\* Register online for your 2 year guarantee. See the back of this instruction book for details (UK and Ireland customers only).

\*\* Applies to serrator blade only. See back of this instruction book for details.

\*\*\* Independently tested by CATRA using the International Standard Cutting Test System to ISO 8442.5 vs a standard plain edge blade.

## Health And Safety

The use of any electrical appliance requires the following common sense safety rules. Please read these instructions carefully before using the product.

- This appliance can be used by persons with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, if they have been given supervision or instruction concerning the use of the appliance in a safe way and understand the hazards involved.
- Children shall not play with the appliance.
- This appliance shall not be used by children.
- Keep the appliance and cord out of reach of children.
- Do not blend for longer than the time periods recommended in 'Usage' on page 9.
- Always disconnect from the supply if left unattended and before assembling, disassembling or cleaning.
- For care and cleaning refer to page 10.
- Avoid touching moving parts. Keep hands, hair and clothing, and utensils away from the attachment blades during operation, to prevent personal injury and/or damage to the appliance.
- If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.

In addition, we offer the following safety advice.

### Location

- Do not use outdoors or in a bathroom.
- Always locate your appliance away from the edge of the worktop.
- Do not place the bowl used with the appliance on a highly polished wooden surface as damage may occur to the surface.

### Mains cable

- Do not let the mains cable hang over the edge of the worktop where a child could reach it.
- Do not let the lead run across an open space e.g. between a low socket and a table.
- Do not let the cable run across a cooker or other hot area which might damage the cable.
- The mains cable should reach from the socket to the base unit without straining the connections.

### Personal safety

- Care shall be taken when handling the sharp cutting blades, emptying the bowl and during cleaning.

### Other safety considerations

- Do not use the appliance for anything other than its intended purpose.

### Product specific safety

- **WARNING:** The blender blades are very sharp. Handle with care when using and cleaning.
- Do not clean the attachments under running water while they are in position.
- **IMPORTANT:** Allow hot liquids to cool before adding to the blender, always ensure the lid is fitted correctly.
- Be careful whilst hot liquid is blending or poured onto the blender as it can be ejected due to sudden steaming.

### Electrical requirements

Check that the voltage on the rating plate of your appliance corresponds with your house electricity supply which must be A.C. (Alternating Current).

Should the fuse in the mains plug require changing, a 3 amp BS1362 fuse must be fitted.

## Introduction

Thank you for your recent purchase of this Morphy Richards Total Control Hand Blender Set.

Your Hand Blender Set comes with a number of attachments and a locking connection for safety. Please read the instructions for information on how to use each attachment thoroughly before use.

Remember to visit [www.morphyrichards.co.uk](http://www.morphyrichards.co.uk) to register your product's two year guarantee.

# TOTAL CONTROL

**Giving you the power to create with confidence.**

Introducing the Total Control Hand Blender – the simple way to bring confidence to your cooking.

The Total Control Hand Blender allows you to create delicious smoothies and shakes, blend soups and sauces with the confidence and reassurance that Smart Response Technology delivers.

Smart Response Technology allows you to have Total Control of the blending process with the simple squeeze of a button. The Smart Response Technology gently feeds power into the blender as you need it, so there are no sudden jerks or splatters, giving you complete confidence in the kitchen.

