- A**  25mm Screw (F50)
6 screws for Tall Décor End / 4 screws for Wall/Base Décor End

Tools required

Cross-head screwdriver

Assembly Instructions

Step 1

Note: You may fit your décor end panel to either side of your unit. Please wait until your units are assembled and in place before fitting your décor end panels.

Line your décor end panel up with the side of your unit.

Ensure the top and rear of your décor end panel are flush with the unit.

Hold the décor end panel securely in place while you attach it using screws **A** through any of the unused holes in your units side panel.

Note: If you have a tall décor end panel you will have 6 screws **A to fit, if you have a wall or base décor end panel you will have 4 screws **A**.**
