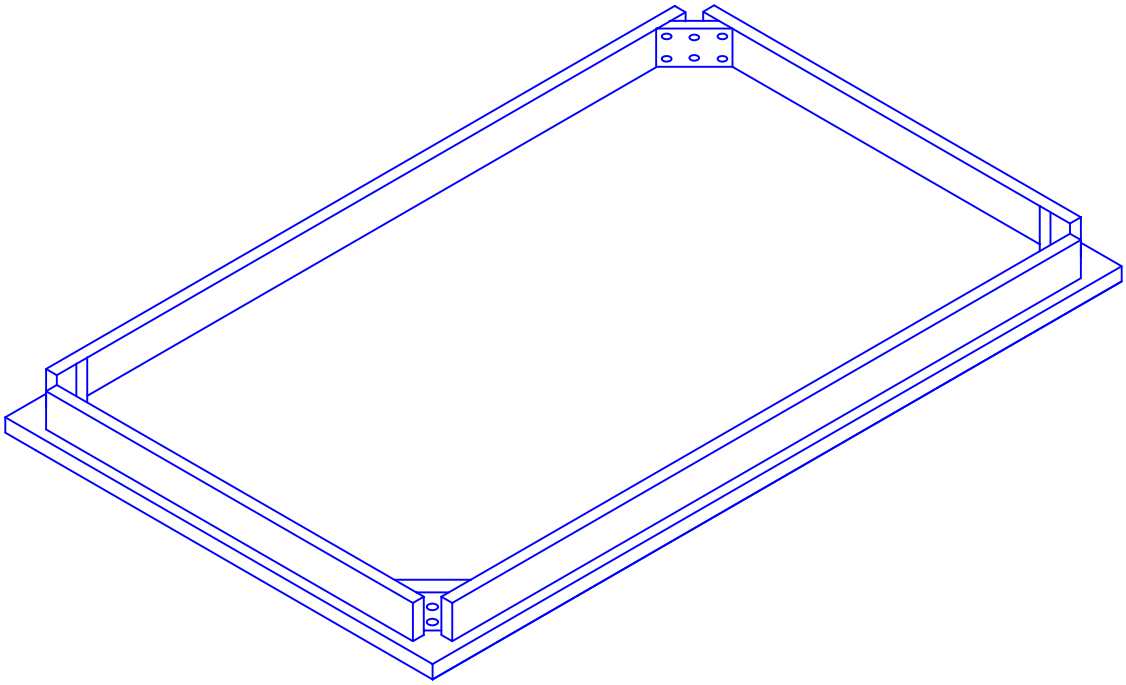

***Note:*** if required the next page can be cut out and used as reference throughout the assembly. Keep this page with these instructions for future reference.