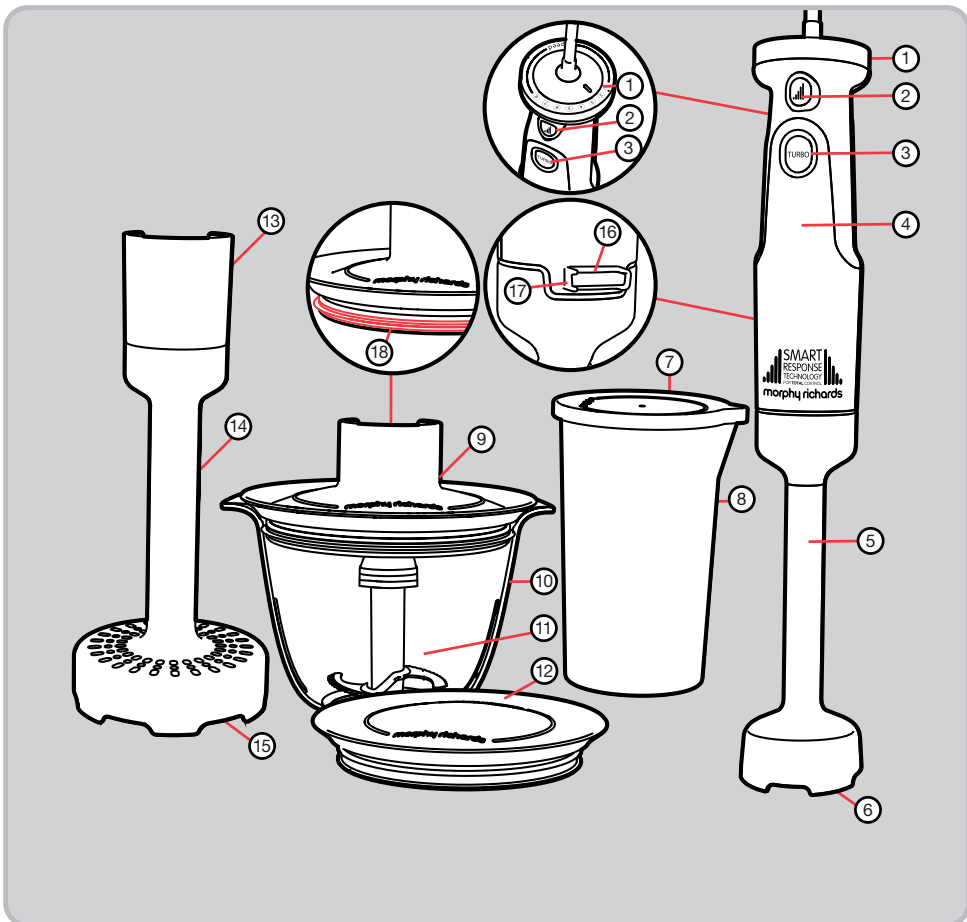

Choose the speed that best suits the job at hand using the simple twist motion Variable Speed Control, there are 8 to choose from. Even when using a higher speed you can feel assured that the Smart Response Technology feeds power in gradually building to your chosen speed for the job at hand.

When you have blended to your desired consistency simply release the button and the Total Control Hand Blender will steadily slow down and stop, ensuring no splashing and no suction.

Total Control Hand Blender, giving you the power to create with confidence.

## Product Overview

## Features

- |                                |                                |
|--------------------------------|--------------------------------|
| (1) Variable Speed Control     | (10) Chopping Bowl             |
| (2) Precise Control Trigger    | (11) Chopping Serrator Blade   |
| (3) Turbo Button               | (12) Chopping Bowl Lid         |
| (4) Main Unit                  | (13) Potato Masher Gearbox     |
| (5) Blending Leg               | (14) Potato Masher             |
| (6) Serrator Blade             | (15) Paddle                    |
| (7) Beaker Lid                 | (16) Attachment Release Button |
| (8) Beaker                     | (17) Heel Rest                 |
| (9) Chopping Bowl Blending Lid | (18) Safety Seal               |

## Before First Use

- **WARNING:** Carefully unpack your Total Control Hand Blender Set as the blades are very sharp.
- Wash all parts except the Main Unit (4), Blending Leg (5), Chopping Bowl Blending Lid (9) and Gearbox (13) in hot soapy water before use. Dry all parts thoroughly before use.
- Do not fully submerge the Blending Leg in water. Wash only the Serrator Blade head (6).
- Wipe the Chopping Bowl Blending Lid with a hot damp cloth to clean. Do not immerse in water.
- Do not immerse the Main Unit in water.

## Using Your Hand Blender

Attach the Main Unit (4) to the Blending Leg (5) and push to lock into place.

