Rev C - 05/05/15

Safety and Care Advice

Important - Please read these instructions fully before starting assembly

• Check you have all the components and tools listed on pages 2 and 3.

• Remove all fittings from the plastic bags and seperate them into their groups.

• Keep children and animals away from the work area, small parts could choke if swallowed.

• Make sure you have enough space to layout the parts before starting.

• Do not stand or put weight on the product, this could cause damage.

• Assemble the item as close to its final position (in the same room) as possible.

• Assemble on a soft level surface to avoid damaging the unit or your floor.

• Parts of the assembly will be easier with 2 people.

• We do not recommend the use of power drill/drivers ***for inserting screws,*** as this could damage the unit. Only use hand screwdrivers.

• **Do Not dispose of packaging until assembly complete.**

• Dispose of all packaging carefully and responsibly when assembly complete.

Care and maintenance

• To protect the furniture, position the furniture out of direct sunlight and away from direct heat sources such as radiators and fires.

• Do not place the furniture in excessively dry and humid conditions.

• From time to time check that there are no loose screws on this unit.

• Always lift furniture when moving it (do not drag) otherwise the joints may be damaged.

• Do not place hot or cold objects on the surface, always use protective mats to avoid marking the furnture.

• This product should not be discarded with household waste. Take to your local authority waste disposal centre.

• Clean spills up immediately

• Dust surfaces with a soft, dry, lint free cloth.

• More stubborn marks can be removed using a damp (not wet) cloth. Wipe the surface dry immediately using a soft lint free cloth.

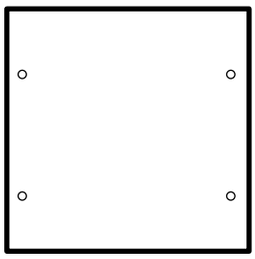

• Do not use detergants, abrasive cleaning products or cleaning products that contain ammonia, solvents or silicone as these may damage the surface finish.

Components - Panels

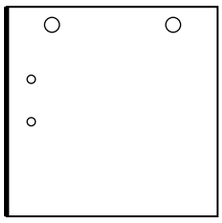

Please check you have all the panels listed below

Important - Thick lines ——— indicate finished edges

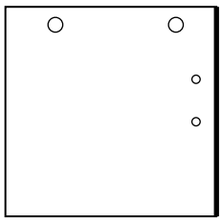

Larger Nest

8792 Top (42.2x35cm)

8794 Right End (32.2x34.4cm)

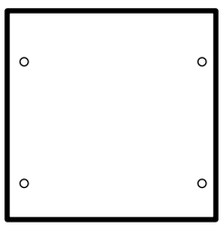

8793 Left End (32.2 x 34.4cm)

Fittings you will need for this step:

Assembly Instructions

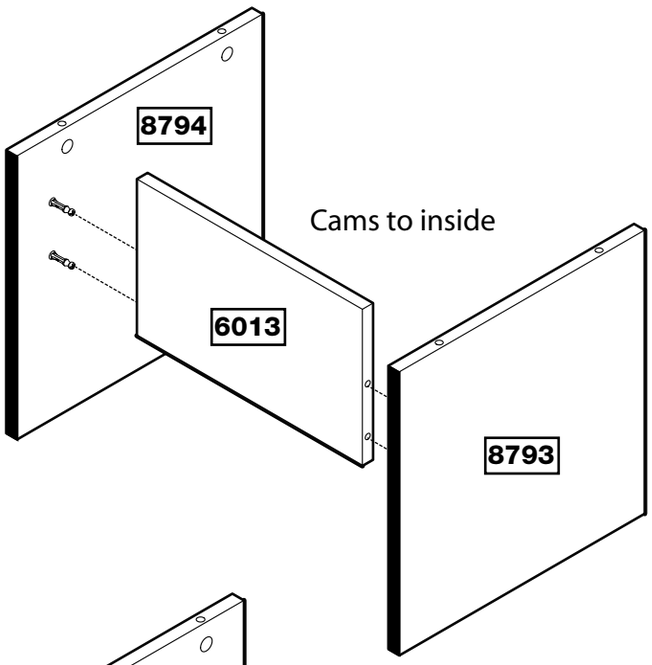

Step 4

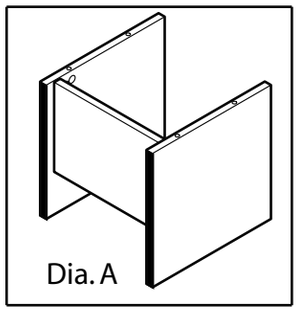

Attach end panels to the back rails.
Insert dowels in the end panels into the cams (already inserted) in the back rails.