Select the speed on the Variable Speed Control (1). The Hand Blender will not start unless the Precise Control Trigger (2) or Turbo Button (3) is pressed.

Place the Blending Leg into the food to be blended. We recommend using the Beaker (8) for the best results.

Press the Precise Control Trigger to begin blending. The speed will increase the harder you press the button.

Release the Precise Control Trigger to stop. Allow the blades to slow and stop **BEFORE** removing the Hand Blender from the food.

Unplug the Main Unit from the mains. Press the Attachment Release Button (16) and remove the Blending Leg from the Main Unit for cleaning.

## Using Your Chopping bowl

**CAREFULLY** insert the Chopping Serrator Blade (11) into the Chopping Bowl (10).  
**WARNING:** Blades are sharp.

Place the food you wish to chop into the Chopping Bowl. Do not fill more than half full.

Ensure the Safety Seal (18) is in place and push the Chopping Bowl Blending Lid (9) onto the Chopping Bowl. Push to secure into place.

Attach the Main Unit (4) onto the Lid. The Main Unit will not lock onto the Chopping Bowl Blending Lid for safety reasons.

Select a high speed on the Variable Speed Control (1) and press and hold the Precise Control Trigger (2) to start. Do not open the Lid while in use.

Allow the Hand Blender to completely stop before detaching the Main Unit from the Chopping Bowl Blending Lid. Lift away to remove.

Remove the Chopping Bowl Blending Lid from the Chopping Bowl.

**CAREFULLY** remove the Chopping Serrator Blade before emptying the food from the bowl.

## Using Your Potato Masher

1 Prepare your potatoes as normal, drain, place in a saucepan or flat bottomed bowl (see page 9). Add any milk or butter as required.

2 Attach your Potato Masher Gearbox (13) and Potato Masher (14) onto the Main Unit.

3 Select speed 3 on the Variable Speed Control (1).

4 Press the Precise Control Trigger (2) to begin mashing. The speed will vary - the harder you press the trigger, the more the speed will increase.

5 Plunge the head of the Potato Masher (14) into the potatoes. Lift and repeat at a different place in the pan/bowl. Continue until all the potatoes are mashed to your liking.

6 Release the Precise Control Trigger to stop and remove the Potato Masher from your food. Unplug your Hand Blender from the mains. Press the Attachment Release Button (16) and remove the Masher. The Paddle (15) can be removed for ease of cleaning (see page 10).

## Suitable Foods

- The amounts listed below should be used as a guide. The Chopping Bowl (10) should not be filled more than half full.

Attachment	Food	Max Quantity	Speed	Time
Blending Leg	Soup or Sauce	-	• 4	• 40-60 seconds
Blending Leg*	Milkshake	• 450ml	• 4-5	• 20-30 seconds
Blending Leg*	Ice	• 3 cubes	• 8	• 5-15 seconds
Blending Leg*	Carrots with water	• 200g • 300ml	• 6	• 40-60 seconds
Potato Masher	Boiled Potatoes	• 1kg	• 3	• 20-30 seconds
Chopping Bowl	Onion	• 200g	• 7	• 5-10 seconds
Chopping Bowl	Carrot	• 200g	• 7	• 5-15 seconds
Chopping Bowl	Herbs	• 50g	• 7	• 5-15 seconds
Chopping Bowl	Raw Beef	• 100g	• 8	• 25-30 seconds
Chopping Bowl	Nuts	• 100g	• 8	• 15-20 seconds

\*When using the Beaker supplied

## Usage

- WARNING:** Your Total Control Hand Blender Set is designed for intermittent use. Do not use continuously for more than 90 seconds. Allow to cool down for a minimum of 5 minutes before further use.

## Attachments

### Blending Leg (5)

- The Blending Leg is designed for pureeing foods such as soups, sauces, milkshakes, smoothies, baby food or crushing ice.
- The Blending Leg is not suitable for grinding hard items such as coffee beans.

### Chopping Bowl (10)

- The Chopping Bowl is suitable for chopping nuts, vegetables, meat, herbs, boiled eggs and dried bread. The chopping bowl should be used on higher speeds for optimal performance.

### Potato Masher (14)

- The Potato Masher is only suitable for mashing potatoes or similar. You can add milk, butter, oil or seasoning to the potatoes prior to mashing to combine with the potatoes.

The Potato Masher is not suitable for raw potatoes or any other vegetables or foods.

Do not use in a hot pan direct from the stove top. Transfer the potatoes into a cooler pan or flat bottom bowl if required.

### Lids (7), (12)

- If you have any leftovers, use the Bowl and Beaker with the supplied Lids to store food safely.
- WARNING:** No attachments are suitable for use in a freezer, microwave, oven or dishwasher.

## Turbo Button

- Your Hand Blender has 8 different speeds utilising Total Control technology, as well as a Turbo Button (3). Press the Turbo Button to run your Hand Blender at high speed for intermittent bursts.
- Note: The Chopping Bowl (10) attachment works best with the Variable Speed Control (1) set to a high speed setting or when using the Turbo Button (3).

## Blending In A Saucepan

- Do not use a non stick pan. The Blending Leg may damage the non stick coating.**
- Remove the saucepan from the heat.
  - To avoid excessive splashing, place the Blending Leg (5) into the food before switching your Hand Blender on.
  - Hold the pan steady with your other hand and lightly press the Precise Control Trigger (2). Start slowly, and increase the speed as needed using the Precise Control Trigger.
  - Move the Blades (6) through the food using an up and down motion.
  - Allow the Blades to stop moving before removing from the pan.

- **WARNING:** Lifting the Serrator Blade out of the food while running, or using a high speed setting in a small pan could splash hot liquid. Extra care should be taken when using the Hand Blender in this manner.
- Do not insert the Hand Blender into the food past the join between the Main Unit (4) and the Blending Leg (5).
- Ensure the power cable does not touch any hot surfaces (including the side of the pan).

## Hints & Tips

- When blending foods with strong colour (eg. carrots), the plastic parts of the appliance may become discoloured. Wipe with cooking oil to clean any discoloured parts. Wash thoroughly in hot soapy water before re-using.
- When blending using the Blending Leg (5), start the process by inserting the Blending Leg into the ingredients. This will ensure all the ingredients are pulled into the blade to be processed. Gently rotate the Blending Leg, lifting it up and down in the ingredients. Continue this movement until the mixture is of the desired consistency. Do not remove from the liquid while the blades are in motion.
- Do not lift the Blending Leg out of the mixture completely when running, as splashing may occur.
- While using the Chopping Bowl (10) you may need to scrape the sides of the bowl down using a silicone spatula partway through blending.

## Care and Cleaning

- **WARNING:** Always unplug the appliance from the mains socket before cleaning and maintenance.
- **WARNING:** Handle the blades with care as they are sharp.
- Wash all parts except the Main Unit (4), Blending Leg (5), Chopping Bowl Blending Lid (9) and Gearbox (13) in hot soapy water before use. Dry all parts thoroughly before use.
- Do not fully submerge the Blending Leg in water. Wash only the Serrator Blade head (6).
- Wipe the Chopping Bowl Blending Lid with a hot damp cloth to clean. Do not immerse in water.
- Clean the Main Unit with a damp cloth and dry all the parts thoroughly.
- **WARNING:** Never immerse the Main Unit in water or any other liquid.

## Paddle (15)

- For ease of cleaning the Paddle in the Potato Masher Attachment (14) can be removed.

- To remove, unplug the Main Unit (4) from the power supply. Do not disconnect the Potato Masher from the Main Unit.
- Hold the Main Unit in your hand. Grip the Paddle and twist clockwise. The Paddle will 'click' and remove from the head of the Potato Masher for cleaning.
- To replace, fit the Paddle and twist anti-clockwise until it clicks into place.