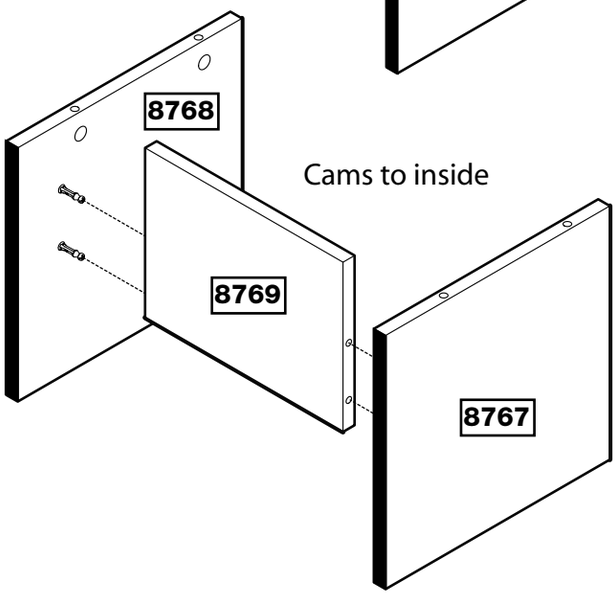

Turn cam 180 degrees to lock

Please ensure that tops of back rails are level with tops of end panels (see dia. A).

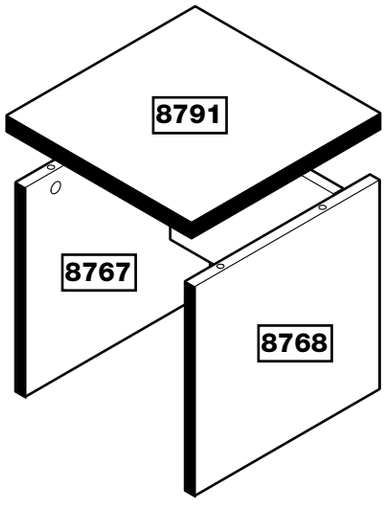

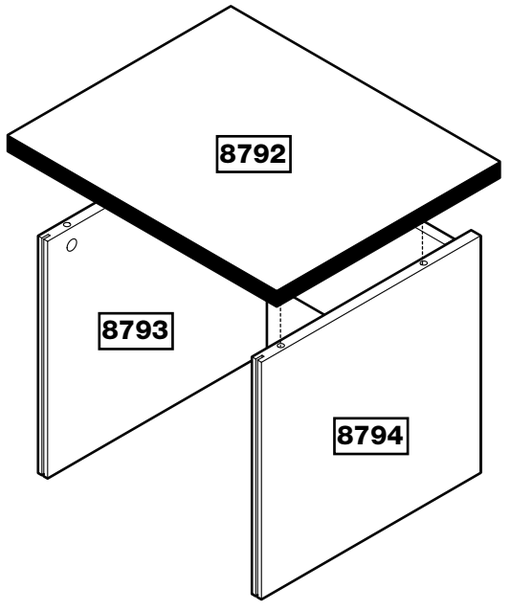

Step 5

Attach tops to end panels.
Insert dowels in the Top panels into the cams (already inserted) in the End Panels.

Please ensure that back of tops are level with back of end panels.

Turn cam 180 degrees to lock.

Assembly Instructions

Step 6

Attach trim

lay unit on its back.