## Chopping Bowl Safety Seal (18)

The Chopping Bowl Blending Lid (9) and Chopping Bowl Lid (12) both feature a rubber Safety Seal. This is to prevent leakage from your Chopping Bowl (10) when in use and during storage.

- Always ensure the Safety Seal is in place before use. Failure to do so could cause damage to the appliance.
- The Safety Seal only needs to be removed for cleaning (if required). After cleaning ensure the seal is reattached as directed before using your Total Control Hand Blender Set.

- When reattaching the Safety Seal, ensure that it is pressed tightly into the first channel in the Lids (see diagram). The 'lip' on the Safety Seal should be pointed outwards, and not twisted within the channel. Ensure the Safety Seal is correctly located before use.

## Recipes

We have developed delicious recipes for you to try with your new Total Control Hand Blender Set. From smoothies to pesto there is something to suit every taste.

The recipes provided give you only a few suggestions of what you can make with your Hand Blender and its attachments. When you are used to working with your Hand Blender you will be able to easily adapt recipes for use from your favourite cookbooks.

## Strawberry Banana Smoothie

### Ingredients:

- 1 ripe banana (approx 90g) peeled, cut into chunks
- 65g strawberries washed, dried, hulled
- 2 ice cubes
- 135ml apple juice
- 200g low fat vanilla yogurt

### Method:

- 1 Add all the ingredients to the Beaker in the order listed.
- 2 Fit the Blending Leg to the Main Unit and select speed 4 on the Speed Control.
- 3 Place the Blending Leg into the bottom of the beaker and gently press the Precise Control Trigger. Move the Hand Blender up and down in the Beaker for 20-30 seconds, until the smoothie is blended.

---

## Raspberry Milkshake

### Ingredients:

- 80g fresh raspberries
- 100g vanilla ice cream
- 200ml semi skimmed milk

### Method:

- 1 Add all the ingredients to the Beaker in the order listed.
- 2 Fit the Blending Leg to the Main Unit and select speed 4 on the Variable Speed Control.
- 3 Place the Blending Leg into the bottom of the beaker and gently press the Precise Control Trigger. Move the Hand Blender up and down in the Beaker for 20-30 seconds, until the milkshake is blended.

## Leek & Potato Soup

Serves: 4

### Ingredients:

- 25g butter or margarine
- 2 medium leeks (285g), sliced
- 1 small onion (100g), finely chopped
- 500g potatoes, thinly sliced
- 1.1 litres vegetable stock
- 1 tsp mixed herbs
- 1 tsp salt
- Black pepper
- Chives to garnish
- Crusty bread to serve

### Method:

- 1 Melt the butter in a large saucepan (do not use non-stick), and add the leeks and onion. Gently fry without browning for 10 minutes, stirring occasionally.
- 2 Add the potatoes, stock, herbs and seasoning, bring to the boil. Cover and simmer gently for 30 minutes or until tender.
- 3 Allow to cool slightly then fit the Blending Leg to the Main Unit. Turn the Variable Speed Control to 4.
- 4 Place the Blending Leg into the pan and using the Precise Control Trigger, blend the soup until smooth, approximately 50 – 60 seconds. This can be done in the pan as long as the pan does not have a non stick coating.
- 5 Check the seasoning and garnish with a few snipped chives and serve with crusty bread.

## Matriciana Sauce (For Pasta)

Serves: 4

### Ingredients:

- 1 onion (130g) finely chopped
- 1 garlic clove, crushed
- ½ green chilli, de-seeded and finely chopped
- 1½ tbsp extra virgin olive oil
- 100g bacon, rind removed and chopped
- 400g can plum tomatoes
- 100ml (120g) passata
- 2 tbsp white wine
- Salt and freshly ground black pepper
- Fresh boiled pasta to serve
- Parmesan cheese to serve

### Method:

- 1 Place the oil in a large saucepan (do not use non-stick), and heat for a few minutes.
- 2 Gently fry the onion, garlic and chilli for 2- 3 minutes without browning, stirring occasionally with a wooden spoon.
- 3 Add the chopped bacon to the pan and fry for a further minute. Place the lid on the pan and cook over a medium heat for 5 minutes.
- 4 Add the plum tomatoes, passata and wine, season with a little salt and pepper to taste.
- 5 Place the lid on the pan and simmer gently for 25 minutes, or until the onions are tender.
- 6 Ten minutes before the sauce is ready, cook the pasta according to the pack instructions.
- 7 Use the Blending Leg at speed 4 on the Variable Speed Control to make a smooth sauce. This can be done in the pan as long as the pan does not have a non stick coating. Start the hand blender using the Precise Control Trigger, gently moving it across the pan until the desired consistency is achieved. For a smooth sauce, this should take about a minute.
- 8 Drain the pasta then stir the sauce through it. Heat through if necessary then serve immediately with Parmesan cheese.

## Vegetable Sauce (For Pasta)

Serves: 4

### Ingredients:

- 2 tbsp olive oil
- 1 onion (130g), chopped
- 2 carrots (160g), diced, small
- 2 celery sticks (80g), finely chopped
- 1 garlic clove, crushed
- 1 leek (120g), chopped
- 1 yellow pepper, diced
- 1 red pepper, diced
- 2x 400g cans chopped tomatoes
- ½ tbsp balsamic vinegar
- ½ tbsp caster sugar
- 2 tsp oregano
- 1 tsp mixed herbs
- Salt and pepper
- Fresh boiled pasta to serve
- Parmesan cheese to serve

### Method:

- 1 Heat the oil in a large saucepan (do not use non-stick) and gently cook the onion, carrot, celery, garlic and leek for 5 minutes without browning. Stir occasionally.
- 2 Place the lid on the pan and cook for 20 minutes, stirring occasionally. Add the chopped peppers and cook gently for a further 10 minutes with the lid on.
- 3 Add the tomatoes, herbs, sugar and vinegar to the pan. Season with salt and pepper and simmer with the lid on for 45 minutes, or until the carrot and celery are softened.
- 4 Cook the pasta according to the pack instructions.
- 5 Use the Blending Leg at speed 4 on the Variable Speed Control to make a smooth sauce. This can be done in the pan as long as the pan does not have a non stick coating. Start the hand blender using the Precise Control Trigger, gently moving it across the pan until the desired consistency is achieved. For a smooth sauce, this should take about a minute.
- 6 Drain the pasta then stir the sauce through it. Heat through if necessary then serve immediately with Parmesan cheese.

## Tomato Salsa

### Ingredients:

250ml 350ml

- ½-1 ½-1 red chilli, halved with a few seeds
- 150g 225g ripe cherry tomatoes, halved
- 1 1½ limes, juiced
- 20g 30g fresh coriander, roughly cut to fit inside the Bowl
- Pinch Pinch Sea salt
- Pinch Pinch Fresh ground pepper

### Method:

- 1 Fit the blade into the Chopping Bowl.
  - 2 Put all ingredients into the bowl in the order listed left.
  - 3 Attach the Chopping Bowl Blending Lid and Main Unit. Blend using the Precise Control Trigger on speed 7 for 10 seconds. Scrape down the bowl with a spatula if necessary then blend again for a further 5-10 seconds.
  - 4 Pour into a serving bowl and allow to stand for an hour or so before serving. This allows flavour to develop and froth to subside.  
Serve with tortilla chips.
- Note: It is possible to make a 350ml quantity in the bowl if desired.

## Pesto

### Ingredients:

- 50g pine nuts
- ½ garlic clove
- 25g Parmesan, grated
- 30g fresh basil, leaves only
- 50ml extra virgin olive oil
- Juice of half a lemon
- Salt and fresh ground pepper

### Method:

- 1 Fit the blade into the Chopping Bowl.
- 2 Put all ingredients into the bowl in the order listed.
- 3 Attach the Chopping Bowl Blending Lid and Main Unit. Blend using the Precise Control Trigger on speed 7 for 15 seconds. Scrape down the bowl with a spatula if necessary then blend again for a further 15-30 seconds.