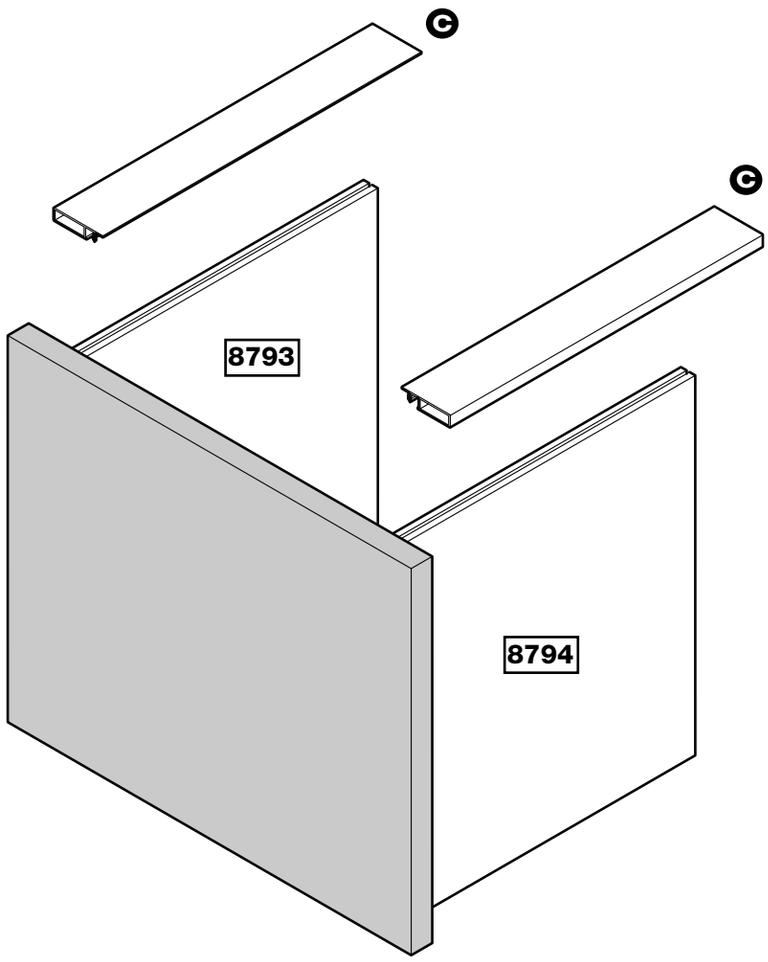

Locate the notch on the trim into the grooves in the end panels.

Ensure the trims are positioned correctly.

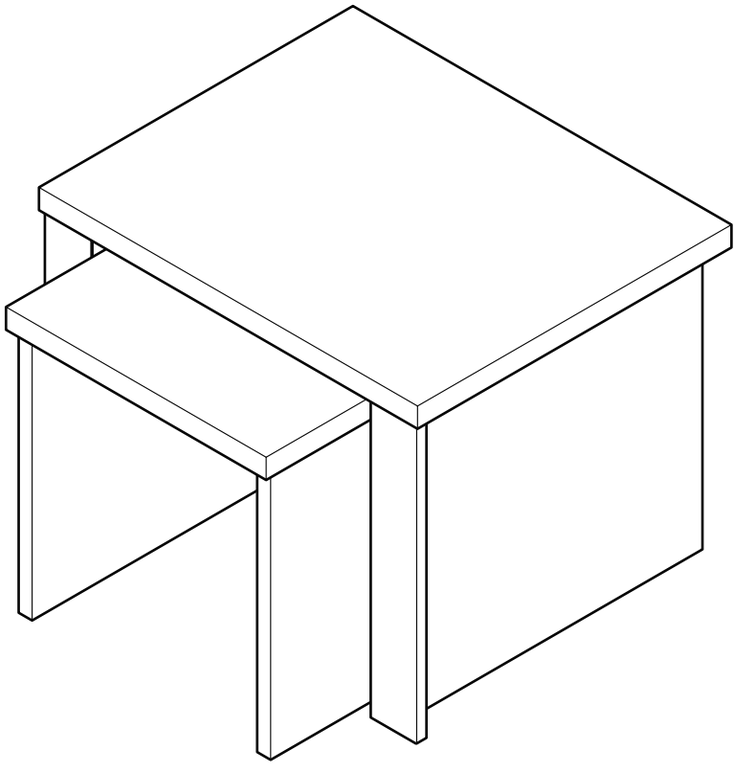

To insert trims use a hammer, place a cardboard packing piece between the hammer and trims to protect the trims.

Ensure that the trims are inserted fully.

Peel off protective film from each Trim.

Congratulations! Your unit is complete.