Note: The consistency of the pesto may be thinned by adding a little lemon juice and olive oil, according to taste.

Serve as an accompaniment to spaghetti bolognese, or stirred through mashed potatoes.

Note: To store fresh pesto place in an airtight container and cover the surface with a little olive oil before refrigerating.

## Guacamole

### Ingredients:

- 75g cherry tomatoes
- ½ fresh red chilli, de seeded
- 65g fresh coriander with stalks
- 1 ripe avocado, halved, stoned and skin removed
- Juice of ½ - 1 lime (according to taste)
- Salt and pepper to taste

### Method:

- 1 Fit the Blade into the Chopping Bowl.
- 2 Cut each avocado half into two.
- 3 Put all the ingredients into the bowl in the order listed. Fit the Chopping Bowl Blending Lid and Main Unit.
- 4 Blend using the Precise Control Trigger on speed 7 for 15 seconds. Scrape down the sides of the bowl with a spatula then blend again for a further 15 seconds until smooth.
- 5 Adjust seasoning to taste.

## Mashed Potatoes

Serves: 4

### Ingredients:

- 1kg Maris Piper or Desiree potatoes, peeled
- 1 tsp salt
- 30ml – 125ml milk according to recipe

### Method:

- 1 Cut the peeled potatoes into even sized pieces, rinse in fresh cold water and drain.
- 2 Place in a large pan and cover with cold water. Add the salt and cover with the lid.
- 3 Bring to the boil and cook for 20-25 minutes until softened. Drain and then cover the pan with a clean tea towel for 5 minutes.
- 4 Add the milk, according to personal taste, use 2 tbsp milk for a firm mash, or up to 125ml milk for a softer, creamier mash.
- 5 Attach the Potato Masher to the Main Unit, mash the potatoes using the Precise Control Trigger on speed 3 for approximately 25 seconds.

## Pesto Mashed Potatoes

Serves: 4

### Ingredients:

- 1kg Maris Piper or Desiree potatoes, peeled
- 1 tsp salt
- 125ml milk
- 2 tbsp fresh pesto

### Method:

- 1 Cut the peeled potatoes into even sized pieces, rinse in fresh cold water and drain.
- 2 Place in a large pan and cover with cold water. Add the salt and cover with the lid.
- 3 Bring to the boil and cook for 20-25 minutes until softened. Drain and then cover the pan with a clean tea towel for 5 minutes.
- 4 Add the milk to the pan, attach the Potato Masher to the Main Unit and mash the potatoes using the Precise Control Trigger on speed 3 for approximately 25 seconds
- 5 Turning the potato over gently with a spatula, add two tablespoons of fresh pesto, carefully folding in to give the potatoes a marbled appearance. (The pesto may be thinned with a tbsp each of lemon juice and olive oil to make it easier to work with).

## Olive Mashed Potatoes

Serves: 4

### Ingredients:

- 1kg Maris Piper or Desiree potatoes, peeled
- 1 tsp salt
- Black pepper
- 4 tbsp olive oil
- 100g pitted black olives in brine, drained well and patted dry with kitchen paper

### Method:

- 1 Cut the peeled potatoes into even sized pieces, rinse in fresh cold water and drain.
- 2 Place in a large pan and cover with cold water. Add the salt and cover with the lid.
- 3 Bring to the boil and cook for 20-25 minutes until softened. Drain and then cover the pan with a clean tea towel for 5 minutes.
- 4 While boiling, place the Chopping Blade into the Chopping Bowl. Add the olives and attach the Lid and Main Unit. Pulse the olives using the Precise Control Trigger on speed 8 in 2-3 short pulses until the olives are roughly chopped. This should take 5-6 seconds.
- 5 Add the oil and black pepper to the pan. Attach the Potato Masher to the Main Unit, mash the potatoes using the Precise Control Trigger on speed 3 for approximately 25 seconds.
- 6 Very lightly fold in the chopped olives, so the mash doesn't take on any colour.

## Contact Us

### Helpline

If you are having a problem with your appliance, please call our Helpline, as we are more likely to be able to help than the store you purchased the item from.

Please have the product name, model number and serial number to hand when you call to help us deal with your enquiry quicker.

## Lifetime Blade Guarantee

The 'Serrator Blade' is warranted to be free from defects in materials and workmanship for life. This warranty covers the original purchaser only and is not assignable or transferable to any other party. This warranty is available to consumers who use the 'Serrator Blades' for non-commercial household purposes. This warranty does not cover any damage caused by accident, misuse or any use other than as described in your owner's manual, or damage resulting from failure to maintain and clean this product as specified in your owner's manual.

## Registering Your 2 Year Guarantee

Your standard one year product guarantee is extended for an additional 12 months when you register the product within 28 days of purchase with Morphy Richards. If you do not register the product with Morphy Richards within 28 days, your product is guaranteed for 1 year. To validate your 2 year guarantee register with us online at [www.morphyrichards.co.uk](http://www.morphyrichards.co.uk)

Or call our customer registration line

UK 0344 871 0242

IRE 1800 409 119

N.B. Each qualifying product needs to be registered with Morphy Richards individually.

Please note that the 2 year guarantee is only available in the UK and Ireland. Please refer to the one year guarantee for more information.

## Your 1 Year Guarantee

It is important to retain the retailer's receipt as proof of purchase. Staple your receipt to this back cover for future reference.

Please quote the following information if the product develops a fault. These numbers can be found on the base of the product.

Model no.

Serial no.

All Morphy Richards products are individually tested before leaving the factory. In the unlikely event of any appliance proving to be faulty within 28 days of purchase, it should be returned to the place of purchase for it to be replaced.

If the fault develops after 28 days and within 12 months of original purchase, you should contact the Helpline number quoting Model number and Serial number on the product, or write to Morphy Richards at the address shown.

You may be asked to return a copy of proof of purchase.

Subject to the exclusions set out below (see Exclusions), the faulty appliance will then be repaired or replaced as appropriate and dispatched usually within 7 working days of receipt.

If, for any reason, this item is replaced or repaired during the 1 year guarantee period, the guarantee on the new item will be calculated from original purchase date.

Therefore it is vital to retain your original till receipt or invoice to indicate the date of initial purchase.

To qualify for the 1 year guarantee, the appliance must have been used according to the instructions supplied. For example, crumb trays should have been emptied regularly.

## Exclusions

Morphy Richards shall not be liable to replace or repair the goods under the terms of either the Lifetime Blade Guarantee or the 1 or 2 Year Guarantee where:

- 1 The fault has been caused or is attributable to accidental use, misuse, negligent use or used contrary to the manufacturer's recommendations or where the fault has been caused by power surges or damage caused in transit.
  - 2 The appliance has been used on a voltage supply other than that stamped on the products.
  - 3 Repairs have been attempted by persons other than our service staff (or authorised dealer).
  - 4 The appliance has been used for hire purposes or non domestic use.
  - 5 The appliance is second hand.
  - 6 Morphy Richards reserves the right not to carry out any type of servicing under the guarantee at its discretion
  - 7 Batteries and damage from leakage are not covered by the guarantee.
- These guarantees do not confer any rights other than those expressly set out above and do not cover any claims for consequential loss or damage. These guarantees are offered as an additional benefit and do not affect your statutory rights as a consumer. Morphy Richards products are intended for household use only. See usage limitations within the location safety instructions.

## Disclaimer

Morphy Richards has a policy of continuous improvement in product quality and design. The company, therefore reserves the right to change the specification of it's models at any time.

For electrical products sold within the European Community. At the end of the electrical products useful life, it should not be disposed of with household waste.

Please recycle where facilities exist. Check with your Local Authority or retailer for recycling advice in your country
